ALLIANCE STATE JUNIOR NORMAL

Preparations Being Made for One of the Best State Junior Normalists Ever Held in Nebraska

ESPECIALLY STRONG FACULTY

The tenth session of the Alliance State Junior Normal school will be held June 3 to July 26, 1912. State Superintendent Delzell has announced the following faculty:

- Jas. E. Delzell, State Superintendent, Lincoln.
- W. R. Pate, Principal, Alliance.
- Susie R. Frazier, Preceptress, Alliance.
- C. N. Walton, Wahoo.
- H. H. Reimund, Crawford.
- R. M. Marrs, Bridgeport.
- Geo. E. Martin, Nebraska City.
- Jean Sullivan, Broken Bow.
- Della M. Reed, Registrar, Alliance.

The above named persons are well known educators of Nebraska and we believe are particularly adapted for the work that has been assigned to them in the Alliance Junior Normal this year. We shall have something more to say in regard to their qualifications later.

Junior Normal dining hall and reception room will be conducted as heretofore. Board will be furnished at cost and will not exceed \$3.25 per week. Good rooms may be secured as low as 50 cents or 75 cents per week where two occupy one room. Inquiries relative to rooms should be directed to Della M. Reed, Registrar.

The Alliance Junior Normal will offer all subjects required for third, second and first grade county, and professional life certificates. The model school, under the very efficient charge of Miss Susie R. Frazier, will be one of the strong features of the Junior Normal. Work in this department will give to prospective teachers the eight weeks' training necessary to secure a second grade county certificate.

"HATS IN THE RING"

Leading Citizens Yield to Importunities of Friends and Become Candidates for Offices

LICENSE ISSUE DIRECT VOTE

The prospects now are that the campaign for city officers which has commenced within the last few days and will close at the election two weeks from next Tuesday will be one of the cleanest contests in the history of the city, although there is a probability that there will be more candidates than usual. The question of licensing saloons the coming year will be settled in the sensible way, by direct vote, thanks to the democratic legislature of Nebraska.

For many years The Herald editor has advocated settling the license question in the cities and towns of Nebraska in this way. In the last few years we have been advocating this through The Herald, knowing that it is the fair way of deciding the question. Settling it in that way tends to promote peace and harmony in the city, especially among the business interests. How any fair minded person, unprejudiced, can object to settling a question of public interest, especially such an irritating question as that of licensing saloons, by direct vote of the persons who are entitled to decide the question, is something that we cannot comprehend. In fact, we do not believe that any fair minded person who is not biased in his opinion can object to such a settlement of the question.

Whether the town will go wet or dry remains to be seen. Of course it seems probable to us that a majority of the voters in the coming election will vote to continue licensing saloons, although a good many voters who have heretofore been classed as "wet" say that they have decided to vote "dry" this year, and some are predicting that the city will go dry.

Citizens' Ticket

Petitions have been circulated and signed to put in nomination the following named persons under the caption of "Citizens' Ticket": For mayor, W. O. Barnes; city clerk, J. D. Emerick; treasurer, Percy Cogswell; councilman First ward, Geo. A. Mollring; councilman Second ward, John Snoddy. We understand this ticket was brought out by men who have not been actively identified with previous contests in the city elections. At least the candidates have not been counted as extremists.

We do not know their views on the license question and we do not think their private opinions on that question make any great difference, as they are pledged to law enforcement and decent government. We suppose most, if not all, of them favor license with strict regulation, but we are not sure as to that, except that they are pledged to strict enforcement of the law relating to saloons if the same are licensed by the popular vote. If they give us a fair, honest and impartial city administration that is as much as ought to be asked of them as public officers. The above named gentlemen are all too well known in Alliance to need a writeup giving their individual qualifications, but The Herald is pleased to commend each and all of them as straightforward business men, and believe that if elected they will make competent and trustworthy city officials.

Socialist Ticket

Friday night, March 8, the socialists in Alliance met in Marks' Hall and nominated the following officers to run for election in the annual municipal election to be held April 2nd: for mayor, Frank D. McCormick; city treasurer, Charles W. Jeffers; for city clerk, Leonard E. Pilkington; councilman First ward, Edgar E. Eldred; councilman Second ward, Ignatius W. Herman.

The Herald is pleased to say a good word concerning the above named gentlemen, and in so doing we are not trying to "carry water on both shoulders." So far as we are able to learn, but few, if any, expect the socialist ticket to be elected but that does not deter us from commending them as good citizens. If elected we believe they will endeavor to give the city an honest and efficient administration. Like the other ticket already nominated, we do not know the individual preferences of all the socialist candidates upon the saloon question, as involved in the city administration. We suppose, however, that in one respect at least they believe as we do on the liquor question in general, and that is that the manufacture and sale of intoxicating liquors ought to be entirely in the hands of the government, or else be under a system

that will break up the monopoly by which it is controlled under the license system.

Owing to the prejudice against socialism the candidates for city office on that ticket are put to a disadvantage, we think, but daresay that they will at least get a good complimentary vote.

Prohibition Ticket

There is talk of a straight anti-saloon ticket being nominated but so far as we know nothing tangible has been done yet to put such a ticket on the ballot. As the license question is to be settled by direct vote we see no necessity for putting a prohibition ticket in the field, unless there are other reasons for placing such a ticket in nomination.
