THE COMING LAND MOVEMENT. This is the time to tell your Eastern friends about the splendid moisture conditions in the West, both as to prairie and irrigated lands; tell them about the 320 acre Mondell homesteads. Every new settler in a locality means financial benefit to everyone there. Ask for the new government land folder.

The latest development in irrigated lands is the opening for homestead on April 22nd of 6000 acres of government irrigated land in the Big Horn Basin near Powell, Wyo.; the new and very liberal graduated 10 payment plan will apply; it is about the next thing to giving the settler a perpetual water right. Ask for the new Shoshone Irrigated Land Bulletin.

YELLOWSTONE PARK. The 1912 feature for Park travel is the new Cody scenic way with complete tickets, including hotels and stages. The Cody way now offers tourists all the conveniences as to transportation, hotels, and permanent camps, that are offered via other gateways. The lookout from Sylvan Pass is one of the world's magnificent views.

Also ask about Frost & Richards' personally conducted 16 day camping tours of the Park, making one of the most enjoyable vacation tours in the country. Ask for new Park folders.
