

FIVE SLAIN IN RIOT

Trooper, Deputy and Three Foreigners Are Victims.

SCORE OF PERSONS WOUNDED

Deadly Result of Wild Riot at Pressed Steel Car Plant Near Pittsburg. Mounted State Troopers Gallop Through Streets, Cracking Heads of All Loiterers in Vicinity of Mill. Women Take a Hand in Rioting.

Pittsburg, Aug. 23.—One state trooper, one deputy sheriff and three foreigners were shot and killed last night in a wild riot at the Pressed Steel Car plant in Schoenville, whose employees are now on strike. At least a score of persons were wounded, ten seriously. The rioting followed a day of quiet and broke out without warning. The following partial list of dead and injured was made up from reports from the morgue, hospitals and several physicians' offices.

Dead: John L. Williams, state trooper; Harry Exler, deputy sheriff; three foreigners.

Fatally injured: John S. Smith, trooper; L. C. Jones, state trooper; seven foreigners.

George Kitch and John O'Donnell, state troopers, were seriously injured and one woman was shot in the neck. Over a score of persons received more or less serious injuries. While the riot lasted, mounted state troopers galloped indiscriminately through the streets with riot maces drawn, cracking the heads of all persons loitering in the vicinity of the mill. Deputy sheriffs and troopers broke in the doors of houses suspected of being the retreat of the strikers and wholesale arrests were made. Scores of persons were arrested and placed in boxcar jails in the mill yards.

During the early stages of the rioting women were conspicuous. Some of them were armed and others effectively used clubs and stones. These women, all foreigners, insane with rage, were mainly responsible for inciting the men to extreme measures.

NATIONAL MUSEUM READY

Will Be Future Home of Roosevelt Trophies of Hunt.

Washington, Aug. 23.—The largest and most ornate exposition building in the United States has been completed just in time to receive the unique trophies of the hunt gathered by ex-President Roosevelt in Africa and now about to be unpacked in this city. This building of granite, with floor space of approximately nine and one-half acres, and costing \$3,500,000, has been erected by congress for the National museum and is being put in order for the proper exhibition of various objects that have been collected, chief among which are the Roosevelt trophies.

While no definite arrangement has been made, it is likely that rooms on the first floor will be the future home of the Roosevelt specimens. Considerable time will be required to prepare these skins, which are packed in brine, in metal casks.

As soon as the eighty-two pelts gathered by Mr. Roosevelt are taken from the casks, they will be tanned, as the best process for their preservation "for all time."

NO FEAR OF REVOLUTION

Mexican Officials Deny Rumors of Possible Uprising.

Washington, Aug. 23.—"There has never been any fear of a revolution in Mexico," declares Senor Mariscal, the Mexican minister of foreign affairs, in a dispatch received at the Mexican embassy. The Mexican ambassador, Senor de la Barra, as he handed the dispatch to an Associated Press representative, said that he felt that it ought to dispose of the rumors which have been current of late indicating the probability of an uprising in Mexico as a result of the approaching presidential campaign. The ambassador declared that the whole country will firmly sustain the candidacy of Diaz for the presidency for the next electoral term and that the patriotism of the people was such that they would brook no interruption to the era of progress on which Mexico had entered.

DOG CAUSES BLOODY FIGHT

One Man Killed and Four Others Wounded as Result.

Charlotte, N. C., Aug. 23.—Reese Huck, a prominent farmer, was shot to death and four others were probably fatally wounded in a feud fight growing out of a controversy over a hog at Huntersville, near here.

Indians Burn Alleged Witch,

El Paso, Tex., Aug. 23.—Believing a witch brought on the smallpox epidemic that caused the death of many of their children, the Indians of Huejotzingo, near Puebla, Mex., it was learned, burned to death an aged woman, Juane Ramirez. They barricaded all the exits of her hut, set fire to it and watched her perish in the flames. The woman was very old and was regarded by both Mexicans and Indians as a witch.

Plan Bull Fight for Taft.

Juarez, Mex., Aug. 21.—The city authorities here voted to appropriate \$20,000 to entertain Presidents Diaz and Taft when they meet Oct. 16. A bull fight will be held.

CHARLIE TAFT GETS DUCKING

Dory Upsets and Boat From Yacht Sylph Rescues President's Son, Salem, Mass., Aug. 21.—Charlie Taft, the president's son, and an engineer from the president's yacht

COPYRIGHT BY BROWN BROS. N. Y.

