Community Clubs Popular

Five popular rural community clubs have been organized recently in Kimball county. Programs consist of talks and debates on live farm topics, followed by a short entertainment of music and recitations. Almost every person in the community attends these meetings and all take part in the programs, which are usually given in a rural schoolhouse.

We Are Called a "Big Corporation"

The phrase, "big corporation," is often used as if one were describing a certain individual reputed to have horns.

There are bad corporations and good corporations, just as there are bad men and good.

Some corporations in the past have done things that, in the name of justice, they had no right to do; but all corporations should not suffer for the sins of a few.

But times have changed. The corporation is a dandy that gets away with anything that it should not in these days of the vigilant press, the watch-

ful public and the various state and national public service commissions.

Today the public are watching the corporations closer than any cat ever watched at a rat hole; but no corporation that intends to be on the square objects to being watched.

Big business means more economy, greater efficiency and intelligent organization. It means better service at a less cost to the public.

Merely being a "big corporation" should not be considered a crime.

This company is big because it has to be. A child can't do a man's work. This company must be big to do a big job—to render big service to you.

LADIES! SECRET TO DARKEN GRAY HAIR

Bring back color, gloss and thickness with Grandma's recipe of Sage and Sulphur.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant; remove every bit of dandruff, stop scalp itching and falling hair. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle, at drug stores, known as "Wyeth's Sage and Sulphur Hair Remedy," thus avoiding a lot of fuss.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.
