

# FAT CATTLE SLOW AND WEAK TO TEN CENTS LOWER.

## HOGS 5 TO 10 CENTS HIGHER

Unevenly Lower Trade in Lambs—Steady With Friday's Close—Ewes Look Nearly Steady, Good Kind Selling at \$7.30.

Union Stock Yards, South Omaha, Neb., Jan. 25.—A very good run of cattle arrived yesterday, some 8,200 head. On account of heavy rains at other points as well as here the fat cattle market was a little slow at prices weak to about a dime lower than the close of last week. Business in cows and heifers was also rather dull and the trend of values was lower all along the line. Veal calves were in fairly good demand at steady figures. Desirable grades of stockers and feeders were wanted and prices held very nearly steady for anything good enough to attract competition. There was a lot of low grade stuff here and salesmen had to shade prices more or less on stuff of this kind.

Cattle quotations: Good to choice choice heaves, \$7.90@8.40; fair to good heaves, \$7.35@7.85; common to fair heaves, \$6.35@7.35; good to choice heifers, \$6.25@6.75; good to choice cows, \$6.00@6.50; fair to good cows, \$5.25@6.00; canners and cutters, \$4.25@5.25; veal calves, \$7.25@9.75; bulls, stags, etc., \$5.00@6.40; good to choice feeders, \$6.85@7.65; fair to good feeders, \$6.40@6.80; common to fair feeders, \$5.50@6.30; good to choice stockers, \$7.00@7.65; fair to good stockers, \$6.50@7.25; common to fair stockers, \$5.75@6.25; stock heifers, \$5.75@6.75; cows, \$4.75@6.25; stock calves, \$4.75@5.50.

About 12,300 hogs showed up yesterday. The market was generally 5 to 10c higher than the close of last week. Bulk went at \$7.15@7.25, and best heavies reached \$7.35. A good many sales were made at the latter price, which was top for the day.

Sheep and lamb receipts amounted to 7,000 head. The market for lambs was very uneven, prices being 10@20c below Friday's early trade and about steady with Friday's close; \$10.60 was paid for a bunch of good fed westerns of desirable weight. Bulk of the offerings moved at \$10.40@10.55. Aged sheep were only moderately supplied and prices were just about steady with last week. A good kind of ewes sold at \$7.25@7.30. Nothing of feeder weights was offered. Shearing lambs sold as high as \$10.00.

Quotations on sheep and lambs: Lambs, good to choice, \$10.50@10.65; lambs, fair to good, \$10.25@10.50; lambs clipped, \$9.00@9.50; yearlings, good to choice light, \$9.00@9.40; yearlings, fair to choice heavy, \$8.00@8.75; wethers, fair to choice, \$7.00@7.90; ewes good to choice, \$7.00@7.30; ewes, fair to good, \$6.25@7.00.

## RHEUMATISM ARRESTED

Many people suffer the tortures of lame muscles and stiffened joints because of impurities in the blood, and each succeeding attack seems more acute until rheumatism has invaded the whole system.

To arrest rheumatism it is quite as important to improve your general health as to purify your blood, and the cod liver oil in Scott's Emulsion is nature's great blood-maker, while its medicinal nourishment strengthens the organs to expel the impurities and rebuild your strength.

Scott's Emulsion is helping thousands every day who could not find other relief. Refuse the alcoholic substitutes.

## RAISED MISSION FUNDS

Wyoming Conference of Adventists in Wyoming and Western Nebraska Raised More than Quota

Crawford, Nebr., Jan. 24.—The Wyoming conference of Seventh-day Adventists, which has its headquarters in Crawford, Nebr., more than reached its goal in raising foreign mission funds last year, according to an announcement just made by Secretary Asa Smith. Mr. Smith says that the Wyoming conference at the beginning of 1915 adopted the plan advocated by the General or World conference of the denomination to raise twenty cents a week per member for foreign missions, and that the members throughout Wyoming and the western part of Nebraska entered into the plan so enthusiastically that they gave \$270 over their quota. The members of the church in this city will be pleased to learn of the success that has attended their efforts.

Mr. Smith said that every one of the seventy-five conferences in the United States and Canada joined in the same plan of raising funds for foreign missions, with the result that between a half million and three-quarters of a million dollars was given for furthering the advent message in other countries last year. The same plan has been adopted for the raising of funds this year, and the church has also planned to increase its force of foreign missionaries, especially in India, China, Japan, the Philippine Islands and other Oriental countries, according to Mr. Smith.

The delegates from the Wyoming conference that will attend the biennial convention of the Central Union Conference which will be held in College View, Nebr., February 8 to 15, will be made more acquainted during the coming convention with the advancement of the church this year. Elder N. T. Sutton, president of the Wyoming conference, will head the delegation that will go from this state. Among the others that will represent Wyoming and western Nebraska include Elder C. H. Miller, of Sidney, Elder E. H. Curtis, of Cheyenne, Asa Smith, of Crawford, J. M. Fletcher, Broadwater, H. A. Fish, Bellefourche, S. D., Paul Curtis, Garland, Wyo., and F. C. Clark, Crawford, Nebr. Delegates will also be present from eastern Colorado, Kansas, Nebraska and Missouri.