CHARLIE TAFT.

Sylph were upset in the lad's dory off Salem and received a ducking. They clung to the overturned craft until a boat from the Sylph put out to them. The Taft dory is a non-sinkable craft.

TAFT CONSULTS ADVISORS

President Holds Another Conference With Cabinet Members.

Beverly, Mass., Aug. 23.—The cares of state weighed too heavily on President Taft to permit more than an hour's absence from the summer White House, and it was not until the sun was setting that business gave way to pleasure and the big motor car whirled the president away from a cabinet meeting for a drive along the Essex county shore with Mrs. Taft. During the forenoon a long list of pardon cases were considered, while in the afternoon Secretary of the Treasury MacVeagh and Attorney General Wickersham and Secretary of the Navy Meyer discussed for an hour or more the personnel of the new tariff board, changes in the interstate commerce and anti-trust acts, and some economic measures which have been instituted in the navy department.

The makeup of the new tariff board was discussed in detail and a list of forty or more names for the three places were examined. The cabinet passed long over the name of James B. Reynolds, assistant secretary of the treasury, before hastening to the others, and it is thought probable that the Massachusetts tariff rate expert may be further considered.

FIVE KILLED IN AUTO RACES

Three Slain in Second Accident at Indianapolis Meet.

Indianapolis, Aug. 23.—Three persons were killed and three injured by racing automobiles at the motor speedway. This makes a total of five lives sacrificed to the high speed mania since the opening of the tournament which dedicated the new race course recently constructed at a cost of \$400,000 and supposed to have been accident proof.

Two of the persons killed and one of the injured were spectators. The other person killed was a mechanic in the race. The spectators were run down when the National car in the 300-mile race left the track, plunged through a fence and into a crowd gathered near the speedway side.

Fifteen minutes after this fatality another car skidded near the same spot, hit a portion of the bridge, and the driver was injured. Following this, Referee Stevens stopped the race, which was for the Wheeler and Schebler \$10,000 trophy, and in which the leaders had completed 235 miles. This brought the meeting to an abrupt end just when the prospects for a successful windup were brightest.

WELLMAN TO TRY AGAIN

North Pole Expedition by Airship is Reorganized.

Christiana, Aug. 23.—To the general relief of the members of the polar expedition, Walter Wellman, although keenly disappointed at the bursting of his dirigible balloon, announced that he was more determined than ever not to abandon his plan, but would continue to wrestle with all the difficulties standing in the way of reaching the North pole by airship. Mr. Wellman plans to build a new ship, longer and narrower than that which exploded, and of higher speed. Other improvements will be made, profiting by experience. Workmen started enlarging the airship house and making all ready for another campaign.

All the members of the crew of the airship have the utmost confidence in their leader and in the ultimate success of his enterprise. They have asked to go with him on his next voyage.

Second Flood in Royal Gorge.

Pueblo, Colo., Aug. 23.—The Denver and Rio Grande opened the Royal gorge line after traffic had been delayed for twenty-four hours by a second big flood within a week. Although the flood was almost as high as the first one, it washed out less track.

Dies Trying to Save Wife and Babe.

Pittsburg, Aug. 23.—Trying to save his wife and year-old child, W. C. Caeser of Corapolis, Pa., was crushed to death when a switching engine of the Carnegie Steel company, at Neville Island, overturned a trolley car laden with pleasure seekers.

END FOREST FIGHT

Denver Congress Passes Resolution With That Object.

ASK REPEAL OF TAX ON OLEO.

Trade Congress Delegates Submit Request to National Bouy—Meet Objection of Dairy Interests by Retaining Stamp on All Imitation Butter—Pinchot-Ballinger Controversy Ended by Favoring Reserves.

Denver, Aug. 23.—A resolution calling upon congress to repeal the 10 cents per pound tax upon oleomargarine was adopted by the Transmississippi Commercial congress. Some objection was voiced by the dairy interests, but this faded away when the oleomargarine representative offered no objection to the retention of the oleomargarine stamp on all imitation butter.

Former Senator Patterson offered a resolution calling upon congress for action defining the boundaries of the forest reserves in such a manner as to exclude mineral and agricultural lands. Frank Gowdy of Denver said that the resolution inferred an attack on Gifford Pinchot, head of the forestry bureau, and opposed the resolution. It was not until a resolution commending the forestry bureau was adopted that the Patterson resolution was accepted and peace declared.

