

The Christmas Edition of the Alliance Herald

Will be in the same class as previous editions. It will be a combination of Christmas and Booster edition. Interesting write-ups of local people and businessmen will be given. An extra large number of copies will be printed and circulated.

New type and printing material, handled by Expert Printers, combine to make this edition the best of the year. We will help advertisers plan and lay out their copy without extra charge. Reserve your space now.

The date will be

Thursday, Dec. 11

Just the right time for you to reach
the Christmas buyers

WORK, NOT LUCK, IS REQUIREMENT FOR WINNING AUTO

If You Work Hard, You Will Find
That Luck Will Be on
the Job

Don't bewail the fact that you are not lucky. Look into the matter closely and perhaps you will find the trouble is that you are not working. Luck comes to those who work for it, and for that matter, everything else comes the same way. If you are out after that Ford Automobile and have any intentions of getting it, don't trust to luck, but work—work hard, too. This Universal Club isn't going to last forever and if you don't get busy pretty soon, you are likely to lose out. The Club will close on the evening of December 20.

The extra credit offer which we have on this week should be a big inducement for you to make this your banner week. Just think where that first prize ballot would place you in the list. You can't afford to pass it up. Go after it in earnest. If you have any promised support, now is the time to get it. Tell all those who have promised you a subscription, that if they wish to help you to the fullest extent, that this is the week when it will do you the most good. Make it a point to see everyone this week, and if there is anyone who would help you, I will be glad to furnish them with the necessary supplies. Get them all to working for you.

Yours for success,
GEO. R. PARSONS,
Club Manager.

Following are the names of the members and their standings to Nov. 30:

ALLIANCE	
W. J. Tragessor	67,020

REED-KUHLMAN WEDDING

The many Alliance and Box Butte county friends of Ray Reed will be pleased to learn of his marriage to an Idaho young lady, Miss Elizabeth Kuhlman. The happy event took place at Weiser, Idaho, on Wednesday, November 26, 1913.

The bride has been a Red Cross, a most estimable woman, who will make a worthy helpmeet for her husband. The groom, who is a son of Mr. and Mrs. Ira Reed, formerly of Alliance, is a brother of Miss Della M. Reed, county superintendent of Box Butte county. He was a student of the Alliance High school previous to his removal to Idaho, five years ago. He has a home-stand near Weiser, on which he and his wife will reside.

The Herald extends the congratulations and best wishes of the many friends in this city and the surrounding country.

A FINE EQUIPMENT

J. D. Emerick, abstractor and city clerk, has installed a fine steel cabinet in his office in the Opera house block for his set of books and other records. The cabinet is fireproof and furnishes fine protection for his records.

3,000 readers every evening—The Daily Herald.

BIRTHDAY PRESENTS

Yesterday being the birthday anniversary of Mrs. Carl Green, the other employees of Hotel Drake made the occasion a happy one by remembering her with a number of beautiful and useful presents.

TRIAL HELD OFF

MULLEN, Nebr., Dec. 4.—The trial between J. Warden and the Big Creek Cattle Co., which was to take place at Brownlee, was not opened on account of Warden's failure to appear. Warden refused to accept the price the appraisers offered him for the damage done by the defendant's cattle.

RECENT NEWS OF STATE NORMAL

Interesting Items About Peru State
Normal for Herald Readers
by Special Correspondent

PERU, Nebr., Dec. 4.—The Everett Literary society gave a pleasing operetta last Friday evening in the chapel to which the faculty and the Philomathean Literary society were invited to attend.

Miss Ellis, teacher of History, spent Thanksgiving with her sister in St. Louis.

The girls' gymnasium classes gave the customary gymnasium party on Thursday evening. Games were played and light refreshments served. A splendid time was reported by the two hundred fifty girls who attended.

