Pick out the one you want and send in your order right away.

**MRS. TROUT ON SUFFRAGE**

Mrs. Grace Wilbur Trout, noted suffragist lecturer of Chicago, visited Nebraska recently, speaking in Lincoln, Omaha and Beatrice. While an earnest and forceful speaker, she is free from any fanaticism, which detracts from arguments that may be presented along with it. It is not fair to the ladies of America who advocate suffrage to try to connect them in any way with the "militant suffragettes" of England. In her Nebraska lectures Mrs. Trout proved this very convincingly in the following statements:

"Does the militancy of the men of Europe reflect on the men of America? Surely those men who have been condemning equal suffrage because of the militancy of English women will now recognize their unfairness. It is kinder to deplore militancy of both sexes and be thankful we live in America.

"And it would be well for the next man who says that women should not have the ballot because they cannot defend their country to remember that the mothers of Europe cannot speak today but they can bury their dead. Women do not want to go to war, but neither do they want to be forced to send their sons and husbands to war."

Don't forget, The Alliance Herald, \$1.50 per year.

## What Brand of Matches Do You Use?

Who makes them? answer to all these questions. How many Where? can answer two of them?

Are they poisonous or non-poisonous? If people knew as much about matches as they should, they would use Safe Home Matches made by the Diamond Match Company in American factories by American labor.

Are they "single dip" or "double dip"? Which kind is better? and why? Our "job" is to educate them.

Are the sticks long and strong or short and weak?

Do the heads fly off or do they stay on?

Do they burn evenly or explosively?

### WATCH LOST, SOON FOUND

Hay Springs Lady's Gold Watch Is Found by Railroad Employee

Mrs. Mary Henry of Hay Springs attended the M. E. conference in Alliance. Before leaving the city she decided to look up her old friend, Mrs. E. A. Gilbert, living in Hill's Addition, and have a visit with her. Learning that Mrs. Gilbert resided on the south side of the railroad, Mrs. Henry crossed the viaduct and went out to South Alliance, instead of crossing west of the station. Failing to find the residence of her friend, she returned to Alliance, when she discovered that she had in her walk lost her beautiful gold watch, a present from her husband only a few months ago. She ordered an advertisement in The Herald, but happily it was not necessary to publish the ad.

Upon going to the ticket window to purchase a ticket to Crawford, enroute to Hay Springs, she remarked that she had lost her watch. The ticket agent asked her name, and when told said, "I have your watch." It was found by T. J. Hagaman, Burlington storekeeper, and left at the ticket office. As Mrs. Henry's name was on the inside of the case, there was no trouble about identification, and her joy at receiving it back so soon can be imagined better than described.

### WILSONIGRAMS

Liberty does not consist, my fellow citizens, in mere general declarations of the rights of men. It consists in the translation of those declarations into definite action.

The way to be patriotic in America is not only to love America but to love the duty that lies nearest to our hand and know that in performing it we are serving our country.

It is patriotic to learn what the facts of our national life are and to face them with candor.

We set this nation up—at any rate we professed to set it up—to vindicate the rights of men.

I would be ashamed of this flag (Stars and Stripes) if it ever did anything outside America that we would not permit it to do inside of America.

When I have made a promise I try to keep it, and I know of no other rule permissible to a nation.

### A PROFITABLE BUSINESS

Any farmer can make a good profit out of his milk cows if he will give a little of his time to the subject and go about the matter in the right way. Dairying is one of the most profitable branches of farming, and experts agree that it can be made to pay, even as a side issue, right in this neighborhood.

If you want to increase your income from your cows read Kimball's Dairy Farmer for a year. It is published twice a month and sells for \$1.00 per year. You don't need to consider the matter of cost, for we
