Beware of Ointments for Catarrh That Contain Mercury. That mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by Druggists, price 75c per bottle. Take Hall's Family Pills for constipation. Adv—August

Married in a Hurry. Miss Collie M. Vorce, of Hot Springs, S. D., and D. W. Beach, of Alliance, were married by the county judge at Gering last week. Miss Vorce was visiting with friends in Alliance, and at the time of taking the trip this couple had no serious intentions. Upon arriving in Gering some Alliance young people who were there spied them and just for a joke started throwing rice. At that the young lady remarked that they ought to "give them something to throw rice for." Mr. Beach approved the suggestion, and in a very few minutes they were man and wife. The young people did not realize until after it was over how serious their joke was, and now they are wondering "why". The groom will attend college this year, and the bride will return to her home at Hot Springs and finish school. She is 17 and he is 19.

A Correction. To The Herald:—Last week a statement was made regarding some horses that were stampeded and lost, saying that considerable damage was done, also that two hired men quit and did not stay with the horses. I, the undersigned, wish to state that this statement was

written. The way it came about was this: The hired man in the party, who was the guide and who had charge of the horses, stopped to catch a saddle horse, and stampeded the horses back to town. After seeing what he had done he disappeared, leaving the other two to bring the bunch in, and after being out all night they brought them in. The third man, the guide, came back to Alliance and told the story to clear himself. No horses are being held for damage, but the statement got us in bad. It looks as though we did not try to do our duty. Hoping you will print this in the good faith it is written.

I am yours,
W. FARWELL.