The Normal seemed to be overflowing with visitors last Friday. Col. Majors and Dr. Gettys of the State Board of Education spoke at chapel and also Miss McHugh, principal of the Omaha High school, gave an interesting talk. A large number of alumni were present at chapel.

Instead of the regular Sunday afternoon meetings of the Y. W. and Y. M. C. A., special meetings were held in the Baptist and Christian churches last Sunday which were conducted by Dr. Betts of Kansas City. In the evening Dr. Betts addressed a union meeting at the M. E. church. Dr. Betts is an international lecturer on the subject of White Slavery and discussed this subject at each of the three meetings.

KINKAID ITEMS

Mrs. McIntyre's sister and family, who recently sold their homestead in Sioux county, returned home with her the other day where they expect to visit a few days, after which they will depart for Oregon where they will make their future home.

There was quite a large prairie fire in this neighborhood last week, but no particular damage done, only a little grass burnt off of Mr. Unger's and Mr. McLaughlin's ranch.

Mrs. Rodgers and daughter Verna spent a few days out at the home ranch last week.

P. Workman and family ate turkey at their son's home Thanksgiving.

Mr. and Mrs. McIntyre were shopping in Alliance last Saturday.

Mr. and Mrs. B. C. Soth spent Saturday evening at Mrs. Rodgers'. Oysters and other refreshments were served. They report a very pleasant time.

Mrs. Lee McIntyre's sister, Mrs. E. L. Hawkins, and family departed Tuesday for Oregon where they expect to make their future home.

Mrs. Wilcox, who has been visiting her daughter, Mrs. Lee McIntyre, the past month, departed Tuesday for home in the west.

NEWS NOTES BY FOREST SERVICE

Items from U. S. Department of Agriculture Interesting to our
Prairie Country Readers

At first thought it may appear to some that news notes from the U. S. Forest Service are not interesting to readers generally of a paper whose circulation is principally in a prairie country, but there are many things pertaining to this part of the national Department of Agriculture that will interest Herald readers. As a matter of fact, for quite a number of years past the Forest Service has been giving attention to northwestern Nebraska.

Referring to the Nebraska National Forest Reserve, reminds us of the man of whom we heard during the registration at Broken Bow. We think he was from Missouri and had to be shown. It was said that he had his plans made to bring a saw mill to Hyannis in the event of drawing a claim, supposing that the Forest Reserve was covered with forests and that large quantities of lumber might be manufactured.

Forest Notes from Washington

The following forest notes were sent The Herald from the Forest Service of the Department of Agriculture at Washington:

Eastern manufacturers are looking to the northwest for hardwoods for the manufacture of clothespins. They particularly want birch.

The Panama canal commission has requested the forest service to inspect the timber being crosscut at Seattle and Tacoma for the commission.

The net receipts from the national forests of Washington and Oregon during the past four months amounted to \$115,620, an increase of 17 per cent over receipts for the same period last year.

Of the two million trees to be planted on the national forests of Montana and northern Idaho during the present fiscal year, one-half have been set out this fall and the rest will be put in next spring.

CANTON WILL BE ORGANIZED

New Branch of I. O. O. F. Will Be Organized on December 15

The Alliance Canton of the I. O. O. F. will be organized on December 15. The new uniforms have been shipped and will be here for the members on that date. The installation will be under the direction of Col. B. A. Rosebrough of the Mitchell Canton. General E. Boyd, D. C., may be here at that time also. He is located at Central City.

The number of the local Canton will be 24. A name will be given the lodge. Several names are being suggested by members.

TAKE HORSES TO TORRINGTON

Angora Correspondent Gives Newsy
List of Recent Happenings
in Neighboring Town

ANGORA, Nebr., Dec. 2.—Mr. and Mrs. Jack Fowler of Torrington, Wyoming, have been in Angora several days rounding up the horses they recently purchased from A. G. Stoner. They drove the horses through to Torrington, leaving Angora Monday noon.

