This illustration shows the ordinary woman's shoe with the extra high and narrow heel now so popular, showing how the weight is thrown on a twisted ankle, and the center of gravity falling in front of the heel, over the hollow of the foot, strains the foot and in time breaks down the arch. The diagram of the sole shows how the foot must twist in getting into the shoe.

THE GREAT HEALTH SHOE
FOR WOMEN

They have full rubber heels; not just a life such as your cobbler puts on, but a full heel made from live rubber—springy and resilient.

Treadeasy shoes have the regular leather insole, the same as any other shoe, but between this insole and the outsole, is inserted a soft filling or cushion of cork, which gives under the pressure of the foot allowing the insole to adjust itself to the exact shape of the bottom of the foot, giving a soft, even pressure on every part of the sole, and preventing undue pressure on any part, which is the cause of corns and hard callouses. Cork, being an absolute non-conductor of both heat and cold, the feet are kept as an even and natural temperature at all times and neither perspire in summer or are cold in winter.

This illustration shows how the Treadeasy shoe made on the Treadeasy hygienic last, straightens and supports the ankle, and how the heel, being large and properly placed, brings the weight of the body squarely over the heel where Nature intended, giving you better balance and preventing the twisting strain on the ankle and arch of the foot. The sole shows how the last is made straight from heel to toe, the same as the natural foot.

ANGORA NEWS

Angora, Nebr., August 26—Every-one is busy harvesting and putting up hay in this vicinity.

Mrs. R. K. Maybell has been on the sick list for several days.

At the home of A. G. Stoner last Thursday was given a surprise and farewell party in honor of their daughter Mildred. About twenty young people were present, many interesting and new games were introduced, and very pretty prizes were awarded to Miss Mae Belle Lawrence, first, Ottilie Henderson, second, and Earl Walsworth, third. A delicious lunch was served, for which each one did justice. Everyone enjoyed a most pleasant time. Mr. and Mrs. Stoner, Mildred and Kenneth left the next day on a trip to the eastern part of the state, going thru with their car. They expect to be away about two weeks.

Those who shipped cattle from here last week were Lee Carnine, Frank Boone and F. Putman.

Mrs. Hickey of Long Beach, Calif., has come to spend several weeks at the home of Mrs. L. L. Chambers. F. Boone and L. L. Chambers went with the stock to Omaha, and expect
