## URIC ACID IN MEAT CLOGS THE KIDNEY

Take a glass of Salts if your Back hurt or Bladder bothers you—Drink more water.

If you must have your meat every day, eat it, but flush your kidneys with salt occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. The become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or side, headache, dizziness, your stomach soured, tongue is coated and when the weather is bad you have rheumatic twinges. Urine gets cloudy, full of sediment, channels often get sore and irritate obliging you to seek relief two or three times during the night.

To neutralize those irritating acids, cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Salts from any pharmacy here take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then set fine. This famous salt is made from the acid grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys; also to neutralize the acids in urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful after-dinner lithia-water drink.
