HEMINGFORD

When anything goes wrong with the printing of a newspaper it is customary to blame the editor for it. Of course the editor doesn't always accept the blame—he can charge it up to the foreman; the foreman lays it on to one or more of the printers, who in turn declare the office "devil" was the cause of all the trouble. Last week, however, a fine bunch of news was omitted and we don't even blame the "devil" for it—it was the fault of the railroad train. Owing to the trains from the west being off last Thursday our Hemingford reporter's correspondence failed to reach us until Friday morning, after the papers had been printed. There was such a good lot of items that we do not like to omit them altogether, so print the following from what was sent down last week:

DANGEROUS FOR THIEVES

Petty thieving is getting to be a dangerous occupation in western Nebraska. Not long ago a man in Banner county who had been missing things from his cabin set a gun so it would be discharged when the door was opened. During his absence, as the result of trying to get in, a young man was shot, from the effects of which he afterwards died.
The Dalton Herald last week tells of a man near that town that had been missing chickens, and decided to get the thief if he could. He fixed a shot gun loaded with No. 4 shot in such a manner that when the door was opened far enough to allow the person to enter the trigger would be pulled by a string. About 11 o'clock that night he heard the report of the gun and in an instant was out of bed, and out he went. He heard some one running through the cornfield a short distance from the house. After making investigations the only sign of the thief that could be found was the rim of a black hat which had the crown shot completely off. The man who was under the hat when the crown was blown off probably had the closest call he had ever experienced up to that time. Just how badly he was injured was not learned, as no report has been made as yet of anyone getting injured in that manner. The man that set the gun says that he has changed its position slightly so that the next time it will get more than the hat.

GOOD WORK

Done Daily in Alliance. Many Citizens Tell of It.

Nearly every reader has heard of Doan's Kidney Pills. Their good work in Alliance still continues, and our citizens are constantly adding endorsement by public testimony. No better proof of merit can be had than the experience of friends and neighbors. Read this case:
Mrs. Laura Dickenson, 107 Yellowstone Ave., Alliance, Nebr., says: "I was afflicted with kidney trouble for many years and had about all the difficulties that accompany this disease. I finally commenced using Doan's Kidney Pills, procured at Holsten's Drug Store, and they disposed of the pains in my back and corrected difficulty with the kidney secretions. I also tried Doan's Kidney Pills in my daughter's case and they strengthened her kidneys. I do not hesitate to recommend this sterling remedy."
For sale by all dealers. Price 5¢ cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
Remember the name—Doan's—and take no other.

D., who has been pastor at Alliance the past year, requested to be made conference evangelist, and his request was granted. Rev. A. R. Julian, D. D., was reappointed district superintendent for the Chadron district, and Rev. Dr. Carns of the Long Pine district. Rev. O. S. Baker, formerly at Red Rock, Mont., was appointed pastor of the Alliance church, and Rev. Palmer at Hemingford. On account of his wife's ill health, Rev. C. H. Bursleigh requested to be left without an appointment this year.

Whereas, on this 30th day of August, 1911, Robert Kittelmann, father of Pauline Kittelmann and Clara Kittelmann, made and filed in this office his sworn statement, duly attested, and stated that he desired to relinquish all right to the custody of, and power and control over Pauline Kittelmann and Clara Kittelmann, his minor children, and all claim and interest in and to their services and wages; and also came Ira C. Muzzey and Sarah E. Muzzey, and made and filed in my office a statement under oath, duly attested, that they desired to adopt said Pauline Kittelmann and Clara Kittelmann as their own children; I have therefore appointed the 30th day of September, 1911, at three o'clock P. M. at my office in Alliance, said county, as the time and place where a hearing will be had in said matter, at which time and place all persons interested may appear.

ALLIANCE FRUIT COMPANY

The Herald is pleased to note the organization of the Alliance Fruit Company, wholesalers of fruit. A. D. Rogers is president; E. D. Mallery, Sec.; L. H. Highland, Treas. Alliance will make an excellent point for the distribution of fruits. Small towns receive their fruit by express, and where it is necessary to send a great distance the transportation charges are very high, and there is considerable delay in receiving the fruit. By ordering from Alliance Fruit Co. dealers in western Nebraska towns will find express charges much less and can receive prompt service. The jobbing house will of course receive their fruit by car load lots in refrigerator cars. They have made arrangements with the Alliance Creamery and Produce Company for room in their cold storage plant.

Geo. G. Ware, missionary from Alliance, held his regular monthly services in the church of the Good Shepherd, September 3, and called a meeting at the church for Monday evening to form a mission, vestry, etc., and elect officers to serve until Easter, 1912. At this meeting W. H. Willis was elected Senior Warden; J. L. Tout, Junior Warden; A. W. Atkins, Treasurer; and Mrs. Atkins, Secretary. Definite arrangements were made for the celebration of the Holy Communion in addition to the regular services.—Bridgeport News-Blade.
