VAN NICE HAS FINE ORCHARD

Former Alliance Man, Now in Florida, Receives Compliment on Fine Orchard Planted for McCluer

H. A. Van Nice who left Alliance about two years ago for Florida is caring for his own land and also that of several Alliance people who have land there.

This letter was written to Mr. McCluer by C. N. Marcellus, who owns fruit land near Largo. Mr. Marcellus spends his summers in Chicago and his winters in Florida.

The letter follows: St. Petersburg, Fla., 10-31-13.

Mr. E. C. McCluer, Alliance, Nebr.

Dear Sir: The writer has arrived in Florida to make it his permanent home for the remainder of his days, and during the month he has been here he has enjoyed the delights of this salubrious climate.

He will probably build on his place this summer, and was out there a couple of times to look it over.

Mr. Van Nice has had charge of it and it has been well cared for. I can readily see that altho it takes considerable to have it done, good results show up compared with those that do not give proper time and attention to their work or that are not properly compensated.

Every tree that you planted is looking its best and if you visit us this winter you will certainly be well pleased if not surprised. Even the natives are taking off their hats to our Nebraskan grove maker on the flatlands, and have concluded that after all his chickens won't have to be web footed.

Very truly yours, C. N. MARCELLUS.

ALLIANCE COUPLE MARRIED

Wednesday evening at the home of the groom's sister, Mrs. Chester Rogers, occurred the marriage of Mr. George Watson and Miss Elizabeth Douglas, both of Alliance.

FIVE NEW MEMBERS

Five new members were taken into the Alliance Fire Department at the regular meeting Wednesday evening. This fills the department up to the limit of seventy-five members.

The average man in Huerta's position just now would be interesting himself less in documents of state than in timetables and the general literature of steamboat lines.

THE WEATHER

Generally fair tonight and Friday. Colder south and east portions tonight; moderate northerly winds.

WESTERN NEBRASKA IS A PARADISE FOR STOCKMEN. ABOVE IS SHOWN A RANCH SCENE NEAR ALLIANCE

An organization that has done much for the advancement of the Nebraska stockmen is the Nebraska Stockgrowers' Association, of which The Herald is the official organ.

The cost of membership in the Nebraska Stockgrowers' Association is very light and the benefits are great. If you are in the stock raising business and are not a member of the association you should fill out the blank in this issue of The Herald and send in at once.

FOREIGNERS ARE RUSHING FROM MEXICO CITY

Huerta Defies United States---Lind Goes to Vera Cruz--- German Legation Warns Germans to Leave Mexico---Intervention Expected

(International News Service) Vera Cruz, Mexico, Nov. 13—John Lind, personal envoy of President Wilson, arrived here from Mexico City at 8 o'clock this morning.

The German legation has warned all Germans to leave Mexico. Every train from Mexico City is crowded. Everybody expects developments to be fast and furious.

Washington, Nov. 13—President Wilson has completed his statement concerning the Mexican negotiations. This defines his policy and will be virtually a statement of what will be done to Huerta in Mexico.

Mexico City, Nov. 13—Huerta has refused to accede to the demands of the United States which were made on him in an ultimatum delivered by John Lind, personal representative

of President Wilson. The ultimatum was delivered Wednesday.

General Huerta was notified early in the day that unless he returned an answer by 6 o'clock to the effect that he would prevent the newly elected congress from convening, and, furthermore, make this action known to the members of the diplomatic corps by midnight, the United States would have no further parleying with the Mexican government.

Lind waited until 6 o'clock and received no answer. He then made arrangements for his departure on the train leaving for Vera Cruz at 8 o'clock.

The prevention of the convening of congress has been one essential point in the negotiations conducted by Lind. There were two reasons for this, first, it was thought that the new congress would lose no time in passing measures having to do with the oil concessions; and, second, because the convening of congress would give an air of legality to Huerta's government.

News of the conference at Nogales, Sonora state, between William B. Hale, President Wilson's personal representative, and Genral Carranza caused intense excitement here.

Many persons who were contemplating leaving the country in the near future made hurried preparations and caught the night train to Vera Cruz, preferring to wait there until they can procure steamer accommodations to remaining in the capital.

Lind was said to have received messages from Vera Cruz urging him to return at once, for fear the railroad would be cut.

Nogales, Sonora, Nov. 13—William Bayard Hale, personal representative of President Wilson, last night met the constitutionalist chief, Gen. Venustiano Carranza, and his cabinet, and presented to them a definite proposal from the American government.

BULLETIN—3 p. m.

Washington, Nov. 13—President Wilson says there have been favorable developments in the Mexican situation but has not given details. The policy of the administration may not be announced publicly for the present.

Mexico City, Nov. 13—All newly elected senators and deputies have been officially notified to assemble November 15. Nobody has yet an official statement from Huerta but it is reported that he realizes his defiance to the demands of the United States is hopeless and that he is preparing to abdicate.

PROVES TO BE A LIVE NEWSPAPER

Proofs Plenty that the Advertisements in a Live Newspaper Are Read and Acted Upon by Readers

It is not possible to accurately estimate the service to the public of a live newspaper, but the more one investigates the matter the more evident it is that the service is extensive and valuable.

Last evening the editor of The Herald received a telephone call from Broadwater, Nebr., in regard to advertisement that recently appeared in the paper.

The next record for a no-stop flight may be made by a prominent Mexican statesman.

he and his wife have no children and are well to do, they are disposed to give the boys a good home. Negotiations are now under way that will probably bring about results that could not have otherwise been secured.

After all, The Herald is the paper that really reaches the people of Alliance and the surrounding country.

WILL SELL BOX BUTTE LAND

The Herald is in receipt of a letter from J. W. Kingsley ordering his paper changed from Holdrege, Nebr., to York, where he has gone into the real estate business as manager of the J. W. Kingsley Co. Land Agency.

No sham battles for a man that has as many real battles on hand as the president has at Washington.
