## ORDINANCE NO. 214

An ordinance to provide for the inspection of milk and cream sold within the city of Alliance, and of dairies and dairy herds kept for the production of such milk, and to prevent fraud in the sale of milk, and to preserve the public health, and to license and regulate the sale and disposition of milk in said city.

BE IT ORDAINED BY THE MAYOR AND COUNCIL OF THE CITY OF ALLIANCE:

Section 1. That from and after the passage, approval and publication of this Ordinance no person, persons, firm or corporation shall sell or offer for sale any milk or cream within the City of Alliance without first having obtained a license so to do in the manner hereinafter provided.

Section 2. That no license shall be issued for a period beyond the first day of May, 1916, and all licenses under the provisions of this act shall be issued on the first day of May, yearly, thereafter.

Before the issuance of a license, every vendor of milk or cream shall pay to the city treasurer the license fee herein imposed and shall take a receipt for the same, which said receipt shall be presented to the city clerk, whose duty it shall be to keep a record as follows:

First. The name and residence of the applicant, or if a firm, name and residence of each of said firm, or if a corporation, name and residence of the person in charge of each, and the name of the president and secretary of said corporation.

Second. The location of the business place or places of the applicant, giving street and number, and the name and residence of the person in charge of each.

Third. A description of each and every wagon or other vehicle used in the delivery of milk or cream and the number used to designate each.

Fourth. The location of the dairy or source of supply.

Fifth. The number of cows, if any, owned or controlled by the applicant.

Whereupon it shall be the duty of the city clerk to issue a license, no license to be sold, assigned, loaned or transferred without the legal consent of the council.

Section 3. On all wagons or other vehicles used for the delivery of milk or cream in the city of Alliance shall cause to be placed or printed in a conspicuous place on the body of such wagon or vehicle and upon the milk cans or other receptacle containing milk or cream, in large legible figures, the number corresponding with their respective licenses.

Section 4. That a license fee of One Dollar (\$1.00) per year for each cow kept within city limits shall be paid into the city treasury by the owner residing within the city limits, when milk or cream is sold by such owner from such cow. Every person, firm or corporation producing milk or cream for sale and selling the same in the city of Alliance, and every person, firm or corporation selling or offering for sale or keeping for sale any milk or cream from any milk depot, store, wagon or other establishment in the city of Alliance shall pay a license fee of \$5.00 per year for each and every place, depot, store, wagon or other establishment used for such purpose.

Section 5. Any such applicant, or any person from whom such applicant obtains or is to obtain his milk, shall permit the officers of the city of Alliance to inspect the dairy and dairy herd of such applicant, or the dairy herd and dairy of the person or persons from whom the applicant obtains or is to obtain his milk or cream, together with all appliances and milk vessels used therein, and any refusal upon the part of such applicant or upon the part of the person or persons from whom such applicant obtains or is to obtain his milk to permit the inspection above referred to shall be deemed a sufficient ground upon which the City Council may refuse to issue the license applied for, and for such cause may revoke the same after its issuance.

Section 6. On the first day of May of each year and every six months thereafter, the mayor shall appoint a committee of three councilmen whose duty it shall be to inspect the sanitary conditions surrounding dairies, milk depots, wagons, or any food or the like in connection with the milk business which may affect the public health and for the purpose of protecting the public health, and in conjunction with the board of health, may employ such expert services as the occasion may require, should it develop that the cows furnishing milk or cream for the public suffer from tuberculosis, the board of health shall order the disposition of such infected cow or cows and under no circumstances shall the milk of such cows be offered for sale or brought within the corporate limits of the city of Alliance; and upon the failure of the owner to dispose of such cow or cows so afflicted, or upon the failure of such owner to remedy any unsanitary condition as may be brought to his attention by the aforesaid committee, said city council shall at once suspend the license of the owner of such cow or cows and such owner shall be subject to such fine as hereinafter imposed.

Section 7. Any and all owners of cows who sell milk or cream within the corporate limits of the city of Alliance shall annually, cause said cow or cows to be tested for tuberculosis by what is known as the tuberculin test, and the certificate of such test shall be presented to the council for inspection and filed with the city clerk, at the time of filing application for license.

