CALUMET BAKING POWDER

The wonder of baking powders—Calumet. Wonderful in its raising powers—its uniformity, its never failing results, its purity.

Wonderful in its economy. It costs less than the high-price trust brands, but it is worth as much. It costs a trifle more than the cheap and big can kinds—it is worth more. But proves its real economy in the baking.

Use CALUMET—the Modern Baking Powder.

At all Grocers.

A new meat market has been opened at Seneca by Earl Smith.

Mitchell is to have a new Opera House soon.

In this department of The Herald on December 1st it was stated that John Krause, of Rushville, had gone to Germany. This was taken from another paper and was a mistake, as is evidenced by the fact that he was in Alliance on Monday of this week. Mr. Krause stated that it was his opinion that the story that he had jumped his bond and gone to Germany had been started by a newspaper man in the north end of the state, for whose paper he refused to subscribe. However that may be, he is still on the ground and will fight the case against him in the courts, and if he fails, take his medicine.
