Ezra's Journey to Jerusalem. Ezra VIII:15;36.

Golden Text—The hand of our God is upon all them for good that seek him. Ezra VIII:22.

(1.) Verses 15-20—Who, and what, was Ezra?

(2.) If several generations of the same family are engaged in the same business or professions, is the last generation more expert at their calling than the first?

(3.) What was the special work of the Levites?

(4.) How much does any organization depend for its success, upon men of rare ability at its head?

(5.) What steps should the present day church take, to supply the great lack of ministers?

(6.) Verses 21-23—Where was this company of devout men at this time?

(7.) Having the fit men for the work, what is the next necessity as suggested by this story?

(8.) What results invariably follow when a company of Christians spend several days together in fasting and prayer?

(9.) What better guarantee for a safe journey have we, if it is preceded with devout prayer?

(10.) What had Ezra told the king, which afterward made him ashamed to ask for a company of soldiers on their journey?

(11.) Verse 23—How did Ezra know that God had heard their prayer for a safe journey?

(12.) How may we know when God hears and answers our prayers?

(13.) Verses 24-30—How do you justify the vast expenditure of money for carrying on church and missionary work?

(14.) Why ought money for church and missionary work to be as carefully accounted for as money in a bank?

(15.) Why is it the duty of every person to feel as much obligation to give his proper share for carrying on God's cause, as to feed and clothe himself and those dependent upon him?

(16.) Verse 31-32—Two good men start on a journey and are attacked by robbers, one being killed and the other escaping without injury; which of these men did God love more, and why? (This is one of the questions that may be answered in writing by members of the club.)

(17.) What rules would you say God adopts in delivering, or not delivering, us from our enemies?

(18.) How far was it from Babylon to Jerusalem, and how long did it take them to make the journey?

(19.) Verses 33-36—There are a great many more individual churches than there are individual banks; but what is the proportion of defaulting church treasurers, compared with defaulting bank presidents or cashiers?

(20.) Which gets the greater happiness, the one who honestly discharges a financial trust, or the one who having kept a lot of the money, is yet not found out?

COMPOUND CALLOUSES

Tells Splendid Cure for Them and All Foot Troubles.

A compound callous is the secondary stage when it grows inward and presses on the nerves, causing intense pain. Callouses never cure themselves but always get worse, sometimes irritating the whole nervous system. The following is a most effective and speedy cure "Dissolve two tablespoonfuls of Calocide in a basin of hot water. Soak the feet in this for full fifteen minutes, gently massaging the sore parts. (Less time will not give the desired results.) The soreness will disappear immediately and the callous can be easily peeled off. Repeat this for several nights. A little olive oil rubbed into skin is very beneficial."

This Calocide is a very remarkable preparation for all foot ailments. Bunions, corns and ingrowing nails get instant relief and are soon cured. Bad smelling and sore feet need but a few treatments. Calocide is no longer confined to doctors' use. Any druggist has it in stock or will quickly get it from his wholesale house. A twenty-five cent package is usually enough to put the worst feet in fine condition. It will prove a blessing to persons who have been vainly trying ineffectual tablets and foot powders.

Associated Doctors Specialists

WILL BE IN ALLIANCE AT DRAKE HOTEL

WEDNESDAY, NOV. 29

ONE DAY ONLY

These are the doctors you no doubt have read about. While you may not know them personally, you may know them by reputation or through some of your neighbors they have treated.

The remarkable success of these talented physicians in the treatment of chronic diseases has aroused much enthusiasm in the Northwest.

This is said to be, and no doubt is true, one of the most able specialists organization of its kind in this section of the country, and must be a successful one from the many good results they are getting.

The Associated Doctors, licensed by the state of Nebraska, for the treatment of deformities and nervous and chronic diseases of men, women and children, offer to all who call on them consultation, examination and advice free.

It is specially requested that married ladies come with their husbands and minors with their parents.

The name, ASSOCIATED DOCTORS, is what it implies, a union of specialists, twelve in number, that have gotten together for the treatment of chronic and nervous diseases.

Not to be understood that they treat all diseases that the human body is heir to. They mean to be very careful in selecting and taking cases, as they want good results, which means good returns in the way of their patients recommending them to others.

They estimate that over eighty per cent of the patients now coming to them come from recommendations of those they have treated.

THEY DO NOT treat any acute diseases whatever, their time and attention being devoted to such diseases as follows:

Diseases of the stomach, intestines, liver, blood, skin, nerves, heart, spleen, kidneys or bladder, rheumatism, sciatica, diabetes, bedwetting, leg ulcers, weak lungs, and those afflicted with long-standing, deep seated, chronic diseases that have baffled the skill of the family physicians should not fail to call.

According to their system, no more operations for appendicitis, gall stones, tumors or goiter. They were among the first in America to earn the name of "Bloodless Surgeons", by doing away with knife, with blood and with all pain in the successful treatment of these dangerous diseases.

Parties out of town should write, as I am out much of the time. Charges will not exceed \$5.00 and expenses per day.
