## SCHOOL OF MUSIC

1915-16 Term Opens Monday, September 6—Only One Change in Faculty This Year.

Miss Eunice Burnett and Mrs. Edith Swan-Zediker returned to Alliance Sunday from "Camp Muller", where they have been enjoying nature for the past month, and are now making the necessary preparations for the opening of the Alliance School of Music, which opening will be on Monday, September 6. Ralph Unlacek, instructor in the violin department, is now on the road to Alliance, coming horseback from Mullen to Angora, and proceeding from there to Alliance on the train. Mr. Unlacek went by the same route, making the trip from Angora to Mullen on a horse. There was some speculation among his friends as to how he and the horse would stand the long trip, and it is now thought that the only reason he is riding the horse back is that he knows of no other way to get the animal back to its owner.

Miss Burnett and Mrs. Zediker say they never before enjoyed such a delightful time as they have just spent, and their appearance bears out the claim, for they appear to have been exposed to the elements most of the time, which have given them complexions like a harvest hand's. However, they should not let this worry them, as a few months' strenuous labor in the school room will efface all marks of old Sol's antics. The same is true of Mr. Unlacek.

There will be but one change in the faculty of the school this year. Miss Teresa Pearl Hight's place has been filled by Miss Mattie Clare Gifford, who comes to Alliance and is the school most highly recommended. She is a graduate from the Nebraska Wesleyan School of Expression and Oratory under Prof. Knox, and since her graduation has won for herself a notable distinction. She comes to Alliance from Thurston, where she has taught for some time.

Regarding her work, Chancellor Fulmer of the university says: "I have heard Miss Gifford a number of times. She never fails to delight an audience. Her manner is very pleasing, her voice is good, and she is very artistic in whatever she renders." The faculty of the School of Music feel themselves very fortunate in securing such a competent instructor for the coming year. She will have charge of elocution, physical culture and dramatic art.

### Change in Postal Regulations

Order No. 9099, of the postmaster general, effective September 1, reads as follows:

"Fourth-class mail shall not be registered, but may be insured against loss in an amount equivalent to its actual value, but not to exceed \$5 in any one case, on payment of a fee of three cents; not to exceed \$25 on payment of a fee of five cents; not to exceed \$50 on payment of a fee of ten cents, or not to exceed \$100 on payment of a fee of twenty-five cents, in addition to the postage; both to be prepaid by stamps affixed; but indemnity will not be allowed in cases of loss of such mail addressed to the Philippine Islands, unless the loss occurred in the postal service of the United States."

Order No. 8977 amends the postal laws and regulations as follows: "Sec. 458 1/2. On and after September 1, the postmaster at the mailing office may, on payment of one cent, give the sender of an ordinary parcel of fourth-class mail a receipt therefor. A postage stamp to cover the charge for the receipt shall be affixed thereto. The name and address of the addressee of the parcel shall be written in the receipt by the sender."

## MITCHELL-HOBBS

Miss Maurice Mitchell and Myers J. Hobbs Married Near Lynn Yesterday Morning

Miss Maurice Vinna Mitchell and Myers J. Hobbs were united in marriage Wednesday morning at 11 o'clock at the home of the bride's brother, J. R. Mitchell, near Lynn, Rev. H. J. Young, of the Alliance Christian church, officiating.

Only the immediate relatives and friends of the bride and groom were present, and after the ceremony all sat down to a table loaded with good things to eat. Shortly afterward the newlyweds came to Alliance by automobile, and Wednesday night took the train for Denver and other points for a few days' visit with relatives and friends of both.

Mrs. Hobbs is the daughter of Mr. and Mrs. N. J. Mitchell, who live in Missouri, but she taught school near Moffitt last year and had remained to spend the summer with her brother, at whose home they were married. She is a beautiful and accomplished young lady who has countless friends over the county.

Mr. Hobbs is the son of Mr. and Mrs. O. D. Hobbs, of Alliance, and is one of Box Butte county's substantial, upright young men. He received most of his education in the Alliance public schools, and last year taught school near Angora.

On their return from the honeymoon they will visit a short time in Alliance, after which they will take up housekeeping near Moffitt. The Herald joins with the many other friends of the couple in extending congratulations.

## They Like the Wheatland Country

Among those who have recently returned from a visit to the Wheatland, Wyoming, irrigated country are Mr. and Mrs. O. D. Hobbs and son Myers. Like the others who have visited this garden spot, they are more than enthusiastic regarding the present and future possibilities, and believe that country is the coming irrigated farming country of the west.

Ask anyone who has made the trip to Wheatland with me what they think of the country. Ask Mr. Hobbs—he will give you his honest convictions and will tell you exactly what the country is like.

Then, after you have seen and talked to Mr. Hobbs, come to me and let me arrange to take you there so you can see for yourself. The Wheatland country is so good that it doesn't need any misrepresentations, and I'll let you be the judge.

## Our Space Worth While!

By MOSS.

Newspaper advertising is a tangible commodity.

Take this paper, for instance. We sell our space to the merchants. They use it to attract the attention of our readers in order to induce them to buy. The readers in turn compare the ads. and go where they can get the best for the lowest price.

If this valuable commodity were done away with the merchant and the reader would have a hard time getting together. We'd be way back in the days of stage-coaches and muzzel loading guns.
