AN UP-TO-DATE MACHINE

We are pleased to insert in this issue of The Herald an advertisement for Rosenkranz & Fox, the blacksmiths, announcing the installation in their shop of an Autogenous welding plant. Welding by this new process is a remarkable advance over the old methods. Some kinds of work can be done successfully that cannot be touched by any other method. Cracked automobile cylinders and other expensive pieces of machinery that would otherwise have to be thrown into the scrap pile can be repaired and made as good as new. We are especially pleased that one of these plants has been installed in Alliance, thus having done in this city work that would otherwise be sent to Denver or other large cities.

\$100 REWARD, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials.

PHYSICIAN AT STRASBURGER

Hon. John B. Strasburger returned the fore part of last week from his eastern trip, accompanied by Dr. A. Clarence Schoch of Chicago. They were in Alliance Friday and favored The Herald with a very pleasant call. After inspecting the country around Strasburger, Sheridan county, Dr. Schoch decided to locate in that community and accordingly entered a claim to a section of Uncle Sam's land, upon which he will take up his residence within the next six months. He returned to Chicago, leaving Alliance on 42 Friday night, expecting to come back to this country next spring.

VISITED HOME FOLKS

Della Watson, of The Herald force, visited over Thanksgiving and the last of the week with her parents near Hemingford.

IMPROVE BREED OF CATTLE

L. N. Worley left Saturday night for Omaha, intending to go from there to Iowa points and probably into northern Missouri to purchase a bunch of full blood Hereford bulls to ship to Alliance, part of which he will use on his own ranch and sell part of them. Mr. Worley and other leading ranchmen of this section believe it will pay to improve the breed of cattle in this country and will go to considerable expense for that purpose. C. E. Clough is one of the other Hereford men who will do the same.

The Skin and Not the Blood

Until recently it has been a generally accepted theory that eczema was a disease of the blood. Scientific investigations have taught us that eczema is positively a skin disease and curable through the skin alone. Meritol Eczema Remedy is applied directly to the diseased skin, the effect is marvelous and its results permanent. Do not delay trying Meritol Eczema Remedy. F. J. Brennan.

"I want to thank you from the bottom of my heart," wrote C. B. Rader, of Lewisburg, W. Va., "for the wonderful double benefit I got from Electric Bitters. In curing me of both a severe case of stomach trouble and of rheumatism, from which I had been an almost helpless sufferer for ten years. It suited my case as though made just for me." For dyspepsia, indigestion, jaundice, and to rid the system of kidney poisons that cause rheumatism, Electric Bitters have no superior. Try them. Every bottle is guaranteed to satisfy. BROKEN WRIST

Miss Della Reid, county superintendent, who fell and broke her wrist last week, still finds it necessary to have splints on the injured arm but states that it is now getting much better. She slipped on an icy sidewalk last week and in falling broke one of the bones in the left wrist.

She has continued to give steady attention to her official duties and the accident did not interfere with her work.

A New Discovery

One of the sensations of the twentieth century is Meritol Rheumatism Powders. A boon to every sufferer. The best known remedy for rheumatism in all its forms. Ask those who have tried it. F. J. Brennan.

"STARS HEAD THE COMPANY"

Playgoers will be interested to know that the company which opens at the Phelan opera house starting tonight is headed by two musical comedy stars who have toured this state many times. They are John E. Frank and Miss Nellie Waters who featured in the "District Leader" and the "Flower of the Ranch" so successfully. Miss Waters closed the season just passed at South Bend, Ind., with "The Cat and the Fiddle" in which she was featured strongly, and Mr. Frank was with "The Golden Girl" all last season playing John Cort Time in the West. Few stock companies are so fortunate as to offer two stars like Miss Waters and Mr. Frank. The opening play will be a three-act musical comedy drama tonight at the Phelan opera house, with four high class vaudeville acts, change of play every night, during this engagement.
