## September Travel Bulletin

**TO THE EAST:** The excursion rates to the eastern localities will continue. It is the last chance of the season to make an eastern tour at greatly reduced excursion rates.

**THE DRY FARMING CONGRESS** will be held at Colorado Springs, October 16-20. Special rates will be made for this event. All dry farmers should make it their business to attend this congress.

**THE LOW COLONIST ONE-WAY RATES** to the Pacific Coast are in effect September 15th to October 15th.

**IRRIGATED LANDS** can be secured on extremely reasonable terms; those in the Big Horn Basin present at this time a wholesome example of the value of irrigation where there is ample water. Farmers and prospective home makers from the so called region of rainfall and from dry farming areas are urged to inspect the crops and inquire about the land values in the Big Horn Basin, the North Platte or Yellowstone Valleys before they or their sons consider a home in any other locality.

## SUGGESTIVE QUESTIONS

On the Sunday School Lesson by Rev. Dr. Linscott for the International Press Bible Question Club.

(Copyright 1910 by Rev. T. S. Linscott, D.D.)

Sept. 17th, 1911.

(Copyright, 1910, by Rev. T. S. Linscott, D.D.) Daniel's Companions in the Fiery Furnace, Dan. iii.

Golden Text—The Lord is my helper, and I will not fear what man shall do unto me, Heb. xiii: 6.

(1.) Verses 1-2—What right have we, if any, to compel those over whom we have authority to worship as we desire?

(2.) Should the state control, as to the religious belief and practice of its citizens? Why or why not?

(3.) If we should attend the services in a heathen or a Mohammedan temple, how should we conform ourselves to their methods of worship?

(4.) Verses 13-15—What rights have we, if any, to be angry, or annoyed, at the method others take to worship God?

(5.) When one shows anger with another at the expression of an opinion contrary to his own, what does that indicate?

(6.) What should be our relative valuation of correct creed and correct deeds?

(7.) If a man gives way to "rage and fury" what are the chances for the correctness of his creed?

(8.) What was really the matter with Nebuchadnezzar, and with all others who have been intolerant of the religion of others?

(9.) Verses 16-18—Who were Shadrach, Meshach, and Abednego?

(10.) What would have been the harm if these three men, out of deference to the king, who had been a good friend to them, had fallen down to the golden image like the rest of them?

(11.) What is the religious significance to us, of the faith which animated these three men?

(12.) Suppose you had to lose your life, or sacrifice a religious principle, which should you do?

(13.) Verses 19-23—How do you account for the cruel spirit that has been manifested through the centuries, and which has resulted in the martyrdom of thousands, for their religious belief?

(14.) Does God in these days ever interfere miraculously, to prevent the physical suffering or the death of a good man who may be in the hands of those who are determined to wreak their vengeance upon him?

(15.) What does God do in these days, for one who may be in similar peril to these three men?

(16.) Verses 24-27—Who was the fourth man in the furnace with the three Hebrews?

(17.) What, if any, evidence is there, that faithful Christians in these days, get delivered from the fiery furnace of trial, more than other men?

(18.) Verses 28-30—What happens in these days, to good people in trouble, in any way analogous to this story?

(19.) Was the king any better man after this event than before?

(20.) What is the moral difference between a man who is cruel on behalf of a good cause and one who is cruel on behalf of a bad cause? (This is one of the questions that may be answered in writing by members of the club.)

Lesson for Sunday, Sept. 24th, 1911. Daniel in the Lion's Den. Dan. vi.

## COMPOUND CALLOUSES

Tells Splendid Cure for Them and All Foot Troubles.

A compound callous is the secondary stage when it grows inward and presses on the nerves, causing intense pain. Callouses never cure themselves but always get worse, sometimes irritating the whole nervous system. The following is a most effective and speedy cure "Dissolve two tablespoonfuls of Calocide in a basin of hot water. Soak the feet in this for full fifteen minutes, gently massaging the sore parts. (Less time will not give the desired results.) The soreness will disappear immediately and the callous can be easily peeled off. Repeat this for several nights. A little olive oil rubbed into skin is very beneficial."

This Calocide is a very remarkable preparation for all foot ailments. Bunions, corns and ingrowing nails get instant relief and are soon cured. Bad smelling and sore feet need but a few treatments. Calocide is no longer confined to doctors' use. Any druggist has it in stock or will quickly get it from his wholesale house. A twenty-five cent package is usually enough to put the worst feet in fine condition. It will prove a blessing to persons who have been vainly trying ineffectual tablets and foot powders.