Several of the leaders will also attend from the world's headquarters of the denomination in Washington, D. C., among them being Elders I. H. Evans and G. B. Thompson, president and secretary, respectively, of the North American division conference. Bishop R. A. Underwood, president of the Central Union conference, will be chairman during the convention.

## WHEN YOU GO TO DENVER

You Can Find Modern Accommodations, at Moderate Prices Hotel, Conveniently Located

In visiting a city of hotels, such as Denver is, one is sometimes at a loss to know where to put up. Few people care to stop at some of the bum places that have out a hotel sign, and yet most of us prefer to not pay extravagant prices for hotel accommodations.

To those who wish to find a moderate price hotel, with modern conveniences, well located, Hotel Midland, at Seventeenth and Arapahoe streets, will be quite acceptable. It is only a few blocks up Seventeenth street from Union Station, and yet it is near the business center of the city.

Hotel Midland is conducted on the European plan, guests pay for their rooms only, getting their meals elsewhere. There are good restaurants and cafes nearby. The rates at the Midland are low, considering the fine location and good accommodations. Well furnished, steam heated rooms with clean, comfortable beds, and privilege of bath, may be had at 75 cents and one dollar per day; room with private bath, \$1.50 per day. 7-41-7159.

## SAGE TEA DARKENS HAIR TO ANY SHADE

Don't stay gray! Here's a simple recipe that anybody can apply with a hair brush.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and abundant. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy," you will get this famous old recipe which can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, itchy scalp and falling hair.

A well-known downtown druggist says: "It darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark, glossy, soft and abundant."

## RAILROAD NOTES

T. Roope, of Lincoln, superintendent of motive power, was in Edgemont Tuesday and returned to Lincoln Tuesday night.

A. G. Brice, an operator in the telegraph office, who had been laying off the past two weeks on account of sickness, returned to work Monday.

C. W. Graham, agent at Hemingford, who had been laying off for the past two weeks on account of the sickness of his father at Hazard, Nebr., returned to work Tuesday.

The first meeting of the Safety First Committee for this year was held in Alliance Monday. Nothing but routine business and minor matters were brought up at this meeting.

R. K. Rezner, a switchman in the Burlington yards in Alliance, left last week to spend a short vacation at Gatesburg, Ill. Among his friends in the yards there is a well founded suspicion that on returning Rezner will be accompanied by "Mrs." Rezner.

A train of fifty-eight cars of sheep arrived in Alliance Monday night from Sheridan and left Tuesday morning for the eastern market. Another sheep train about the same size was made up in Sheridan Tuesday and passed through Alliance Wednesday.

On Sunday, February 6, Rev. Randall, pastor of the Methodist church at Broken Bow, will give a "Safety First" sermon. The sermon will be illustrated with safety first pictures. About a year ago Rev. Randall preached a similar sermon. The meeting was widely advertised among the railroad men and he was greeted with a packed house. Quite a number from Alliance and vicinity attended the first meeting and the railroad officials feel that the service was productive of much good for the cause of safety as applied in railroad circles. A number from here will doubtless attend the meeting announced for February 6.

## FIREMEN ELECT OFFICERS

Gordon Department Elects New Officers and Discusses Plans for a New City Hall

The following news of interest regarding the Gordon volunteer fire department is taken from The Gordon Democrat of January 13:

At the City Hall Monday night of this week occurred the annual election of officers for Hose Company No. 1 of Gordon, and a majority of the members were present. The following officers were elected: Ray Van Doren, president; Gene Williams, secretary; Mark Howard, treasurer; E. McCaugherty, chief; Harry Stauffer, asst. chief; Ed Smith, foreman.

Several matters of importance were brought up for discussion, the most prominent of which was the city hall project. This is something that the company has worked on for about a year and they hope to accomplish something definite before another winter that they may at least have a place to meet without having to wear an overcoat and hold an umbrella during meeting.

Much favorable comment has been heard by substantial taxpayers, many expressing their surprise at the condition of the old building and it does not take them long to understand that something must be done at an early date in this line for the good of the town.

As we understand it, the proposed new city hall would cost in the neighborhood of \$7000. This includes a two-story building, 25x100 feet, with a basement the full length of the building, the firemen taking it upon themselves to furnish the hall when it is completed without extra cost to the taxpayers, which in itself is some little item.

It is proposed to erect the new hall on the present site where it is convenient to all sections of the city and a building so itable for the city of Gordon for years to come.

## WILL TAKE OFFICE

Alliance Man Appointed Receiver of United States Land Office at Valentine, Nebr.

Hon. F. M. Broome, editor of the Alliance News, expects to take up his duties as receiver of the United States land office at Valentine as soon as the commission arrives, which will be probably about the first of February.

F. M. BROOME

Mr. Broome's appointment was recently confirmed by the senate. While in Lincoln week before last he resigned as state representative and Charles Tully was appointed by Governor Morehead to succeed him.

Mr. Broome was at one time receiver of the Alliance land office and has since practiced law before the land office here. His familiarity with land office work will enable him to take up the work without difficulty.

## The Habit of Taking Cold

With many people taking cold is a habit, but fortunately one that is easily broken. Take a cold sponge bath every morning when you first get out of bed—not ice cold, but a temperature of about 90 degrees F. Also sleep with your window up. Do this and you will seldom take cold. When you do take cold take Chamberlain's Cough Remedy and get rid of it as quickly as possible. Obtainable everywhere.
