Osceola, Neb., July 6, 1914. Bullock Machine & Supply Co., Omaha, Neb. Gentlemen—Replying to yours, will say that I like the Tractor I got of you very much. Yours truly,
O. J. KROPATSCH.

How It Will Save You Money

The best team the United States affords cannot do plowing with the accuracy of width and depth of furrow that the Bull Tractor does. Two fourteen-inch plows drawn by the Bull Tractor will turn over twenty-eight inches all the time, for the alignment is perfect, the drive wheel stays in the furrow constantly and the steer wheel hugs the land side faithfully, compelling accurate work.

And then, too, a uniform depth of plowing is maintained, for the power is so abundant that when hard places in the soil are struck it makes no impression on the Tractor, and good work is forcibly done, bringing to light the rich under-soil to enhance production. Such excellent, first-class work is intensive farming. To work the farm with the Bull Tractor will mean a rich harvest.

Tested and Not Found Wanting

The Bull Tractor has been tested out by inventors, theoretical and practical mechanicians, old established manufacturers of farm machinery and by thousands of farmers in different states in all kinds of soil and in every conceivable traction work in the field, as well as every variety of stationary work on or about the farm premises.

Many ask if it will fill silos, saw wood, stack hay or pull it into the loft, drill wells, grade roads, haul grain to market, etc. To this it can be said that it will positively do anything that any stationary engine can perform, while as a Tractor it will do anything that horses can do, except to raise colts.

Takes Place of Five Horses

The Bull Tractor will take the place in the operation of the farm of any five horses. And its cost of operation in the field, using oil fuels at the present price, will be less in cost to the farmer for a day's operation than the price of the feed for five horses. At the end of the day's work, or the moment that the tractor stops, it requires only to be run into a shed of some kind, and instead of requiring the feed and care that five horses would require, it costs him nothing. In other words, it does not eat when it does not work.

The Proof That Alliance Readers Cannot Deny

What could furnish stronger evidence of the efficiency of any remedy than the test of time. Thousands of people testify that Doan's Kidney Pills have brought lasting results.

Grateful endorsements should prove undoubtedly the merits of this remedy. Years ago people right in this locality testified to the relief they had derived from the use of Doan's Kidney Pills. They now confirm their testimonials. They say that time has completed the test.

Peter Hansen, Potter, Nebr., says: "I have more faith in Doan's Kidney Pills than ever and I willingly confirm all I said about them before. Aside from the great benefit I got from Doan's Kidney Pills, I have known of cases where parties have been almost down and out with kidney complaint and short use of Doan's Kidney Pills has improved their health wonderfully. Cases of weak and lame back, irregular action of the kidneys and bladder, all yield readily to this remedy. Kidney complaint and I are strangers now, thanks to Doan's Kidney Pills. I cannot make this endorsement too strong."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Hansen had. Foster-Milburn Co., Props., Buffalo, N. Y.
