We guarantee to prepare you for any civil service position, city, state or federal—coach you free until you get the position. Send for particulars. CIVIL SERVICE SCHOOL Kiltredge Bldg., Denver

Hot Water Each Morning Puts Roses in Your Cheeks

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of combustible material in the form of ashes, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which if not eliminated, form toxins and poisons which are then soaked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

● If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and purifying the entire

alimentary tract, before putting more food into the stomach.

Girls and women with sallow skins, liver spots, pimples or pallid complexion, also those who wake up with a coated tongue, bad taste, nasty breath, others who are bothered with headaches, bilious spells, acid stomach or constipation should begin this phosphated hot water drinking and are assured of very pronounced results in one or two weeks.

A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, purifies and freshens the skin on the outside, so hot water and limestone phosphate act on the inside organs. We must always consider that internal sanitation is vastly more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

Women who desire to enhance the beauty of their complexion should just try this for a week and notice results.

Clear Skin: Comes from Within

It is foolish to think you can gain a good clear complexion by the use of face powder. Get at the root of the trouble and thoroughly cleanse the system with a treatment of Dr. King's New Life Pills. Gentle and mild in action, do not gripe, yet they relieve the liver by their action on the bowels. Good for young adults and aged. Go after a clear complexion today. 25c at your druggist. Adv.—No 1

Bowel Complaints in India

In a lecture at one of the Des Moines, Iowa, churches a missionary from India told of going into the interior of India, where he was taken sick that he had a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy with him and believed that it saved his life. This remedy is used successfully in India both as a preventive and cure for cholera. You may know from mths that it can be depended upon for the milder forms of bowel complaint that occur in this country. Obtainable everywhere.

USED BY RAILROADS

Transportation Brotherhoods Charge U. S. Chamber of Commerce Is Used Against Them

Cleveland, Ohio, June 7—That the United States Chamber of Commerce is being used by the railroads as a means of delaying action on the demand for an eight-hour day made by the freight train employees, is charged in a statement issued by the Transportation Brotherhoods.

Immediately after an address by Howard Elliott, president of the financially wrecked New Haven system, made before the United States chamber of commerce at Washington in February, a "committee on the railroad situation" was appointed by the body.

This committee after deliberating for three months, now proposes that the local chambers of commerce throughout the United States shall, by vote on the resolutions prepared by the committee, express their opinion as to the introduction in Congress of a joint resolution directing the Interstate Commerce Commission to investigate and report "as soon as possible," the minimum and maximum average wage paid, with hours of service, etc., to each class of railroad employees in the United States and the relation of railroad wages to railroad revenue and various other complicated and technical subjects.

The significant part of this transparent scheme for delay is, that both the railroads and the employees are urged to postpone any action on the hours and wage question until the Commission has made its report.

Anyone who is familiar with the amount of unfinished work now before the Commission and who knows the necessarily slow procedure, must admit that two or three years is the lowest estimate of the time required for such an investigation.

The whole proposition of the so called referendum of the United States Chamber of Commerce would appear to be, to postpone any action that would tend to improve the long working hours of railroad freight train employees.

Why there should be any occasion for taking a referendum vote on the question is a mystery, as it is a foregone conclusion that the local chambers of commerce will decide unanimously in favor of the delay and at the end of the time, they will of course just as joyfully vote for some other delay for a succeeding period of years.

It is significant to note that the "committee on the railroad situation" arrived at its conclusion that Congressional action was needed without hearing or asking for information from anyone representing the employees. They formulated their report from hearing only one side of the proposition.

These tactics remind us of the method of railroad attorneys in the courts when an injured workman is bringing suit—any maneuver to delay the case and wear out the patience and capital of the workman, is so much gained for the railroad.

The disastrous affects of hope deferred are all too well known by the railway wage earner to cause him to sympathize with this movement to postpone the receipt by him of his just dues.

It is to be hoped that the United States Chamber of Commerce in its investigation by its "committee on the railroad situation" took cognizance of the increase in the salaries paid general officers as compared to the increase in wages of other railway employees.

Taking sixty-two Western railroads as a fair example, the salaries paid general officers in 1900 were \$4,537,404 and in 1913 \$9,444,528, which is an increase of more than 100 per cent.

It should also be observed that the revenue of the railroads in 1890 was \$1.65 per freight train per mile and 1914 the earnings were \$3.31 per freight train per mile, an increase of 100 per cent, which shows the freight train crews are producing double the revenue for the railroads, the general officers are receiving double the salaries and the train crews are doing double the amount of work they had to do a decade ago, with no proportionate increase in pay.

Will My Child Take Dr. King's New Discovery?

This best answer is Dr. King's New Discovery itself. It's a pleasant sweet syrup, easy to take. It contains the medicines which years of experience have proven best for coughs and colds. Those who have used Dr. King's New Discovery longest are its best friends. Besides every bottle is guaranteed. If you don't get satisfaction you get your money back. Buy a bottle, use as directed. Keep what is left for cough and cold insurance. Adv.—No 1

Writing for Magazines

Mrs. Mollie D. Chesnut Ball, of Hemingford, is a writer of short stories. Recently she wrote an interesting short story entitled "Mettle". This story has been accepted by the Woman's National Weekly, one of the most widely circulated magazines in the United States, and will soon be published by them. Mrs. Ball deserves credit for steady, hard work, which is now beginning to receive recognition in the right manner.

Does Sloan's Liniment Help Rheumatism?

Ask the man who uses it, he knows. "To think I suffered all these years when one 25 cent bottle of Sloan's Liniment cured me," writes one grateful user. If you have Rheumatism or suffer from neuralgia, backache, soreness and stiffness, don't put off getting a bottle of Sloan's. It will give you such welcome relief. It warms and soothes the sore, stiff painful places and you feel so much better. Buy it at any drug store, only 25 cents. Adv.—No 1

Registered Bulls at Auction
