sending for any, depending on the generosity of the people along the route to supply him with the needful, etc., etc. And, strange to say, he meets easy marks who hand him out the coin. Instead of giving them money, a No. 10 boot properly applied to such grafters would

The editor of the Rushville Recorder will probably see to it hereafter that postage is fully prepaid on letters which he sends out. Recently it was necessary for him to make a night trip by automobile to Alliance to bring over a proof of publication which was necessary to be at the U.S. land office by 9 a. m., having been notified by wire the evening before that it had not arrived. He claims that the letter containing the proof of publication was in the Alliance post office at the time, but had not been delivered on account of postage due on it. He tries to blame the post office employes here for the trouble, but The Herald wishes to inform Bro. Cooper that where he will find one post office conducted better than the one at Alliance he will find hundreds of them that are not conducted as well. In fact, is there is a post office anywhere

that is managed better than ours we would like to know where it
