EXHIBITS FOR STATE FAIR AND OMAHA LAND SHOW

W. R. Mellor, secretary of the State Board of Agriculture, has sent the following letter, under date of March 10, 1911, to county commissioners and county supervisors of Nebraska, a copy of which was furnished The Herald by Geo. Douglas:

Feeling the necessity for additional publicity of the merits of your county as a desirable location for the thousands of homeseekers searching for an abiding place, we suggest that your county board give every possible aid and assistance to qualified persons, to be appointed or recognized by your body, in the preparation of a Collective Exhibit of Agricultural products from your county for the purpose of making an exhibit of the same at the Nebraska State Fair, Lincoln, September 4 to 8, and the Omaha Land Show, Oct. 16th to 28, or other land shows following.

Nebraska excels in agriculture and this industry is the basic principle for our future growth and prosperity, therefore we wish the hearty cooperation of each county in the state, in giving material assistance toward a supreme effort to direct attention to Nebraska opportunities. Will you assist in this great work by extending reasonable assistance to those who can creditably represent you?

Believing that you will, I remain, Yours truly, W. R. Mellor, Secretary.

BREEDERS ORGANIZE POULTRY ASSOCIATION

There are a number of breeders of thoroughbred poultry in Box Butte and adjoining counties. Improving the breed of poultry is a matter of much greater importance in the development of this country than is generally thought. There are not many people but what would be surprised to learn the value of poultry products in Nebraska as compared with that of hogs, cattle, etc. The prospects are that the poultry business will become more profitable and be engaged in more extensively as the years go by. The profit from raising a good breed of fowls is much larger than that from mongrels.

For the above reasons, and others that could be mentioned, we believe the time has come to encourage and promote the poultry business in northwestern Nebraska by organizing a poultry association. If persons who are interested in this matter and wish to see a poultry association organized, either for Box Butte county or for all of this part of the state, including "the panhandle of Nebraska," will send their names to the editor of The Herald he will consult with them in regard to time and place to meet to organize, and will issue a call for a meeting for that purpose. If you are interested, kindly call at this office as soon as possible or write immediately to John W. Thomas, Alliance, Nebr., stating that you are interested in the organization of a poultry association and give your name and address.

SHERIDAN COUNTY NEWS

W. L. Matthews has recently completed a comfortable residence.

Fauchmen and homesteaders in this part of Sheridan county are prosperous, and are making a good many improvements on their places.

Clyde Helling has just returned from St. Joe, where he went to be operated on for appendicitis. His friends are glad to see him well again.

Mrs. Michaels, who resides with her son, R. Michaels, is quite low with pneumonia, having taken a second backset. We sincerely hope she will soon be restored to health.

Charles and David N. Matthews of Jess are in Alliance, today getting prices on lumber for residences which they intend to build. D. N. will commence work on his building at once, hauling his lumber from Alliance, and Charles will build some time during the summer. They favored The Herald office with a call this morning and gave us some interesting news about the "Spade" country.

QUAKER VALLEY

We wonder if "Goode Olde Boy" is a preacher.

Work will begin on the new store at Reno next week.

Charley Jamison is putting up a house and barn for Roy Scott.

We hear that Mr. Saylor will start soon carrying the mail from Reno.

Vestal Ganong and his sister Luda from Ackworth, Iowa, are visiting with their uncle, Edwin Owen.

We hear the report of the gun and bomb of the wild geese but do not hear of any one having any roast goose to eat.

Patrick Spain arrived at Reno last Saturday after being on the road a week, coming 700 miles from South Dakota. They have moved onto the ranch bought of Isaac Shoffner.

Frank Johnson and family took dinner with James Jamison Sunday. Albert Robinson and family, Mrs. Vantress and children at Marshal House; Rex Haworth and wife at Cassius Parley's.

We saw a fine piece of dress gingham for 12 1/2 cents which came from a store in Alliance. It might be well to investigate further before sending east for goods. We also believe the merchants should "practice what they preach" and buy home grown produce when ever possible, thus making it pleasant and profitable for both parties.

\$100 Reward, \$100.
