**PURE FOOD WEEK**

**Governor Morehead Designates Week  
 of April 3 as Week for Ne-  
 braska Foods First**

(By Special Correspondent)  
 Lincoln, Nebr., March 22—The  
 week commencing Monday, April 3,  
 has been designated by a proclama-  
 tion by Governor Morehead, as "pure  
 food week". It is recommended that  
 all merchants clean up and decorate  
 their places of business, displaying  
 food products and using the Ameri-  
 can flag freely, as representing peace,  
 plenty and prosperity. Governor  
 Morehead recommends as a slogan,  
 "Nebraska Foods First" in view of  
 the fact that we produce annually  
 about half a billion dollars' worth of  
 "edibles".

Deputy Food Commissioner Clar-  
 ence E. Harman has evolved a new  
 idea which cannot fail to interest a  
 large number of Nebraskans. He has  
 written the Nebraska delegation in  
 Congress urging an embargo on gaso-  
 line. "In 1912," he says, "we, in  
 Nebraska, used fifteen million gal-  
 lons. A year ago today gasoline was  
 selling at ten cents per gallon in Lin-  
 coln; today it is nineteen and a half  
 cents. That means this year we of  
 Nebraska alone will pay out five mil-  
 lion dollars war tax on gasoline—but  
 the government does not get a dollar of  
 it. One oil company is even now  
 building twenty-nine vessels, costing  
 a million dollars each, to carry gaso-  
 line and other oils in the foreign  
 trade. Let's put an embargo on that  
 trade." (It would seem that the  
 twenty-nine million dollar fine im-  
 posed by Judge Kenesaw M. Landis  
 some years ago and never paid is now  
 being used to build oil ships.)  
 The state auditor's office received  
 another large consignment of bonds  
 from Omaha for registration this  
 week. The bonds are valued at \$676-  
 000 and are subdivided as follows:  
 Sewer, \$200,000; paving, \$326,000;  
 park, \$50,000.

Attorney General Reed, in conjunc-  
 tion with County Attorney Wasson of  
 Hayes county, recently closed up the  
 estate of Henry Devine, who died in  
 1911, without leaving any heirs. The  
 estate comprises 320 acres of Hayes  
 county land and \$350 cash, which  
 has been credited to the school fund  
 of the state.

The filing of Governor Morehead's  
 name for vice president on the Nebr-  
 aska primary ballot has struck a re-  
 sponsive chord in the hearts of all  
 democrats of the state. Governor  
 Morehead's popularity was never  
 more pronounced than at this time.  
 From every part of the state comes  
 enthusiastic praise for the governor,  
 and assurances of unanimous support  
 in his candidacy for the vice presi-  
 dency. It has already been planned  
 to send a special train to the Demo-  
 cratic National Convention at St.  
 Louis, which will include not only the  
 Nebraska delegation, but a large  
 crowd of Morehead boosters from ev-  
 ery corner of the state.  
 Frank P. Shields and George W.  
 Berge who, some time back, filed for  
 the gubernatorial nomination on the  
 Democratic ticket, have withdrawn  
 from the race. Mr. Shields withdrew  
 his name the forepart of last week,  
 and last Saturday Mr. Berge did like-  
 wise. With these withdrawals it  
 leaves only C. W. Bryan of Lincoln,  
 Keith Neville of North Platte and  
 W. F. Stoecker of Omaha to represent  
 Democracy's standard at the primar-  
 ies, while five candidates are repre-  
 senting the republican forces. They  
 are Madge and Miles of Hastings,  
 Walter George and Judge Sutton of  
 Omaha and Roy McKelvie of Lincoln.

**STOP CATARRH! OPEN  
 NOSTRILS AND HEAD**

Says Cream Applied in Nostrils  
 Relieves Head-Colds at Once.

If your nostrils are clogged and your  
 head is stuffed and you can't breathe  
 freely because of a cold or catarrh, just  
 get a small bottle of Ely's Cream Balm  
 at any drug store. Apply a little of  
 this fragrant, antiseptic cream into  
 your nostrils and let it penetrate  
 through every air passage of your head,  
 soothing and healing the inflamed, swollen  
 mucous membrane and you get im-  
 mediate relief.  
 Ah! how good it feels. Your nos-  
 trils are open, your head is clear, no  
 more hawking, sniffling, blowing; no  
 more headache, dizziness or struggling  
 for breath. Ely's Cream Balm is just  
 what sufferers from head-colds and ca-  
 tarrh need. It's a delight.

**Watch Child's Cough**

Colds, running of nose, continued  
 irritation of the mucous membrane if  
 neglected may mean Catarrh later.  
 Don't take the chances—do something  
 for your child! Children will not  
 take every medicine, but they will  
 take Dr. King's New Discovery and  
 without bringing or teasing. It's a  
 sweet pleasant Tar Syrup and so ef-  
 fective. Just laxative enough to  
 eliminate the waste poisons. Almost  
 the first dose helps. Always prepared,  
 no mixing or fusing. Just ask your  
 druggist for Dr. King's New Dis-  
 covery. It will safeguard your child  
 against serious ailments resulting  
 from colds.

