Lecture Course

The time has arrived for Alliance lovers of good, clean entertainments to determine whether or not a course will be put on for the season. The lecture course plan is the only plan whereby the best entertainments can be had at reasonable prices. Alliance is so situated that the cost of transportation of concert and opera companies is so great that the larger and better companies can not be had. The lecture course plan removes this difficulty as the talent furnished visits other places near by.

There is a large amount of work and responsibility connected with managing a course. The proposed course for 1910-11 will cost \$175 more than any previous course. This will necessitate a larger number of sales of season tickets. The patrons can greatly assist the management by either phoning or applying in person for tickets. The following is the proposed line-up for this fall and winter:

Trier Concert and Opera Quintette. This company is composed of five young ladies, sisters, two pair of twins in the company. They come with the best of recommendations.

Totton, the famous magician, will give an entertainment of magic. **Ye Old Town Male Quartette** will be the third number. **Gilbert A. Lee Eldridge,** impersonator and entertainer. **Ringler-Donavan Concert Co. and Bell Ringers.** **Winona Singers,** a company of young ladies, and **Dr. Otterbein O. Smith,** the lecturer, seven numbers in all compose the proposed course for this winter.

This is two numbers more than composed previous courses. The season tickets sell at \$2.00 and will be transferable, but admission will be limited to two admissions for any one entertainment.

Tickets may be procured at Holstein's or from Rev. J. M. Huston.

"The Right" Store Moves

For six years Roy Beckwith, proprietor of "The Right" clothing store, has been located at 111 Box Butte avenue. He has been selling reliable goods and because of reasonable prices has built up a big business. He has done business in a conservative way and has prospered.

Recently the Adler people, who own considerable property in Alliance, were asked by him to erect a special building for his business, and this has been done. He will soon move into the new building, which is in a better location two doors north of The Herald office, and with his competent force of clerks and fine stock of goods will be in better position to serve his patrons.

Before moving he desires to close out his summer line, and the prices he is making, which can be seen in his ad on page nine of this paper, will move the stock quickly.

120 Tomatoes on One Vine

It is being demonstrated that tomatoes and other garden products can be grown in Alliance by Mrs. G. H. Stanton of this city, who has one vine with 120 tomatoes on it in her garden. One bushel was picked from three vines. This is not luck but it is the result of careful selection of seed tomatoes for three years and shows what acclimated seed will do when compared with seed from other localities. There are about forty vines in Mrs. Stanton's garden and she has plenty for her use as well as for her friends. One vine literally loaded with tomatoes is on exhibition in the Newberry Hardware store window.

Crown Piano Sells Well

T. J. Threlkeld, the local representative of the Crown piano, reports business very good. One of his recent sales is a beautiful Crown piano to Mr. Carter, office inspector of the Burlington. This piano was purchased from Mr. Threlkeld after Mr. Carter had examined instruments and secured prices in Denver, Omaha and other cities. It surely shows that the prices of the local merchants are as reasonable as in the large cities.

Fire in Grocery

At 12:30 Sunday night fire was discovered in the building occupied by James Graham's grocery. The department quickly responded and not much damage was done. The fire started in a stack of match boxes and was caused by mice. A guard was placed in the building for the rest of the night. The damage is estimated at from fifty to one hundred dollars.

A. S. Reed Leaves for Arizona.

A. S. Reed, who recently purchased a fine 60 acre farm in the Salt River Valley of Arizona, shipped his stock and household goods Tuesday night and together with his family left Wednesday night for their new home. Mr. Reed has been a resident of Box Butte county many years but the delightful climate and fruits of the southern country have induced him to leave. We wish him success in his new location.

I have had my old barn entirely remodeled and fixed up. I will do a feed and sale business and solicit your patronage.

Chas. Glaze, the enterprising marble dealer of Hemingford, was in Alliance last Thursday and favored our office with a call. He is doing an extensive business, but like most business men wants to increase his trade, hence orders an ad in The Herald, the same to be printed on first page. This advertisement was intended to commence with last week's issue but the order for it was received a little too late for insertion.
