NEWS FROM LINCOLN

Governor Morehead Made Speech on February 10 to Washington via Long Distance Phone

Lincoln, Feb. 16.—(Reported by C. Q. DeFrance and H. L. Cooper)—The special motor vehicle registration department under direction of Secretary of State Charles W. Pool is sending out 400 to 500 automobile plates daily. Over 50,000 of the 1916 plates have been sent by parcel post to their respective owners.

Dr. J. D. Case, state health officer, has been advised by a member of the board of education at Ft. Calhoun, that the last death among the students of the public schools of that place was in August, 1909. This speaks well for the sanitary conditions in their schools, and, incidentally, for the health conditions of the community.

During the past month the clerical force of the auditor's office has been rushed with the work of checking up the county treasurer's annual settlement with the state. At this writing all but two counties have submitted their reports and all but four others have made final settlement.

On February 10 Governor Morehead made his longest speech—and yet he talked less than five minutes! It was a speech of greeting by long distance telephone to the national chamber of commerce at Washington, D. C. President Wilson was present at the Washington meeting and with Governor Morehead were thirty or forty invited guests who were supplied with headpieces and listened to all the conversations. The governor's speech was delivered in his happiest mood and was loudly applauded when he said: "At this particular time the American people have great cause to rejoice and our president is to be congratulated on being able to steer this nation clear of any foreign complications and retaining the good will of all the unfortunate nations that are now involved in such a great conflict."

A report by the state accountant covering his audit of the state institution cash fund, as shown by the books of State Treasurer Hall and State Auditor Smith, shows more than a million dollars receipts since the fund was created in 1907. On December 31, 1915, the treasurer had \$210,223.33 of institution cash on hand, but there were \$2,073.43 of unpaid warrants against it still outstanding, leaving a net balance of \$208,149.90 available. In a summary of the items of this balance, the state accountant reports: Active appropriated accounts \$67,829.00 Unadjusted accounts (in doubt) 45,486.25 Unappropriated (transferable) accounts 94,834.65 Total unexpended bal. \$208,149.90 The item of \$94,834.65 will probably be transferred to the state general fund and used in paying expenses of government.

CANTON INSTALLATION

Canton Regal No. 24 Will Install the Newly Elected Officers at a Meeting Next Week

Canton Regal No. 24 will have the installation of their newly elected officers at their regular meeting next Wednesday night.

The officers to be installed are: Commander, Henry Brandt; high priest, A. D. Rodgers; secretary and treasurer, John R. Snyder; ensign, Theodore Waddell, and captain, Tom Lawler.

DRINK A GLASS OF REAL HOT WATER BEFORE BREAKFAST.

Says we will both look and feel clean, sweet and fresh and avoid illness.

Sanitary science has of late made rapid strides with results that are of untold blessing to humanity. The latest application of its untiring research is the recommendation that it is as necessary to attend to internal sanitation of the drainage system of the human body as it is to the drains of the house.

Those of us who are accustomed to feel dull and heavy when we arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the phosphated hot water is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatic stiffness; others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store. This will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.

Some of the most interesting news to be found in The Herald each week will be found in the advertisements. Don't overlook them.

This is a Sectional View of the Kee-Lock Lens Mounting

No. 1.—A slot is ground in the end of the lens. No. 2.—Into this a little wedge or key fits snugly and is held hard and fast with a specially prepared wonderfully strong cement. No. 3.—The complete mounting is smaller than the old style with screws which you may be wearing. And it is much better looking, too. There is no strain on the lens and it is not so apt to break as when lenses are put in with screws. We can duplicate your lenses or your lenses you have can be slotted and mounted in a Kee-Lock frame or mounting.

Drake & Drake Optometrists

Lloyd's Column

One That Needed It
Mrs. Cobbe—"We women have organized a society to reduce remits."
Mr. Cobbe—"I am very glad to hear it! You can begin on little Willie's trousers!"

Nothing Easier
Mother—"I hear that Harry Smith is the worst boy in school, so I want you to keep as far away from him as possible."
Tommy—"I do, ma. He is always at the head of our class."

