QUAKER VALLEY

Old Winter seems to have taken a backward glance before making his final departure.

Willis Beck is dipping cattle this week.

Mrs. Thomas Vantress is spending

a few weeks in Iowa on account of poor health. We hope she will be benefited by the change.

Miss Lena Scott of Ipswich, S. D. is visiting her brother, Roy Scott, and other relatives in Quaker Valley.

Miss Hanson, who has been the guest of Mrs. Dr. Churchill, has gone to St. Paul for a month.

Mrs. Robbins of Denver has been visiting at the home of her brother-in-law, Alton Robins.

Mrs. Wm. Howe is enjoying a visit with her mother, Mrs. Carpenter of Creston, Iowa, and also of her son, Roy, of Des Moines, Iowa.

Miss Marie Owen has come home to spend her vacation from Indianola, Iowa, where she has been attending high school.

Arthur Petersen is putting up a new windmill.

Elton Spain, who is working near Ellsworth, spent last Sunday with his parents.

Mrs. Jones and son Worth called at Dr. Haworth's Sunday afternoon.

**HOMESTEAD**

Grass in this section was never finer at this time of the year than now and stock is looking fine.

We are glad to report Mr. and Mrs. Morton's boy who was threatened with typhoid fever as being well again.

Several people around here have suffered the loss of young colts because of the prevalent disease among mares.

Walter Scott had his boys and girls in the field pulling sour dock from his small grain last Monday. This pesky dock is worse and more destructive to crops than the Russian thistle ever was.

W. A. Rider has finished listing in his corn on the Weir place.

Our neighbors are beginning to fear dry weather again since the long season of threatening weather last week failed to bring rain.

It was a happy event last Sunday when about twenty neighbors and friends of Mr. and Mrs. W. L. Jewell gathered in their hospitable home to spend the day. Mrs. Jewell, who by the way is one of the best and neatest house-keepers in our country, got up a fine dinner, a sheep having been butchered for the occasion, and served her guests to ice cream, cake, fruit, and all the good things obtainable. Mr. Jewell is arranging to have a public sale about the 26th of June, when he will offer for sale all his household goods, farming implements, 45 horses, a bunch of cattle, etc., preparatory to leaving for Oregon, where they will look up a location for a home. We hate to see these good people, whose hospitality has been so freely ministered to everyone for so many years, leaving our neighborhood. Watch for their sale bills.

For several days past the Homesteaders have been very busy preparing for Children's Day exercises at the school house, and last Sunday the entire neighborhood assembled, bringing their basket dinners, and proceeded to spend the day in a happy and befitting way. An excellent program was separated into two parts, before and after noon, and a long table was spread out-of-doors, loaded with edibles of choicest kind, and about seventy-five of our neighbors sat around it in the genuine good old time neighborly spirit. After dinner a picture was taken of the crowd, and after such beautiful songs and recitations by the children and a short talk by Rev. Bell, who was present with his new wife all went to their homes happier and better for having spent the day to their happiness and betterment.

The Marsland-Carly phone line is in process of construction, and poles are being set across the Ball, Weir, Peterson and Ryan homesteads to Carly, with Joe Lashley of Carly in charge of the work.

Neighbors Hiser, Spoon, Hawkins, Scott, and Ball are about thru with their farming, all having in good crops.

The Homestead school district has been divided, a new district being created. A new school house will be built on the Patterson homestead in a few weeks. The new school board is composed of John Ryan, David Morton and L. M. Hawkins.

A. D. Weir, who has bought a home in Arkansas and is here arranging for the sale of his stock, has a cook stove, heating stove, a dining table, a barrel churn, and a few other things for sale on his homestead 7 miles northwest of Canton.

T. C. Colvin came down from Hemingford Tuesday to look over the city with a view to trading land for property here. Mrs. Colvin and two grand-children have been here for the past two months. They have seven quarter sections of land near Hemingford, and having done their full share of farm work have decided to retire from the farm. Mr. Colvin favored this office with a call yesterday and subscribed for The Herald, which will keep them posted on Alliance and Hemingford, as well as other county news.

Miss Jennie Boon, who has been spending a couple of weeks on a ranch near Cleman, returned to this city last Friday.

# Majestic

THE RANGE REPUTATION!

In case of serious illness, you wouldn't call in any old doctor, but would get the best doctor you knew of, The Doctor with a Reputation, the doctor that has shown his worth by years of good honest service.

Then why buy any old range, when you can get The Great Majestic, The Range with a reputation—a reputation won by years of constant, honest and economical service.

The Majestic is made right—OF NON-BREAKABLE MALLEABLE IRON, and RUST-RESISTING CHARCOAL IRON. All parts of the Majestic are riveted together (not bolted) practically airtight—no cold enters range or hot air escapes, thus baking perfect with about half the fuel used in a range that is bolted and pasted together with stove putty.

The All-Copper Movable Reservoir on the Majestic is absolutely the only reservoir worthy of the name. It heats 15 gallons of water while breakfast is cooking, and when water boils it can be moved away from fire by simply shifting lever.

Call at our store and let us show you why the Majestic is absolutely the best range on the market.

Your neighbor has one—ask her. All styles and sizes.