G. A. Dove, wife and two sons, Oph and Earl, went to Scottsbluff Sunday in the Dove Ford. They spent the day with Earl Justice and family.

Martin Henderson fell Monday and broke his right arm. Dr. Palmer was called from Bridgeport to set the arm.

Wm. Orr has returned from a visit to Morrill. He left his little daughter Leone much improved from her recent illness.

Mrs. G. A. Glau and daughter Esther have gone to Denver to spend the winter.

Mr. and Mrs. L. L. Chambers went to Minatare the first of the week on business.

Ralph Sherlock and wife are visiting relatives near Angora. They live near Cairo but are favorably impressed with this part of the state and may locate here.

Mrs. Andrew Stoner is on the sick list, being confined to her room with an attack of la grippe.

Mr. and Mrs. Jno. Barry are rejoicing over the arrival of a baby girl, born Tuesday.

BIG GOOSE FEED

The lucky hunters who secured eleven head of wild geese the first of the week celebrated by having a goose feed at the home of Bert Laing Tuesday evening. Those of the men who were married were accompanied by their wives, who did the cooking and prepared the feast.

Around the festive board were H. T. Lund and wife, James Keeler and wife, E. G. Laing and wife, and Geo. Snyder.

WOULD HURRY FEDERAL BLDG.

City Council Passes Resolution Asking
Passage of Bill in Congress
to Facilitate Construction

At the meeting of the city council Tuesday evening the city clerk was instructed to draw up a resolution requesting our congressmen and senators to support bill No. 3063 in the United States Senate. This bill provides, as explained in the letter below for the employment of extra help by the government to prepare plans for public buildings.

The letter from the Portland Chamber of Commerce to the mayor is as follows:
To the Honorable Mayor,
Alliance, Nebr.

Dear Sir:
I have the honor of enclosing herewith, a set of Resolutions of this Chamber, also clippings from the Portland Oregonian, and would invite your kind consideration to the following observations:

Alliance has received an appropriation by Congress of \$75,000.00 for the purpose of erecting a United States Post Office and Federal Bldg.

It will be from three to five years before plans can be prepared in the Architect's Office at Washington under present conditions.

There are 724 authorized buildings at present in the Architect's Office at Washington, all subject to this same delay.

The Architect's Office in Washington at present has virtually the same number of clerks that it had twenty years ago, with the same wage rate, and no authority to increase either, except by Act of Congress.

A Bill, No. 3063, which has the support of the Architect's Office and Treasury Department at Washington, was recently introduced in the U. S. Senate, to relieve this very unbusinesslike situation, and authorizes the Architect's Office, with certain limitations, to employ outside architects, so that these buildings may be constructed in the near future.

future.
Could you aid this work by enlisting the influence of your Delegation in Congress in behalf of this Bill?
Very truly yours,
PORTLAND CHAMBER
OF COMMERCE.
E. C. Giltner, Secy.

NEW PROPOSED IRRIGATION PROJECT

WASHINGTON, Dec. 4.—Secretary Lane today entered into an agreement with the State of Washington under which the Interior Department and the State each allot \$10,000 to be expended in making surveys, estimates, and investigations to determine the feasibility and approximate cost of storing and carrying the waters of Palouse River and its tributaries, for the irrigation of lands in Franklin county, Washington. The proposed project, if undertaken, will develop valuable water power and this feature of the project will also be made the subject of investigation and report. The agreement and plans for investigation thereunder are similar to those entered into between the secretary and the state of Oregon in May, 1913, and are in line with the Secretary's policy of cooperation with the various states in promoting the storage, development and use of water for irrigation and power generation.

TRIAL HELD OFF

MULLEN, Nebr., Dec. 4.—The trial between J. Warden and the Big Creek Cattle Co., which was to take place at Brownlee, was not opened on account of Warden's failure to appear. Warden refused to accept the price the appraisers offered him for the damage done by the defendant's cattle.

BIRTHDAY PRESENTS
