Oscar Braman of Alliance was at Marsland at the time of the fire last week and did some good in helping to get the people out of the hotel after the fire was discovered. One man at least would have perished in the flames had it not been for the persistent efforts made to get him out. Talk about a person sleeping like a log, this man was gotten out of bed once, but still was not awake and crawled back in again. The next time they went after him they woke him up and he escaped in his night clothes.
