# FORD

We have just received a carload of eight of the new 1913 Touring cars. They were unloaded on Tuesday. Part of them have already been sold. The rest are on our sales-room floor. Will you come and look at them. Let us take you for a ride in the bracing western Nebraska air in this incomparable car that sells for half what the heavy, expensive-to-keep-up cars do.

Every improvement made in the Ford for 1913 has been carefully tried out and thoroughly tested and every one of these improvements gives added value to the car.

The Ford for 1913 is far ahead of any other low-priced car. We have ordered 110 for western Nebraska. We expect to sell more. We have one for you. It costs you nothing to test the Ford. We invite you to compare it with other cars selling for much more money.

Our garage is the best equipped in western Nebraska. Special attention is given to repair work which is done by first class competent repair men. No matter what kind of a car you have we can repair it.
