Regular Meeting Held

One of the best meetings that we have seen for a long time was held at the Hotel Alliance last Saturday afternoon. A good crowd of members attended and all took part. The regular meetings of the post are getting larger each month. A number of bills, mostly expens-

es incurred for the parade on T. P. A. day at the convention, were approved and ordered paid. The appointment of Dr. C. E. Slagle as post surgeon was confirmed by letter from the national organization. The report of the national secretary was read, showing that the organization is making a tremendous gain in membership and financial strength. The report of the parade committee was received. This parade has given the post the best advertising ever given any post of the organization. Jack Berry, chairman of this committee, was complimented on his good work, although his report was short and to the point. He said, "We had a parade. It was a GOOD one."

A letter from P. F. Ackerman, state deputy hotel commissioner, was read. He has appointed Aquilla Triplet as assistant deputy hotel commissioner.

The report of A. D. Rodgers, national delegate, was interesting, to say the least. Among other things he said, "It was like going to a

three-ring circus. You couldn't see it all. I certainly would like to attend every national convention and will go next time, if I have the opportunity. Every member that can go should do so." He reported that he had subscribed five dollars for the post to the Homer T. Wilson fund, which was approved. This fund takes the place of a widow's and orphan's fund, in the organization.

On motion, it was voted to hold the monthly and special meetings of the post alternately at the Alliance, Burlington and Drake hotels. On motion, it was voted that all three of the above hotels be made T. P. A. headquarters.

It was voted to appoint a committee for the purpose of investigating the proposition of presenting a home talent play in Alliance sometime within the next few weeks, members of Post M to fill the cast and the funds received to go into the post treasury. President Strong appointed Jack Hawes, J. C. Berry and S. W. Thompson as this committee. They will report at the next meeting.

It was voted that a roll of honor be established, the members securing new members to have their names placed on this roll of honor, those securing the most applications for membership to head the list. It was voted to award a gold T. P. A. ring to the member securing the most applications before January 1st, 1914.

Meeting adjourned, to meet at the Drake Hotel in Alliance, at 2:30 in the afternoon, Saturday, August 9th. Members sending in new applica-

tions should not forget to be sure to put the words Post M, with their name and number, at the bottom of the application, in order that this post will get proper credit for the new members.

Mrs. Jack Hawes and family will return from their summer vacation on Sunday, the 20th. Mrs. Hawes has visited friends and relatives at Fremont and David City, Nebraska. She will probably be accompanied by her aunt, who will visit the balance of the summer with the family.

Getting Profit Out of Employees

The following article, taken from the Alliance Grocery Company Market Bulletin for July 16th, was written by L. H. Highland and we consider it very timely and containing thoughts worth considering. It was admitted by the large mail order houses that a portion of their profits were made from low wages paid to women employees, in the recent Illinois vice investigation. The article written by Mr. Highland is as follows:

It may be that we are not progressive, but if being progressive means that we are to dig our profits out of our employees by paying them such wages that it will be necessary for them to resort to other means after business hours to help keep up their expenses, we prefer to remain old fashioned in our ideas. We believe that any individual or set of individuals that turn money into their tills by such systems are criminals (morally at least) as much as the white slaver.

Another of our old fashioned ideas is that any one who patronizes such an institution is as much at fault as the parties who conduct the business, although they do not intend to encourage anything of the kind. We have individuals in mind who are always ready to help those in need of their ministrations, who will, before returning home, buy a post office money order to encourage the making of others to take the place of the unfortunate one they have been helping.

Now just step and think how often we hear of some society of ladies, such as auxiliaries of lodges, aid societies, or clubs, making donations of money or mapping out a particular line of work for the purpose of assisting in the prevention of crime, and then UN-THOUGHT-EDLY sending a remittance to some of the institutions who are responsible for such conditions, within the week.

We are prompted to make these remarks after thoroughly considering the facts brought out before the Illinois vice investigating committee earlier in the year, when the fact was established and admitted by the chief "offenders" themselves that they had to pay less than the so-called minimum wage, in order to meet competition. The same authorities placed as a low estimate 2,000 women receiving less than the minimum wage, and stated that it was none of their affairs how these people managed to live.

We pay our employees good salaries, expect a reasonable profit, and give our personal guarantee on every article of goods delivered.

Surprising Cure of Stomach Trouble

When you have trouble with your stomach or chronic constipation don't imagine that your case is beyond help just because your doctor fails to give you relief. Mrs. G. Steggle, Plainfield, N. J., writes, "For over a month past I have been troubled with my stomach. Everything I ate upset it terribly. One of Chamberlain's advertising booklets came to me. After reading a few of the letters from people who had been cured by Chamberlain's Tablets, I decided to try them. I have taken nearly three-fourths of a package of them and can now eat almost everything that I want." For sale by all dealers.

THIRD WEEK IN SEPTEMBER SET AS DATE FOR BOOSTER EDITORS

OMAHA, July 10.—The third week in September was decided upon as the time for issuing the Booster Editions of Nebraska newspapers. This date was selected by the executive committee of the Nebraska Press Association, at a meeting held last week. In order to centralize the work and avoid confusion, the details of the edition were put in charge of a special committee of three: C. C. Johns, secretary of the Nebraska Press Association; Ross Hammond, a member of the Association, and E. V. Parrish, manager of the Bureau of Publicity of Omaha.

A letter outlining the plans, as promulgated by the committee in charge, will be sent to all newspaper men of the state soon. In addition, secretary Johns is preparing a list of suggestions, which may aid in establishing a systematic line of action.

From letters which have been received, it is certain that more than 200 papers will co-operate in the edition, and it is quite probable that the number will go over the 300 mark.
