

PROPRIETOR TAKES CHARGE

Alliance Cleaning Works Again in Hands of Mrs. Zehrung, Who Will Conduct Business

As will be seen by Mrs. Anna Zehrung's announcements in The Herald, she has again taken charge of the Alliance Cleaning Works, 402 Box Butte avenue. Hereafter the business will be conducted under her personal supervision, which will be good news for the patrons, as she has made a reputation in Alliance and the surrounding territory for first-class work in cleaning and dyeing.

An expert cleaner has been employed by Mrs. Zehrung to assist her in handling the large business which she expects the establishment to be favored with again. He will arrive within a few days and begin work

immediately upon his arrival. Vivian Hall, who has been rendering reliable assistance to Mrs. Zehrung, will continue in her employ.

The business of the Alliance Cleaning Works will not be confined to this city, altho there will be a fine home trade. Special attention will be given to mail order trade, which can be conveniently handled by making use of the parcels post.

Prominent Dawes County Farmer
Wm. Martens of Chadron, one of Dawes county's enterprising German-American farmers, passed thru Alliance last Saturday on his return from the irrigation convention at Bridgeport. Mr. Martens is one of The Herald's Dawes county friends and favored the office with a call during his stop in this city.

Pretty Gifts Made of Brown Linen

A GIFT that will be appreciated by the man or woman who travels, is an apron of brown linen, rubberized on one side, in which to carry all necessary toilet articles. The rubberizing makes the inside of the apron and its pockets waterproof. To make it requires one piece of linen 20 inches long and 14 wide for the apron and a length 17 inches for the pockets and flaps. There are five pockets. One, 4 1/2 inches deep, extending across the apron, two four inches deep, at the bottom. At the top one of the pockets is 5 1/2 inches in depth and the other four inches. Small flaps are laid at each side of all the pockets except the long one. This long pocket is closed with a flap four inches wide while the others have flaps from one and one-half to two inches wide. The apron pockets and flaps are bound with bias tape in linen color. The flaps fasten with snap fasteners.

A pretty handkerchief case is made of a straight piece of unbleached linen 17 inches long and 10 1/4 inches wide. Across one corner a spray of flowers is embroidered in pink with green foliage. Bow knots are embroidered in blue at each side of the spray. The case is lined with thin pink satin and interlined with a sheet of cotton batting, in which sachet powder is sprinkled. The edges are finished with button-hole stitching in pink silk. The case is folded crosswise at the center and the sides and top tied together with narrow satin ribbon in simple bows. One corner is turned back and fastened with a bow. This finishes an attractive, scented receptacle, shaped like an envelope, to be placed on the dressing case.

A work bag is made of coarse brown linen cut into the shape shown in the picture. It is 14 inches long and 10 1/2 wide. Two pieces are joined at the edges which are scalloped and finished with button-hole stitching in green silk floss.

New Styles in Ribbon Bags for the Holidays

EVERY return of Christmas brings with it bags made of beautiful ribbons designed for many different purposes.

A new design in a slipper bag is shown in the picture. It is made of Dresden ribbon over a pasteboard foundation. An oblong box is cut from cardboard, shaped like the cases made for opera glasses, but much longer. The bottom is an ellipse six and a half inches long and three wide. The sides are five inches deep. The bottom and sides are covered with silk and afterward joined.

The upper portion is made of a straight length of ribbon gathered about the box as shown in the picture. The second bag shown is easy to construct and suited to almost any purpose. It is made by stitching to each edge a length of striped or figured ribbon, a length of plain satin ribbon, to form a wide strip for making the bag. The ends of this strip are sewed together with a felled seam and the edges sewed together at the bottom. A casing sewed within two inches of the top, carries the ties of narrow satin ribbon by which the bag is closed and suspended.

Salesman and Preacher
From Rushville Standard:
E. E. Lesh, traveling salesman for the Carpenter Paper Co., Omaha, was calling on patrons here last Friday. He informed us that he was at that time putting in his third day of the eighth year for the Carpenter Paper Co. We have known Mr. Lesh all these years, yet did not know until this week that he was also a Methodist preacher and fills the pulpit in any town he happens to be

in on Sundays. Neither did we get this information from him, but by exchanges that reach our table.