Section 8. No milk or cream shall be sold, offered for sale or kept in the city of Alliance, which is produced from sick or diseased cows, or from cows kept in an unclean, filthy or unwholesome condition or from cows fed upon any substance in a state of fermentation or putrefaction, or any unwholesome food or impure water excepting silage and malt. The council committee or board of health shall condemn and destroy

any impure food found which is kept for the purpose of feeding cows.

Section 9. It is hereby declared unlawful for any person, firm or corporation to put milk or cream intended for sale from one can, bottle or receptacle into another can, bottle or receptacle, on any of the streets, or in any wagon or in any exposed place in any milk depot or on the enclosed premises of a customer of the dealer in milk.

Section 10. Every person, firm or corporation, milk man or vender of milk or cream, going from house to house or one place to another selling or offering for sale, milk or cream shall be deemed to have all of such milk or cream in his possession for the purpose of this ordinance.

Section 11. The collection of milk vessels, milk cans or any other containers used in the delivery of milk from houses in which are located cases of any of the following diseases, is forbidden, namely, small pox, scarlet fever, typhoid fever, typhus fever, diphtheria, measles, bubonic plague, yellow fever, cholera, leprosy, glanders, anthrax, cerebrospinal meningitis, etc. Such vessels must be left at the house until they have been disinfected under the supervision of the board of health. They can then be collected by the owner. Both the householder and milk dealer shall be held responsible for any violation of the regulation.

Section 12. It shall be unlawful for any person, firm or corporation to allow cows, the milk of which is to be sold, offered for sale, or brought into the corporate limits of the city of Alliance, to drink from stagnant ponds or pools, or from inlets, moats, or pools of water where manure, dead animals, decayed vegetation, or other similar substances are dumped or deposited, which may in any way affect or contaminate the water. Any person, firm or corporation permitting or allowing cows to partake of water in the above condition after five days notice from the health officer or council committee to discontinue the same, the board of health or council committee shall be empowered by themselves or agent to confiscate and destroy all such milk wherever found in the city of Alliance, Nebraska, and in addition the person, firm or corporation found guilty of violating this section shall be fined in the sum of not more than Fifty Dollars (\$50.00) and costs for every offense.

Section 13. The addition to milk or cream as a preservative or coloring matter such as formaline, formaldehyde, salicylic or boracic acid, sugar, annatto, etc., or any other substance is hereby forbidden and declared unlawful.

Section 14. All milk wagons, ice chests, or ice containers therein must be kept at all times clean and free from all odor, and it is hereby declared unlawful for any garbage or refuse of any form or kind to be allowed on any milk wagon.

Section 15. No person having an infectious or contagious disease such as whooping cough, cholera, small pox, typhoid fever, diphtheria, scarlet fever, consumption, or having recently been in contact with such person, shall milk cows or handle cans, bottles, dippers, measures, or other vessels used for milk or cream intended for sale, unless all danger of communicating such disease to other persons shall have passed and the person so contaminated shall have been adjudged by the board of health to be free from communicating any such disease and no milk or cream shall be sold or dispensed for use as food, from any house, store, shop, wagon, dairy or other place in which there is a case of contagious or infectious disease as aforesaid, until all danger of contagion thereof has been removed, and permission in writing is obtained from the board of health authorizing the sale of milk or cream in said house, shop, wagon or from said dairy or other place.

Section 16. All milk sold or offered to be sold within the corporate limits of the city of Alliance shall test at least three (3) percent butter fat.

Section 17. Any person, persons, firm or corporation found guilty of violating any part of this ordinance where the penalty is not specifically provided for shall be fined in any sum not less than Five Dollars (\$5) nor more than One Hundred Dollars (\$100.00) and shall stand committed in the city jail until such fine and costs are paid.

Section 18. This ordinance shall take effect and be in force from and after its passage, approval and publication as required by law.

Passed and approved this 12th day of October, 1915.

Passed first reading October 12, 1915.

Passed second reading October 12, 1915.

### DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Green Tea, or as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

### RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 25 cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!
