

Red Cross Dynamite Doubles Yields

of corn, cotton, cereals, and all fruits and vegetables.

Ordinary plowing turns over the same shallow top-soil year after year, forming a hard and nearly impervious "plow sole" that limits the water holding capacity of the land and shuts out tons per acre of natural plant food.

Dynamiting the subsoil makes this plant food available, aerates the soil, protects vegetation against both drouth and excess rainfall, and soon repays its cost in saving of fertilizer expense and largely increased yields.

There is a new and better farm right under the old one. Subsoiling with Red Cross Dynamite gives you 6 feet of top soil instead of 6 inches.

IT'S EASY ENOUGH TO GROW TREES IN WESTERN NEBR. IF YOU GO AT IT RIGHT

Last year I had the best success ever attained in starting trees in Alliance, because I used the Dynamite method. It is practical and successful. This year I expect to set out more trees and dynamite more gardens and truck patches than ever before.

GIVE ME YOUR ORDER FOR WORK NOW

It may be when spring opens that I will have more calls for work than I can fill. "First come, first served." I will do some work outside of Alliance, if orders are received early.

IT IS NOT TOO EARLY

To order trees for spring planting, if you act IMMEDIATELY. Let me know at once what you want.

TREES GUARANTEED TO GROW

I will take your order for trees and set them out for you, and will guarantee every tree to grow.

SPECIAL OFFER

To every person giving me an order before March 20th, for trees or trees and work, amounting to \$5 or more, I will make a present of a Hydrangea or a Spiraea. These are beautiful flowering shrubs. They are both hardy and adapted to this country and climate. The selling price is 50 cents each.

PLANT TREES WITH

Red Cross Dynamite

Stops First Year Losses. Speeds Up Development One to Two Years. Improves Quantity, Color and Quality of Fruit.

The illustrations here-with are correct reproductions of photos of two-year old Bing Cherry trees planted same day out of same shipment. Similar results have been obtained all over the country. The root diagrams show the reason. You can't afford to plant trees in spaded holes.

SURPRISE PARTY ON BIRTHDAY

Ladies of G. I. A. Give Mrs. Morrison Pleasant Surprise, Monday Afternoon

Monday being the anniversary of Mrs. E. R. Morrison's birthday, the ladies of the G. I. A. of which she is a member, gave her a pleasant surprise. About 2 o'clock in the afternoon they assembled at the home of Mrs. C. H. Rockey, bringing a delicious lunch with them. From Mrs. Rockey's they went to Mrs. Morrison's. The surprise was complete and was greatly enjoyed by all.

Mrs. W. A. Bennett, president of the G. I. A., in behalf of the members, presented Mrs. Morrison with a beautiful cut glass dish as a token of their love, wishing that she may have as many more birthdays as she has already seen.

Following are the names of the ladies present: Mesdames G. V. Allen, Guy Miller, R. L. Harris, A. H. Robbins, D. Landrigan, J. A. Wolverton, W. H. White, G. W. Johnson, G. F. Wilson, C. O. Davenport, F. E. Allen, J. L. Nicolai, D. Fitzpatrick, E. L. Routh, C. B. Gibson, A. E. Nelson, P. F. Rowland, M. E. Reid, H. A. Hamilton, F. J. Carter, A. J. Cole, J. W. Edwards, C. H. Rockey, Chas. Myers, E. A. Strand, W. A. Bennett, and Belle Ayers of Kewanna, Ind.