The following officers were elected in addition to Colonel Ike T. Pryor of San Antonio, Tex., and Arthur Francis of Cripple Creek, Colo., president and secretary respectively: First vice president, A. C. Trumbo of Muskogee, Okla.; second vice president, Sam Dutton of Denver; third vice president, Colonel W. F. Baker of Council Bluffs; fourth vice president, C. A. Jastro of Bakersfield, Cal.; treasurer, L. J. Hart of San Antonio, Tex.

FIGHT FOR INCUBATOR BABE

Kansas Officials Seek Extradition of Alleged Kidnapers.

Topeka, Kan., Aug. 23.—Officials here began their campaign to secure possession of Mrs. Barclay and John Gentry, charged with kidnaping Marian Bleakley, the incubator babe, here Saturday, and now under arrest in Kansas City.

Sheriff Norton went to Jefferson City with a requisition on Governor Hadley, asking the return of the two to Topeka to be tried on the kidnaping charge.

There is some doubt that the requisition will be honored, on account of the child having been awarded to Mrs. Barclay by the Missouri courts.

In order to obtain possession of the prisoners, if Missouri refuses to give them up on the kidnaping charge, Chief of Police Eaton has secured warrants against Mrs. Barclay and Gentry, accusing them of assault with attempt to kill. This charge results from the attack on Clarence Belknap at the Bleakley home during the kidnaping.

Mrs. Bleakley, mother of the child, and Mrs. Ora Thompson, grandmother, went to Kansas City to aid in the fight for possession of little Marian.

ANOTHER ROW AT DENVER

Wilson and Wiley May Clash at Meeting of Food Commissioners.

Denver, Aug. 23.—Secretary of Agriculture James Wilson and Dr. Harvey Wiley, chief of the bureau of chemistry, will be in Denver tomorrow to attend the annual convention of food commissioners. As a result, it is expected that another controversy between federal officers will be brought to Denver, this time, not over forestry and irrigation, but over the use of benzoate of soda in food.

Supporting Secretary Wilson are several members of the Remsen scientific referee board, while Dr. Wiley's chief supporter is Commissioner J. W. Emery of Wisconsin, president of the association.

AUTO PLUNGES OFF TRESTLE

Driver and Four Women From Vancouver Killed at Seattle.

Seattle, Aug. 21.—The four women drowned when their automobile plunged off a trestle in the southern part of the city were members of prominent families in Vancouver. The fifth victim was Ira Perry of Seattle, the chauffeur and owner of the car.

The dead: Mrs. J. Colvin, Miss Agnes Colvin, Miss Maggie Paul, school teacher; Mrs. M. M. Grothe.

Miss Kate Hiscox and Miss May Paul clung to the automobile and were saved. The car was going thirty miles an hour. The women came from Vancouver to see the fair and hired the automobile to take them for a ride.

Crusade Against Bucketshops.

Little Rock, Aug. 23.—A matter to be taken up at the meeting of the Farmers' union next month will be the organization of a crusade against bucketshops throughout the entire country. It is the intention of the union to go before congress and wage the fight against the traffic.

Fing Cure for Hog Cholera.

Kansas City, Aug. 21.—That hogs by being inoculated with the serum discovered by Dr. Dorset, a government specialist, are immune from cholera has been demonstrated to the satisfaction of government officials, who have been conducting a test at the stock yards.

A Plastered Gable Cottage.

This Design Provides a Comfortable Dwelling at Moderate Cost — Can Be Erected For About \$2,500.

Designed by Thomas L. West, Seattle, Wash.

PERSPECTIVE VIEW—FROM A PHOTOGRAPH.

FIRST FLOOR PLAN.

SECOND FLOOR PLAN.

The plastered effect is well presented in the above photograph. The first story is covered with narrow cedar shingles, and all above this, including gables, is finished in plaster on metal lath. Verge boards and the brackets of the gables in heavy rough stuff and roof of cedar shingles. The novel and attractive exterior details are paralleled in the interior. A large arched column opening connects the living room and dining room, and the living room is set off from the hall by sliding doors. The living room has a large mantel with high leaded glass windows on either side; also beam ceiling and a bay window. The interior finish throughout is native fir, stained. Width of structure, 24 by 34 feet; height of first story, 9 feet; second story, 8 feet 6 inches. Basement under the whole house with concrete walls and cement floor. Laundry in the basement. Heated by furnace. With gas and electric lighting and porcelain plumbing, this house can be built for about \$2,500, making an inexpensive six room house at once complete and comfortable.
