#### NEWS FROM HOME

When the evening shade is fallin' at the closing of the day, An' a feller rests from labor, smokin' at his pipe of clay, There's nothing does him so much good, be fortune up or down, As the little country paper from his Old Home Town.

It ain't a thing of beauty and its print's not always clean, But it straightens out his temper when a feller's feelin' mean; It takes the wrinkles off his face an' brushes off the frown, That little country paper from his Old Home Town.

It tells of all the parties and the balls of Pumpkin Row. 'Bout who spent Sunday with who's girl, and how the crops'll grow, An' how it keeps a feller posted who's up and who is down, That little country paper from his Old Home Town.

Now, I like to read the dailies and the story papers too, And at times the yaller novels and some other trash-don't you? But when I want some other readin' that'll brush away a frown, I want that little paper from my Old Home Town.

#### GOLD WATCH AND CHAIN

Superintendent of Construction Re ceives Beautiful Present

D. E. Bowden, superintendent of construction of Box Butte county's beautiful new court house, has been complimented often for his good work in that position, but a token of appreciation that was entirely unexpected came to him on Monday, the day of the dedication. This token consisted of a \$95 gold watch and solid gold chain. On the back of the watch was engraved Mr. Bowden's initials in monogram, and the following on the inside of the case:

'Presented to D. E. Bowden by County Commissioners and People of Box Butte County, Nebraska, December 28, 1914."

Mr. Bowden requests The Herald to publish the following:

Only a few bunches of western grass cattle were on sale and prices were just about steady as far as both beef steers and good feeders were concerned. # Bring Eastern Money and People Into Your Locality

Inquirers are asking every day, "Where is that location offering moderately priced land in a healthful climate with good neighbors and a chance to go forward with community growth?" Help us get these people for your town and county. Send us lists of lands for sale, openings for commercial and professional men and mechanics, chances for man and wife on ranch or farm.

We desire to co-operate with County Organizations, Commercial Clubs, Real Estate Men and Individuals, to place the merits of your country before these inquirers for consideration. Let us put you in touch with them and in turn, send us the names of your Eastern acquaintances that we may induce them to come and see what you are doing and what the West is doing for you.

Do this today while you think of it and help us increase the population of your community
