

JEFFERS FOUND STOLEN HARNESS

Sneak Thieves Making Practice of Stealing Articles from Wagons and Buggies Will be Nabbed

For several weeks, sneak thieves have been stealing small articles from wagons and buggies on the streets. Chief of Police Jeffers believes he has some of the parties spotted and their arrest may follow at any time. On Saturday two new bridles, valued at eight dollars, were stolen from one farm wagon. A buggy whip, valued at \$1.50, was stolen from another. Chief Jeffers found the stolen articles shortly afterwards, hidden in an old threshing machine in the west part of town. They were returned to their owners.

Buy Florida Land
James Feagins, senior member of the firm of Feagins & Son, has pur-

chased forty acres of land in Florida near the town of Vero, in the Indian River valley. "Jim" says that he had hired two good men, John Brennan and Henry Swan, to go with him down to the Indian River country and help him clear the land during the winter.

The poultry industry in the state of Nebraska has been somewhat neglected from the standpoint of the Farmers' Institutes. There are not many men in the state who are capable of talking on the matter of poultry. If you have ever stopped to think about it, you will find you know that the average farmer pays very little attention to the poultry. Usually the wife has it to take care of, and if she does not care much about it, the children gather the eggs and sometimes pen up a few chickens that are hatched out by the hens with stolen nests. If the farmers would pay as much attention to the feeding and care of his poultry as is paid to some of the other industries on the farm, he would find that in proportion to the amount of labor required and money invested, that it would be one of the most profitable of his farm enterprises. At the Farmers' Institute which is to be held in Alliance, V. E. Shirely of Central City, Nebr., will discuss the poultry proposition. He is an authority on poultry.

CHADRON NORMAL NEWS

Chadron, Nebr., Oct. 17—Mr. and Mrs. Eaton were in Chadron on Monday.

Miss Mattie Parsons spent the week end at her home in Harrison. Miss Etta Grubb started practice teaching in the primary room this week.

The senior class is doing observation work in Miss Delzell's room this week.

A number of new pupils, most of them from out of town, were enrolled last week at the normal.

Kenneth Klingaman has returned from Omaha and is now enrolled as a regular pupil at the normal.

In the commercial department, Mr. Hargis reports the receipt of two new Underwood typewriters.

Misses Edna and Florence Collins spent last Saturday and Sunday at their home in Merriman.

There are three new members in the review arithmetic class: Dahlman Phillips, Augusta Beckman and Esther Jones.

Mrs. D. McMillan of Manderson, S. D., was in Chadron on last Thursday and Friday, a guest at the home of Mrs. Patterson.

The painting lesson in the fifth and sixth grades Friday was the coloring of flags of Germany, Belgium, Russia, France and England.

The junior observation class is divided into two sections. One section is observing in the primary room; the other, in the eighth grade.

Coach Keester has been putting the boys through signal practice the past week. A deal of proficiency has been shown in their use.

All classes in the German department show a large increase in enrollment over last year. The third year class has more than doubled in numbers.

Several classes are using new textbooks which aim at a direct understanding of the German without the intermediate step of translation into English.

Everyone get out and boost for the game with Spearfish, October 24. This is the first big game of the season and ought to be a hummer.

Chemistry III have finished their McPherson & Henderson text and have now taken up qualitative analysis. There are seven people enrolled for this course.

President Sparks will leave on Thursday of this week for Omaha to attend a conference of the Normal school presidents relative to the revision of the course of study.

There is quite a warm contest in algebra III. The dormitory girls have challenged the remainder of the class in the matter of work, grades and averages.

The sixth grade had a very interesting lesson Thursday on the study of immigration and the reasons why the population of the United States has increased so rapidly. Pictures of Ellis Island added much to the interest of the lesson.

A large carbon portrait of the great German poet and dramatist, Schiller, has been hung in the German room. The picture is the gift of the German club to the department, and will be enjoyed by many succeeding classes.

Miss Paine, of the mathematics department, reports an ever increasing class in algebra I. The thirty-six mark has now been reached, Eva and Elsie Palmer and Kenneth Klingaman being the last ones enrolled.

