

# STALLIONS AT AUCTION

Dr. M. T. Bernard will sell at auction at Todd's Livery Barn, Crawford, Nebraska

## Saturday, April 24

Commencing at 1 o'clock p. m.

A car load of Stallions from 2 to 4 years old, weighing from 1400 to 1800 pounds.

**BELGIANS, PERCHERONS, AND SHIRES**

Consisting of two imported, three grade and balance Eastern Nebraska and Iowa pure bred horses. Good as money can buy. Don't fail to attend this sale and see the best lot of stud colts ever sold at public auction in Nebraska

## DR. M. T. BERNARD

COL. P. G. COOPER, Auctioneer

# The "ALCAZAR"

## KERO-GAS OIL STOVE

Burns 400 Gallons of Air to One Gallon of Common Kerosene Oil

Makes a large amount of blue flame directly in contact with cooking vessel. Perfect combustion. Automatically generates gas from Kerosene; as the flame or work increases, the consumption of air automatically increases with it.

### Most Economical Stove

Cooks at a much less cost and faster than any other stove or fuel. Let us demonstrate them to you.

## Acheson's Hardware

## Painted Floors Will Save Scrubbing

It doesn't require scrubbing to keep a painted floor clean. A damp cloth or a mop brings better results in cleanliness than the back-breaking scrubbing of unpainted floors.

### Lincoln Floor Paint

forms a smooth, hard coating over bare wood or old shabby floors. Made especially to walk on. It comes in convenient sized cans in all popular colors. It's easy to apply—you can do it yourself—and dries quickly. Call for color cards.

## Holsten's "The Rexall Store"

### Dusty's Dabblings

And then there is the woman whose life ambition is to be leader of the church choir.

Love is not always blind—sometimes it's just squint-eyed.

We all know that wealth brings unhappiness, but it seems like a lot of people want to be unhappy.

In a neighboring town two women have gone into court over the ownership of a dog. If it is the usual brand of canine, we would suggest that they divide it by giving each woman half—one taking the dog and the other the bark.

The man who rides in the biggest automobile in a town is not always the one who has his subscription paid the furthest in advance to the local paper.

A fool and his money soon part, but it is sad to think of the great number of we fools who would like to have some money to part with.

States a headline in a daily: "Train Carries Eight Cars of Silk". That ought to go a long way, judging from the amount women get into their dresses nowadays.

Just think of all the trouble in this day and age that Noah would have saved had he only swatted that pair of flies.

A sleepwalker in a neighboring city came out of one of his sprees and found himself in a park with his arms around a statue of Venus. Dusty will let you draw your own conclusions.

We understand the government is now considering the matter of favoring postage stamps chocolate, strawberry, vanilla and lemon. Sort of a "stamp sundae", and cheap at that.

There is a man in Alliance who claims to be "the" big boss in his family, when he is talking to his friends. But the other day we noticed him working in his garden, and his wife was doing something that looked very much like running things. And some of his neighbors say that the Mrs. has the sayso in other departments, too. For the present, we will not publish the

man's name, but he'll have to quit bragging so much.

It's no wonder a man feels cheap when he gives himself away.

Some freaks can't let well enough alone. Right on top of all the worry and strife now predominant, some freak scientist is trying to figure out what it cost to discover America. Even if there were no collection agencies at that time, Columbus had a crew with him who would help him in enforcing his demands, and Dusty considers it his own fault if he didn't get the "kale" when he delivered the goods. So why should any scientist bring up such recollections?

**Should Not Feel Discouraged**  
So many people troubled with indigestion and constipation have been benefited by taking Chamberlain's Tablets that no one should feel discouraged who has not given them a trial. They contain no pepsin or other digestive ferments but strengthen the stomach and enable it to perform its functions naturally. Obtainable everywhere.

### Exchange Gossip

Mrs. Gertie (Dollins) Everist, of Alliance, came to Hyannis Tuesday to attend a meeting of Eastern Star chapter and will remain a week as a guest of Mr. and Mrs. W. H. Prettyman.—Hyannis Tribune.

