STATE JUNIOR NORMAL CONTINUED AT ALLIANCE

One of the good things done by the state legislature, recently adjourned, was to provide for the State Junior Normal at Alliance for another two years. It had been thought by some that it would be discontinued on account of the State Normal school being located at Chadron, but the demand from western Nebraska for the Alliance State Junior Normal to be continued was so overwhelming, and the success of past years so pronounced, that the legislature saw the wisdom of continuing it.

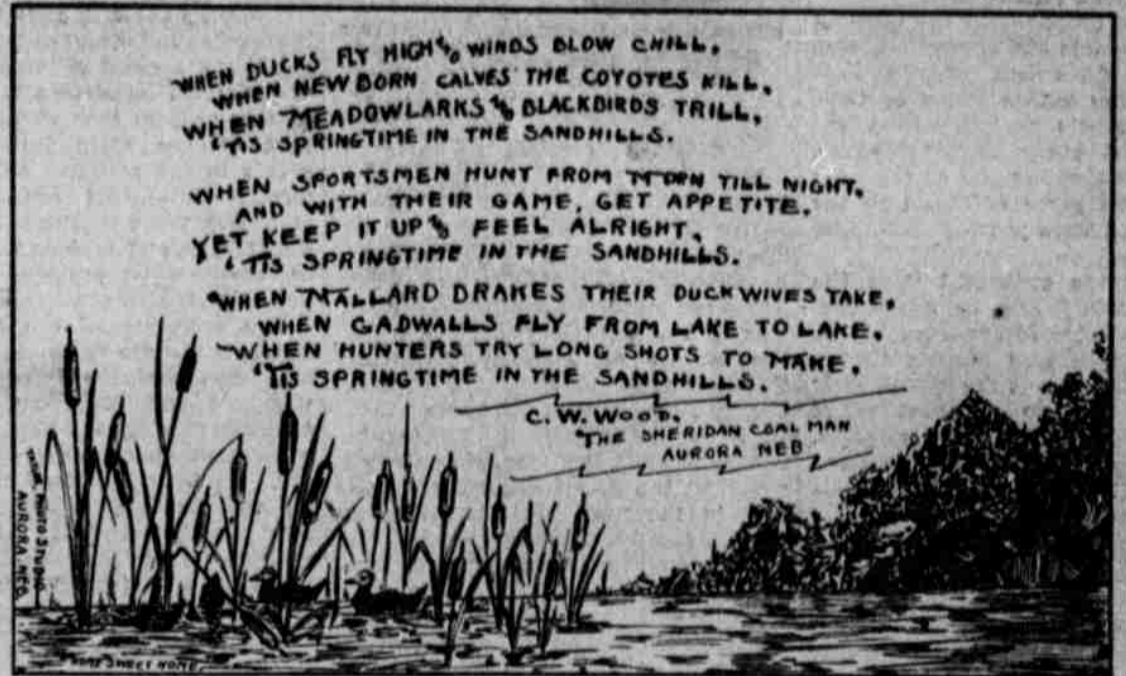

The Herald is more than pleased, we are simply delighted, to make this announcement, not merely for what it means to Alliance, but also what it means to the cause of education in this part of the state. Supt. W. R. Pate, who has earned a state-wide reputation as a successful educator, will be at the head of the Alliance State Junior Normal. He would have had his choice of a position for the summer on the faculty of either the Peru State Normal or the Chadron State Normal, had the Alliance Junior Normal been discontinued, but his loyalty to Alliance and the cause of education here makes it a pleasure to him to take up again the summer work with which he has been connected in this city for a number of years past, and help to push it forward to still greater success. He will be ably assisted by County Superintendent Delta M. Reed and others whose names will be announced in the Herald later.

June 5th is the opening date, the Normal to continue eight weeks, and the County Institute to be held during the first week. There a host of people in this city who are interested in the cause of education in general, and in the Alliance State Junior Normal in particular, and they will give those who attend the most cordial welcome ever. Charges for rooms and board will be reasonable. It will be the endeavor of those who help to entertain teachers and students to give the maximum of accommodation at the minimum of expense.

ON TIME

On time! Hurrah! This issue of The Herald is printed Thursday morning and, barring accidents, will hereafter be printed at that time. This will please the many friends of the paper, but not more than it pleases us. We have so overtaxed with work since commencing to move that in order to catch up and get out on time this week it has been necessary to leave out a good many interesting news items, but we have that this would be better than to be late again.

Hereafter the Herald will have an amount of news second to no other paper in the west half of Nebraska and WILL BE PRINTED ON TIME, Thursday morning. All persons having news items or advertisements for

publication will please have copy for same at this office BEFORE EIGHT O'CLOCK THURSDAY MORNING.

POPULAR GOVERNMENT

What are the measures that insure popular rule? Without ever attempting to enumerate all, the following may be put down as measures on which practically all the propagandists are agreed:

The initiative and referendum.
The recall.
The short ballot.
Direct nomination for all offices.
Popular election of United States Senators.

Publicity of campaign contributions and expenses before and after primaries and elections.

Effective corrupt practices acts.
Commission government of cities.
Popular designation of delegates to national political conventions, with opportunity for the voter to indicate his choice for president.

Perfection of the Australian ballot laws.

Elimination of all machine management in House of Representatives, and in the United States Senate.
There is nothing here about the tariff, or the trusts, or the railroads, or any pressing economic question. The peoples government advocates insist that they want first to give the tools of democracy back into the hands of the people, in order that the people may use them to carve out their own solution of these questions.—Munsey's.

The meeting of the Commercial Club that was to have been held tonight has been postponed till next week.
