The Horace Bogue Store

Stoves That Give Service

When you buy that stove this fall, consider well its merits. First, you want a stove that is not expensive; second, you want a stove that will give you the most heat from the least amount of coal; third, you want a stove that will wear well under all conditions; fourth, you want a stove that will be an ornament to any room in which you place it—a stove that will give off even heat and still be economical with coal. There are mighty few stoves that will give this sort of service and satisfaction, but the

BUCK'S STOVES

will do it. They are very economical in price; they give a steady, even heat when you want it, without running up your coal bill. And wear? The Buck wears for years and years without the replacement of any parts. That's a factor that should receive your most serious consideration in the purchase of a stove of any kind. The Buck line also possess that beauty of style and finish that are so seldom found. The heaters have beautiful nicked trimmings, as have the cook stoves and ranges. A feature of a Buck stove is that it consumes all the gas right along with the coal—a surprising saving in coal. When better stoves are built, Buck will build them, as they have always held the lead in the stove procession—and always will.

SAGE TEA PUTS LIFE AND COLOR IN HAIR

Don't stay gray! Sage Tea and Sulphur dardens hair so naturally that nobody can tell.

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy" at any drug store. Millions of bottles of this old, famous Sage Tea Recipe are sold annually, says a well-known druggist here, because it dardens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray, becoming faded, dry, scraggly and thin have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful—all dandruff goes, scalp itching and falling hair stops.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur to-night and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.