Part Payment
It was a wet, miserable night, and the car was crowded. Suddenly a coin was heard to drop. An old man stooped and picked it up.
"Has anyone lost a dollar?" he inquired, anxiously.
Nine passengers hurriedly searched their pockets and shouted: "I have."
"Well, I've found a penny toward it," said the old man.

Limiting His Field
The head of a certain well-known family was recently approached by his son, just nearing his majority.
"Father," said he, "I want to have a talk with you concerning my future. I have decided to become an artist. Have you any objections?"
The old man scratched his head, reflectively, and replied: "Well, no, my son—provided, of course, you don't draw on me."

A Back Bay Heiress
Jack—So you are engaged to Miss Gotrox, I understand?
Tom—I am.
Jack—Well, I hardly know whether to congratulate you or not. She is very exacting, I hear, and if you marry her you will have to give up drinking and smoking.
Tom—Oh, well, it might be worse. If I don't marry her, I'll probably have to give up eating.

A War Victim
"Madam," said the tattered and torn supplicant to the benevolent woman who answered his timid rap at the door, "have you any old clothes you can spare for an unfortunate victim of the European war?"
"I think I have, my poor man; but how can this happen? You cannot have been in this war, surely."
"No, madam," humbly replied the sufferer; "but my wife has sent all my clothes to the Belgians."

Getting Even
As Pat boarded the train and took a seat there was a smile of triumph upon his face.
"What's the matter with you?" asked his friend.
Pat's countenance beamed satisfaction. "Shure, I've been riding on this road for tin years and I've got the best of the company for once in my life."
"How's that?"
"I've just bought meself a return ticket, and," lowering his voice to a whisper, "be jabbers, I ain't comin' back."

Reward of the Early Birds
It was 8 o'clock in the morning, and two men on the way to business were aware of a large crowd of women gathered in a crush before the unopened doors of a well-known department store.
"Why, do you suppose," asked one man of the other, "do all those women want to reach that store so long before the regular hour of opening?"
"Because," answered his friend "they are obeying the advertisement in last night's paper: 'Come early and avoid the rush!'"

Matches
A New York physician was giving an informal talk on physiology upon the windy, sea-fronting porch of an Atlantic City hotel.
"Also," he said, "it has lately been found that the human body contains sulphur."
"Sulphur!" exclaimed a girl in a blue and white blazer. "How much sulphur is there, then, in a girl's body?"
"Oh," said the physician, smiling. "The amount varies."
"And is that," asked the girl, "why some of us make so much better matches than others?"

Not to Be Fooled
"Tell me, noo, Jamie, what was the most wonderful thing you saw when at sea?"
"I think the strangest thing I saw was the flying-fish."
"Noo, laddie, dinna mak' a fule o' yer mither. Wha ever heard o' a fish flien'?"
"Another strange thing I saw when crossing the Red Sea. We dropped anchor, and when we raised it again there was one of the wheels of Pharaoh's chariot entangled on it."
"Ay, laddie, I'll believe that. We've Scripture for that."—Tit-Bits.

Lived for His Faith
So he died for his faith? That is fine—
More than most of us do. But, say, can you add to that line That he lived for it, too?
In his death he bore witness at last As a martyr to Truth.
Did his life do the same in the past, From the days of his youth?
It is easy to die. Men have died For a wish or a whim—
From bravado, passion or pride: Was it harder for him?
But to live! Every day to live out All the truth that he dreamt.
While his friends met his conduct with doubt,
And the world, with contempt!
Was it thus that he plodded ahead, Never turning aside?
Then we'll talk of the life that he lived—
Never mind how he died!
—Ernest Crosby.

TO HOLD ANNUAL BANQUET
The Royal Highlanders are planning to hold their annual banquet on Wednesday night next week at their lodge room in the Reddish hall. This banquet is given for the members of the order and their families.

\$100 Reward, \$100
The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Cure is taken internally and acts thru the blood on the mucous surfaces of the system thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing her work. The proprietors have so much faith in the curative powers of Hall's Catarrh Cure that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

DARKEN GRAY HAIR, LOOK YOUNG, PRETTY

Grandma's recipe of Sage Tea and Sulphur darkens so naturally that nobody can tell.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also cures dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Hair Remedy," you will get a large bottle of this famous old recipe for about 50 cents.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy.
