Our Customers

like the flavor of our products. They often say that nothing tastes as good as Nohe's bread or Nohe's bakery products. We sell fresh bread, pies, cakes, etc., at reasonable prices.

You are invited to inspect our bakery and kitchen at any time. They are kept absolutely clean at all times. We will be glad to show you the ingredients of our products—we use no alum in our bread.

When you are hungry eat at our Cafe. The meals are "like mother used to cook".

Barbed Wire, Cement Blocks, Lightning Rods, B. & S. Floor Covering. Celebrated Bradley & Vroman Paints.

Old John Barleycorn is reported among those seriously injured in Russia by the war. Despite autumn's retrograde movement, we look for a frontal attack presently.

THAT COLD YOU HAVE

may bring sickness, doctors bills and loss of work; you know that serious sickness usually starts with a cold, and a cold only exists where weakness exists. Remember that.

Overcome the weakness and nature cures the cold—that is the law of reason. Carefully avoid drugged pills, syrups or stimulants; they are only props and braces and whips.

It is the pure medicinal nourishment in Scott's Emulsion that quickly enriches the blood, strengthens the lungs and helps heal the air passages.

And mark this well—Scott's Emulsion generates body-heat as protection against winter sickness. Get Scott's at your drug store to-day. It always strengthens and builds up.

arettes.

HEAVY MEAT EATERS HAVE SLOW KIDNEYS

Eat less meat if you feel Backachy or have bladder trouble—Take glass of Salts.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become over-worked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

be moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure thereby avoiding serious kidney complications.

Lloyd's Column

Ever Thus

There was a little man and he had a little gun,
Which one fine day exploded.
It was pointed at a friend—
Alas, it was his end—
For the darned little gun wasn't loaded.

Write Your Mother Tonight

Write to your mother tonight. Sit right down, my boy, and send off that letter you have been promising yourself you'd write for so many, many weeks, perhaps months.

You don't know what it will mean to the dear woman whose once laughing eyes have long since been dimmed by the tears she was not ashamed to shed because you were so far away. You don't know how many, many times the dear old soul has cried herself to sleep because she hadn't heard from her boy, "her baby" she will always call you. If you knew the ache that is in that great big kindly heart of mother's you wouldn't wait another minute.

Of course you wouldn't neglect that mother of yours for all the wealth in the world. That is, you don't intend to neglect her. But you have, you boys who are away from home. And it has hurt her.

She will, of course, like all mothers do, make excuses for her boy. She will say, "I guess my boy hasn't had time to write today." And she will smile and wait for the mail carrier's next trip. Then the ache in her heart will grow worse when she sees him go by without stopping.

Write to your mother tonight. Make it a dandy long letter. Fill it full of the things she wants to hear. All about yourself; what you have been doing; when you are coming to see her; and above all, tell her that you love her.

You'll be surprised to see how much better you feel after the letter is well on its way.

CHADRON NORMAL NOTES

Chadron, Nebr., Dec. 10.—C. E. Foster of Upton, Wyoming, father of Traverse Foster, was a visitor on Tuesday.

C. L. Anderson, formerly superintendent of schools at Oxford, Nebraska, was a visitor at chapel Wednesday.

Jessie Washburn, a practice teacher in the first grade, was absent the latter part of last week, due to sickness.

President Sparks left on Tuesday evening for Lincoln to be present at the meeting of the normal school board scheduled for the 10th.

The eighth grade history class prepared a debate which was given Thursday and Friday. The question discussed was, Resolved that slavery was a national evil.

The boys of Miss Delzell's and Mrs. Rustin's rooms have Friday afternoons for manual training under Mrs. Rustin. The girls use the same time for sewing taught by Miss Delzell.

The senior class observed third grade geography last week. Some of the lessons observed were based on children's knowledge of the geography near Chadron, which made them very interesting.

The model school pupils were taken Monday afternoon to see the educational pictures of the industries of Nebraska given at the Rex under the direction of Doctor Condra of the state university.

Architect Stitt spent three days last week in Chadron for the purpose of inspecting the addition to the normal building. He recommended the acceptance of the wing after several minor changes have been made.

The fifth grade had a very interesting lesson in geography this week on Scotlan dadr Ireland. The teacher, Miss Scott, and the pupils had collected a large amount of material, pictures of Walter Scott, and other Scottish characters.

At a meeting of the Alice Freeman Palmer society last Friday, President Sparks gave an interesting talk on parliamentary law, in which he explained its origin and presented some of the fundamental rules and principles. Later on, we hope to have Mr. Sparks give us drills in which we may apply the principles which he explained so clearly to us. The society of last year enjoyed the drills given them and found them very profitable. The meeting of this week will be at the home of Beatrice Schenck, one of our very popular members, who, we are glad to say, is recuperating from a serious operation recently performed at Kansas City.

Sick Two Years With Indigestion.

"Two years ago I was greatly benefited through using two or three bottles of Chamberlain's Tablets," writes Mrs. S. A. Keller, Elida, Ohio. "Before taking them I was sick for two years with indigestion." Sold by all dealers.—Advertisement.