**LOOKOUT**

Herny took his sister to town Mon-  
 day.  
 Charles Soth went to Alliance Mon-  
 day.  
 Mrs. Hale is on the sick list at this  
 writing.  
 John Liggett went to Alliance one  
 day last week.  
 George Workman is visiting Lee  
 McLaughlin's home.  
 Teacher of district 93 is not feeling  
 well at this writing.  
 Mr. and Mrs. C. B. Soth were in  
 Alliance Saturday.  
 Odde Pierre was a caller at Fitz-  
 gerald's, one day last week.  
 "Toots" Birkel was visiting Buzz  
 McLaughlin's home Saturday.  
 Jacob Ingberg was visiting Lee  
 McLaughlin's home Thursday.  
 Mrs. Unger is suffering very much  
 from rheumatism in her hands.  
 Ed Masteller and Ted Myers were  
 visitors at McLaughlin's, Sunday.  
 Misses Belle Eastman and "Toots"  
 Birkel were in Alliance Saturday.  
 Buzz McLaughlin and mother were  
 over to visit Miss "Tootie", Tuesday.  
 Jack Sherlock is figuring on going  
 to Montana the latter part of March.  
 Pat and Melvin Miller were taking  
 a joy ride in their new Ford Sunday.  
 John Liggett and family were vis-  
 itors at the Fitzgerald home Sunday.  
 The dance at Cantwell's was well  
 attended, and an enjoyable time was  
 reported.  
 The croquet club was held at H.  
 E. Smith's home, and a fine time is  
 reported.  
 This March wind is surely taking  
 the tops of stacks off. It keeps the  
 farmers quite busy.  
 Mr. Cantwell got stuck at Snake  
 creek, but managed to get out and  
 bring home the lunches for the  
 dance.  
 Mrs. John Fitzgerald and daughter  
 were in Alliance Saturday. Mrs.  
 Fitzgerald took a severe cold com-  
 ing home.  
 Miss Belle Eastman while eating  
 dinner in a hotel said to the waiter:  
 "Waiter, there is not a drop of real  
 coffee in this mixture!" Waiter:  
 "Some little bird told you, I sup-  
 pose." Belle: "Yes, a swallow."  
 Johnny Fitz—phoned up to a feed  
 store. When the phone was answer-  
 ed John said: "Send me out a bale of  
 hay and some oats." Feed man:  
 "Who is this for?" "Why," for the  
 horse, you blame fool," replied John.  
 The sale at McCoy's was well at-  
 tended, and a dainty luncheon was  
 served.

A teacher of district 93 was ex-  
 plaining the nature of the spinal col-  
 umn to a class of twelve-year-olds.  
 After finishing the discussion she  
 said to a girl named Toots: "Now,  
 Toots, what is the spinal column?"  
 Scratching her head for a minute she  
 said, smilingly, "Well, ma'am, it's a  
 thing that runs up and down the  
 back. Your head sits on one end  
 and you sit on the other."

**Glass of Hot Water  
 Before Breakfast  
 a Splendid Habit**

Open sluices of the system each  
 morning and wash away the  
 poisonous, stagnant matter.

Those of us who are accustomed to  
 feel dull and heavy when we arise;  
 splitting headache, stuffy from a cold,  
 foul tongue, nasty breath, acid  
 stomach, lame back, can, instead,  
 both look and feel as fresh as a daisy  
 always by washing the poisons and  
 toxins from the body with phosphated  
 hot water each morning.  
 We should drink, before breakfast,  
 a glass of real hot water with a tea-  
 spoonful of limestone phosphate in  
 it to flush from the stomach, liver,  
 kidneys and ten yards of bowels the  
 previous day's indigestible waste, sour  
 bile and poisonous toxins; thus cleans-  
 ing, sweetening and purifying the  
 entire alimentary tract before putting  
 more food into the stomach.  
 The action of limestone phosphate  
 and hot water on an empty stomach  
 is wonderfully invigorating. It cleans  
 out all the sour fermentations, gases,  
 waste and acidity and gives one a  
 splendid appetite for breakfast and  
 it is said to be but a little while until  
 the roses begin to appear in the  
 cheeks. A quarter pound of limestone  
 phosphate will cost very little at the  
 drug store, but is sufficient to make  
 anyone who is bothered with bilious-  
 ness, constipation, stomach trouble or  
 rheumatism a real enthusiast on the  
 subject of internal sanitation. Try it  
 and you are assured that you will  
 look better and feel better in every  
 way shortly.

Have you tried Peacock Coal? If  
 not, try a ton. You will get more

**Mogul 8-16 Saves its Own Price  
 In Fuel Bill Reduction**

THAT'S true. A Mogul 8-16 kerosene tractor  
 saves its own price in fuel bill saving, as com-  
 pared with a gasoline tractor.

**Until April 1st the price remains at \$675 cash  
 f. o. b. Chicago.** Fortunate early purchases of ma-  
 terial still allow you this low figure. **After April 1st  
 the price will be \$725, same terms.**

At either price the Mogul 8-16 is by far the most eco-  
 nomical tractor because it operates on cheap, common kero-  
 sene or coal oil. Gasoline to run the gasoline tractor costs  
 over 100 per cent more than the kerosene a Mogul 8-16  
 will use. Which is best for you?

You know what gasoline costs you, and you know what  
 you pay for kerosene. Figure it out yourself, or see your  
 dealer. This is a saving you can't afford to miss.

The OilPull Tractor will  
 cut the drudgery of farm  
 work and reduce farm costs, for the simple reason that the  
 OilPull is a year 'round proposition. It saves money plowing,  
 harvesting, threshing, hauling, drilling and at other power jobs.

15-30 and 30-60 Horsepower

The OilPull burns cheap kerosene or distillate at all loads,  
 at any kind of work. It is throttle governed—there is no fuel  
 waste, the power is steady and uniform.

The OilPull is oil-cooled—no danger of radiator freezing. It  
 is easy to operate—any intelligent person can run it after a little  
 instruction. The 15-30 has two speeds for road work.