Last week upon the gridiron, Orin Weymouth was elected captain of the football team. Mr. Weymouth popularly known as "Pidge" is one of the most consistent players of last year's backfield. Under his leadership, the "Cardinal and White" will have a victorious season.

The seventh and eighth grades have studied the life of Sir Edwin Landseer, the past week. This week included his nationality, boyhood, manhood, influential friends, themes and famous pictures. Next week they will take up "The Shepherd's Bible", painted by this artist.

The senior class has started the ball rolling in the matter of class organization. At a meeting held on Friday the following officers were elected: President, Ray Bigelow; vice president, Naomi Good; secretary, Clarence Carley; treasurer, George Loewenthal; sergeant-at-arms, Edgar Wright; class editor, Ruth Sturdevant. A play committee consisting of Beatrice Schenck and Elma Sturdevant was appointed. The dormitory girls' club met

Tuesday evening and report a very pleasant as well as profitable evening. The girls expressed their willingness to help Mrs. McLean in making the dormitory more homelike. They hope soon to have the place in shape for receiving visitors. Mr. Sparks has ordered more furniture and rugs for the reception hall, and the girls have pledged themselves to make pillows to brighten up the room. The club has not yet reached a decision in regard to a name but hope to be able to announce it next week.

On Friday morning the football boys were placed in charge of the chapel exercises, and the time was devoted to a football rally. Ray Bigelow presided with a dignity worthy of a college president, and Mr. Spangler directed the music. Rex Coffee, the last year's captain, was first called upon to address the assembly. He was followed by Captain Weymouth, Mr. Keester, the coach, and several members of the team. A few school songs were sung, and some school yells given. From the enthusiasm and spirit displayed by both players and rooters, we predict a victory for our normal on October 24.

Wednesday evening is the entertainment evening at the dormitory. Each week Mrs. McLean tries to furnish a program along educational lines. So far, this has proved a great success. Last Wednesday, Miss Clark of the Normal school gave us a talk which was intensely interesting, and could not fail to be of great benefit to all present. Her subject was "Browning". She forcefully pointed out the value to all, of good literature; gave a brief review of Browning's life; and then read a few selections from his works. These selections were chosen with a view to giving her hearers a desire for more, and she surely succeeded. Miss Swedberg, with her usual grace, favored the girls with a beautiful piano selection.

Last Friday evening at 7:30 the members of the faculty gave a reception to the normal students. The first part of the evening was given over to several musical numbers, which were very much enjoyed by all, as was shown by the applause which in each case demanded an encore. The program was as follows: A piano duet by Misses Wilson and Leppia; a mandolin solo by Mr. Keester; and a quartet by Misses Copeland and Pollock and Messrs. Bowman and Irwin. The second part of the entertainment was introduced by a grand march, in which the student body participated with much enjoyment. This was followed by several novel and exciting contests. Refreshments, consisting of punch and wafers, were served. At 10 o'clock the students went home, satisfied with the ability of the faculty members as entertainers.

LOCAL DRUGGIST SAYS:
"TAKE ONLY ONE DOSE"

We want to tell those in Alliance suffering from stomach or bowel trouble that we are agents for the simple mixture of buckthorn bark, glycerine, etc., known as Adler-I-ka, the remedy which became famous by curing appendicitis. This is the most thorough bowel cleanser known and JUST ONE DOSE relieves sour stomach, gas on the stomach and constipation almost IMMEDIATELY. You will be surprised at the QUICK action of Adler-I-ka. T. Thiele, Druggist.—Adv.-oct15-4089

Your Fall Colds Need Attention

No use to fuss and try to wear it out. It will wear you out instead. Take Dr. King's New Discovery, relief follows quickly. It checks your cold and soothes your cough away. Pleasant, Antiseptic and Healing. Children like it. Get a 50c bottle of Dr. King's New Discovery and keep it in the house. "Our family Cough and Cold Doctor," writes Lewis Chamberlain, Manchester, Ohio. Money back if not satisfied, but it nearly always helps. 43-51-4029

BACK HURTS USE SALTS FOR KIDNEYS

Eat less meat if kidneys feel like lead or bladder bothers you—Meat forms uric acid.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water where breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithin, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious kidney ailments. A well-known local druggist says he has sold lots of Jad Salts to folks who believe overcoming kidney trouble while it is easy.
