W. C. T. U. DEPARTMENT

Mrs. J. J. Vance, Press Supt.

Why a West Virginia Jurist will vote for Prohibition.

I shall vote for the ratification of the prohibition amendment.

Because the liquor traffic as a criminal on trial can not invoke a single principle of right in its defense.

Because prohibition has proved the most effective method of dealing with the traffic.

Because, under seventy-five years of tempering license measures, the American saloon has constantly grown more lawless in its methods and more destructive in its effects.

Because every brewer, distiller, saloon and dive-keeper, their votaries and supporters, and all persons who are interested in a larger sale or use of intoxicants will vote against it.

Because liquor causes at least 75 per cent of all crime, 50 per cent of all pauperism, 35 per cent of all insanity and 40 per cent of all divorces, and has not a single virtue to its credit.

Because it murders 1500 people in West Virginia every year, and to support the business 1500 West Virginia boys and girls must annually be put into this death-grind as raw material.

Because this means that the state for the consideration of \$615,734.72 she receives as revenue, is selling our boys and girls to the brewers, distillers and saloon-keepers for about \$410.50 per head.

And lastly and yet firstly, because I have a boy of my own for whom the liquor traffic is reaching, and whom, or other parents' boys, it must have for the money it pays the state, and being unwilling to so sell my own boy, I am not selfish enough to vote to sell other people's children at this or any other price.

J. C. McWHORTER, Judge Twelfth Judicial Circuit of West Virginia.