Mrs. J. D. Cadwalader was an Alliance visitor this week, making final proof on her homestead yesterday morning. \* \* \* John L. Kay was down to Alliance over Tuesday night. He was a witness on final proof for Mrs. Cadwalader. While here in town he handed us the silver to advance himself on this paper again. \* \* \* There is a new lumberman in town, a bright 9-pound boy having arrived at the home of George H. Young early last Friday morning, not on Thursday evening as reported in the Alliance Times, so the April Fool joke does not apply to the youngster nor his dotting parents or sister. The mother and babe are doing nicely, and George is slowly convalescing, being able to send telegrams, and pass out the candy, gum and cigars.—Marstrand Tribune.

Judge W. H. Westover and Court

Reporter J. D. Scott left Sunday morning for Alliance and are holding the spring term of district court for Box Butte county.—Rushville Standard.

Mr. and Mrs. Ralph Cox of Alliance arrived in this city Monday evening for a short visit with Mr. and Mrs. C. B. Cox, who reside here.—Broken Bow Republican.

Jas. T. Whitehead returned from Alliance Sunday. His daughter, Miss Mildred, operated on for appendicitis, is getting along nicely. \* \* \* The preliminaries having been all arranged for the transfer of the Mitchell post office to the new appointee, E. D. Smith, the change in proprietorship was made Wednesday of this week. F. M. Elliott retiring. Mrs. E. D. Smith will be the deputy postmaster and is expected to have direct charge of the business.—Mitchell Index.

Dr. Geo. Hand, of Alliance, was called here the latter part of the week to attend to Mr. and Mrs. Dan Green's little girl Jessie. We have been informed that she is getting along nicely at this writing.—Hay Springs News.

### HEALTH PROMOTES HAPPINESS

Without health, genuine joy is impossible; without good digestion and regular bowel movement you cannot have health. Why neglect keeping bowels open and risk being sick and ailing? You don't have to. Take one small Dr. King's New Life Pill at night, in the morning you will have a full, free bowel movement and feel much better. Helps your appetite and digestion. Try one tonight. No. 1—Adv 5265

### CONCERT FRIDAY NIGHT

Alliance School of Music Will Render Two-Part Program

On tomorrow (Friday) evening at the Phelan opera house the last concert of the series will be given by the faculty of the School of Music, assisted by other local talent. The first part is the Breton Folk Songs in costume by a mixed quartette composed of Miss Eunice Burnett, Soprano; Camille Nohe, Tenor; Mrs. Edith Swan Zediker, piano; Mrs. Dorothy Hershman, Contralto; Harry Zickler, Bass, the explanatory notes being given by Miss Hight. The numbers are varied enough to suit all tastes, and it would be a waste of space to state more than it will be one of the grandest renditions ever heard here, for that is the kind of a program the School of Music always gives.

The second part is a concert by the School of Music orchestra, under the direction of Prof. Ralph R. Unacke. The rehearsals have been going on regularly, and this will be another treat for music lovers. Every member of the orchestra is an artist, and Friday night's concert will be one that is seldom heard outside the large cities and on the best lyceum courses. All season tickets are good at this concert. Tickets can be obtained at Holsten's now.

### ENGINEER GOES INSANE

Family Troubles of Guy Allen Cause Nervous Breakdown

Guy Allen was taken to Hastings Monday night, where he will be treated for nervousness. Accompanying him was Carl Witham, and Dr. Willis went as far as Aurora with them. Mr. Allen suffered a nervous breakdown the latter part of last week. Sunday his condition became critical and gradually became worse until Monday morning when it became necessary to put him in a straight-jacket at his home, where he remained until he was removed to Hastings that night. It seems that Allen's condition was brought about by personal troubles, over which he brooded until his mind became unbalanced. He had been employed by the Burlington for several years, and has a host of friends who regret his misfortune, and who hope that a short sojourn in a hospital will have the desired effect.

