## A Bell Telephone Lightens Labor

It is a good plan to take the Bell Telephone into your confidence and make it an active ally in your work.

A conservative use of long distance telephone service is not expensive. It will pay big returns on the investment.

The business man who has learned the telephone's usefulness accomplishes much more than his competitor who has not.

Use of the Bell Telephone gives an expansive range to personal communication, because each telephone is the center of a nation-wide system of the most efficient telephone transmission in the world.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, O.
