Lewis McIntyre officiating and using the impressive ring ceremony. The couple were married at noon and left immediately on the train for their new home at Casper. The bride not only gave her whole time and energy to the thorough tasks which she accomplished in her school room, but she won her way to the hearts of a large circle of friends who now join in extending congratulations and best wishes. We know little of the groom as he remained in town but a few days, but while here made friends, who make the assertion that he is a likely companion for his help-mate, and can count himself fortunate in having secured such an accomplished young lady for a wife.

They made the trip by wagon from Lusk to Alliance in three and one-half days, a record for that mode of travel. They met many former Alliance people while on the trip and report that they had a fine

time all the way.
