Rexall Vegetable Compound is for women. It has been devised with a scientific understanding of the diseases to be treated, and of the action of the drugs most useful in their treatment. It is prepared to meet the wants of those women who from troubles incident to the change suffer from painful menstruation or from troubles incident to the change of life, or who, during pregnancy, stand in need of remedies to preserve the tissues of the generative organs in normal condition.

Rexall Vegetable Compound contains ingredients valuable in lessening irritation, allaying pain, stimulating activity, and overcoming the sensitiveness of the nerves and mucous and muscular tissues of the parts affected. Its tendency is to render the monthly periods normal in time and amount—to correct tardy menses—to preserve at normal the tissues of the female generative organs. We guarantee it to give satisfaction in the cases mentioned above, and to benefit your health—or your money back. Price, \$1.00. Sold in this community only at our store. The Rexall Store, F. E.
