RAILWAY NOTES AND PERSONALS

Alliance lost a very estimable family when Mr. S. A. Franklin and wife and two children left Monday for Old Mexico where they have purchased land and expect to make their home. They have lived in Alliance a long time. Mr. Franklin was a passenger engineer between Alliance and Denver. Mrs. Franklin was one of the leading officers in the G. I. A. Lodge. They sold their home on Laramie avenue to Engineer Fitzpatrick. Quite a number of people here have bought land in the same place and they will all be anxious to hear from Mr. and Mrs. Franklin.

Mr. and Mrs. W. J. Conners are expecting their three sons home for Christmas. John and Frank who are machinists will come from Little Rock, Arkansas. Will comes from Colorado.

Engineer A. E. Nelson got the show train Monday morning and went through to Ravenna.

Engineer Jacoby who was here from Ravenna to attend court won his case. He was suing an insurance company for his brother's insurance. He went home Sunday morning.

Fireman Thurman left for the home of his parents near Whitman Monday evening. He will be gone until after the holidays. Mr. Thurman has three sisters. To each one he took a handsome gold watch and pin. Such thoughtfulness speaks well for the firemen here.

Engineer Fitzpatrick has bought the Franklin property and will move as soon as a few repairs are made.

The eight months old baby of Mr. and Mrs. Guy Miller has been dangerously sick for several days. It is not yet out of danger.

Mrs. J. G. Beck left Sunday morning for Lincoln where she will do some Christmas shopping. Miss Inez Beck of Valley will accompany her home.

Fred Leidtka who will be remembered as a passenger flagman has proved up on his claim in South Dakota and is now in Chicago.

Conductor R. J. Burke has gone to Lincoln to spend Christmas with his parents and other relatives.

Brakeman John Leidtka left Monday for Sioux City, Iowa, where he will be joined by a brother who has just graduated from Carnegie Technical school in Pittsburg. Together they will go to the home of their

parents in South Dakota to spend Christmas.

Any number of railroad men can now be found looking at the beautiful things in the stores, or carrying very mysterious packages to the postoffice or express office. For generosity the railroad men can not be best.

The new depot at Chicago is to be the second largest in the world. It will cost including the ground it occupies twenty-five million dollars and will take five years to complete it. The C. B. & Q. will be one of the roads interested.

The Journal has an item that will be of interest to railroad men here: "A report from Denver says that because of reports made by spotters nine Union Pacific conductors have been discharged. This number includes men working on the main line out of Omaha, out of Kansas City and out of Denver."

An engine without an engineer caused a lot of excitement near the Webster street depot one day this week. It finally ran into a string of passenger coaches. How it started is a mystery.

Switchman Dobson is still confined to his room with a very bad throat caused by tonsillitis.

Fireman Sternberg will spend his Christmas with his sisters at Hot Springs.

Brakeman McKenzie returned from Lincoln Saturday. Yes, he came alone but—

Fireman J. L. O'Donnell will spend his Christmas in Deadwood.

The east end work train, Conductor Frank Calandar has been pulled off. Conductor Calandar and brakeman Gable were glad to get back to Alliance for Christmas.

Mrs. Bales of Provo is in Alliance doing Christmas shopping and visiting her friend, Mrs. Vaughn.

The little son of Engineer Clark of Sterling who has been out of school since the twentieth of September is back to school again.

Brakeman Lang who has been spending a month at Litchfield has returned to Alliance.

Word comes from Ravenna that Mr. and Mrs. Frank Vaughn have a fine new piano.