### CARD OF THANKS

I wish to extend my sincere thanks to those who were so kind to assist in the sickness of my husband, Mr. Allen. I feel very grateful to the B. of L. E., the B. of L. F. & E., the Eagles, and Royal Highlanders, and the many friends who assisted me. MRS. GUY ALLEN.

### Y. M. B. C. NOTES

At the regular meeting of the Young Men's Bible Club last Thursday evening the following officers were elected and will hold office for a period of six months: President, F. R. Donovan. Vice President, Jay Vance. Secretary, F. H. Wilkes. Corresponding Secretary, Charles Walters. Treasurer, Charles LaMon. Several important matters pertaining to the future welfare of the club were discussed. Splendid talks of encouragement were given by Lloyd Thomas and Rev. McIntyre. After the business meeting refreshments were served and a general good time was had by all present. There were about twenty-five members in attendance. The Y. M. B. C. is doing splendid work and should receive the support of the community.

### ANOTHER DOPE FIEND

Man Arrested This Week Was Prominent in Railroad Strike Here Fourteen Years Ago

Frank Johnson was arrested Monday while under the influence of dope, and rested in the city jail until he was sufficiently recovered to travel. When arrested, he was in such a condition from an overdose of morphine that it was necessary to use a delivery wagon in getting him to the police station.

Johnson's case, as told to a Herald reporter, is a pitiful one, and is similar in most particulars to that of most dope users. About fourteen years ago, when the great railroad strike was in progress, he was a fireman, losing his job when the matter was finally settled. From Alliance he went to Trinidad, and from there to Old Mexico. While there he suffered a hemorrhage of the lungs, and the attending physician gave him a dose of morphine, and that was how he started to use the drug. Johnson stated that he could get all the morphine or opium he wanted at Naco, on the Arizona-Mexico boundary line, and that for ten cents he could buy as much morphine at Naco as he could get for a dollar in any other city he had ever visited. When arrested here he was on his way to visit his brother, John Johnson, in the Musselshell valley of Montana. He is rapidly recovering from the effects of the overdose of the drug, and resumed his journey Wednesday night.

### Welton in Alliance

J. H. Welton, editor of the Hooker County Tribune, was a visitor in Alliance last week. Mr. Welton is the Ex-U. S. land commissioner for the district of Nebraska. He has made many of the land filings in the Valentine and Broken Bow land districts. He is a grand old man for the reason that he carries an honorable discharge from Company F of the Second regiment that went from Nebraska to the Philippines to show the colored boys on San Juan hill how to take their medicine.

In 1879 he drove 750 head of cattle from Cleveland, Minn., up on to the Niobrara river, where that stream empties into the Missouri at Yankton. Freightage at that time was made by bull teams, the distance in this case being 145 miles, two trips being made annually with supplies sufficient for six months.

### Brought Back from Billings

E. B. Eberly, a canvasser, who was arrested in Billings the last of the week on a charge brought by C. L. Drake, proprietor of the Drake hotel of Alliance, was brought back to this city by Sheriff Cal Cox. Mr. Drake charged that Eberly had violated the state laws by jumping his board bill. Eberly plead guilty to the charge and is now working out his sentence helping in the work of fixing up the grounds around the new court house.

### "Potato Meeting"

A meeting at which the character and different methods of combating the diseases of Box Butte potatoes will be presented by Prof. Vasey of the Nebraska University. Everyone interested, and especially all potato growers, are urged to be present. Meeting in the court house assembly, 1 p. m., Saturday, April 17. F. M. SEIDELL, County Agri. Agent.

### Proper Treatment for Biliousness

For a long time Miss Lula Skelton, Churchville, N. Y., was bilious and had sick headache and dizzy spells. Chamberlain's Tablets were the only thing that gave her permanent relief. Obtainable everywhere.—Adv.
