Fifteen Hundred Dollars for Fifty

Send your boy to an agricultural college if you can, but if you find that impossible get him a scholarship in the Campbell Correspondence School of Soil Culture. It will cost you fifteen hundred dollars to send him to an agricultural college for three years. You can buy a scholarship in the Campbell Correspondence School for fifty dollars and educate your boy at home. If he applies his spare time to study and takes pains with his work on the farm, he will know as much about scientific farming at the end of three years as he would if he spent that time and that fifteen hundred dollars at an agricultural college. He does not have to pass an examination and can begin at any time and go as fast as he pleases.

Of course you are too old to go to college, but you are not too old to study at home. We have students all the way from 19 years old to 84 years young. Write for a catalog and save \$1450. You can't make that much money as easy in any other way.

Wonderful New Coal Oil Light

Burns Vapor Saves Oil Beats Electric or Gasoline

Costs You Nothing

To have this wonderful new Aladdin coal oil (kerosene) mantle lamp demonstrated right in your own home. You don't need to pay a cent unless you are perfectly satisfied and agree that it is the best oil lamp you ever saw.

Twice the Light On Half the Oil

Recent tests by the Government and noted scientists at 35 leading Universities, prove the Aladdin gives more than twice the light and burns less than half as much oil as the best round wick, open flame lamps on the market. Thus the Aladdin will pay for itself many times over in oil saved, to say nothing of the increased quantity and quality of pure white light it produces. A style for every need.

\$1000.00 Will Be Given

by the Mantle Lamp Company—the largest Coal Oil (kerosene) mantle lamp house in the world—to any person who shows them an oil lamp equal to the Aladdin. Would they dare invite such comparison with all other lights if there were any doubt about the superiority of the Aladdin?
