

IF YOU ARE TAKING A TONIC BE SURE IT IS A GOOD ONE; MUST INFLUENCE ENTIRE BODY

The welfare of mankind demands that they should be supplied with nourishment and this can only be done through perfect digestion. It is not how much we eat, but how much is digested that counts. When digestion is bad the entire system suffers. Getting back to a healthy condition of mind and body can only be had in many cases by the tonic treatment. If a tonic treatment is selected, it must be a tonic which has a good influence on the entire digestive tract. Many tonics stimulate digestion, but do not affect the intestinal tract, or

that portion of the body through which the food passes after it leaves the stomach. About three-fourths of the digestion takes place after the food leaves the stomach, therefore the value of Tanlac, as a tonic, can be plainly seen when it is known that this preparation is designed to relieve the entire intestinal tract, as well as the kidneys and liver. By stimulating these organs to activity it relieves constipation, sallow skin, backaches and "tired feelings," which usually come from a disordered condition of these organs. Tanlac is valuable as a stomach

and intestinal tonic. It relieves misery after eating, indigestion, dyspepsia, gas and bloating. It supplies food for the nerves and promotes healthy sleep. Tanlac is being specially introduced in Alliance at the Harry Thiele drug store.

Directory of Game Officials

The seventeenth annual directory of officials and organizations concerned with the protection of birds and game in the United States and Canada, revised to July 15, 1916, has just been issued by the Bureau of Biological Survey of the U. S. Department of Agriculture. It presents in convenient form the addresses of persons from whom information may be obtained concerning the game laws. It shows the date of establishment of each state commission or wardenship, the changes which occur in such offices, and the publications issued by game officials. It also contains the names and ad-

dresser of the president and secretary of each national, state and Canadian club or association organized for the protection of birds and game. The Audubon societies, organized for the study and protection of birds, are also listed, together with the names and addresses of the presidents and secretaries.

Cure for Cholera Morbus

"When our little boy, now seven years old, was a baby he was cured of cholera morbus by Chamberlain's Colic, Cholera and Diarrhoea Remedy," writes Mrs. Sidney Simmons, Fair Haven, N. Y. "Since then other members of my family have used this valuable medicine for colic and bowel troubles with good satisfaction and I gladly endorse it as a remedy of exceptional merit." Obtainable everywhere.

The boss began by putting money in the Bank. He was a careful man—his money grew until he had enough to take a good business chance. You can do it.

NO, IT WASN'T LUCK. HE IS THE "BOSS" BECAUSE HE SAVED MONEY WHEN OTHER MEN WERE WASTING THEIRS IN LITTLE FOOLISH EXTRAVAGANCES. HE WASN'T STINGY—HE WAS CAREFUL. HE KNEW THAT ALL THOSE LITTLE THINGS HE DIDN'T REALLY NEED WOULD AMOUNT TO A LARGE SUM SOME DAY. HE BOUGHT A BUSINESS WITH THE MONEY HE PUT IN THE BANK AND SAVED. YOU CAN DO THE SAME. BANK YOUR MONEY AND DO IT.

Maxwell

\$595 Maxwell motor cars have demountable rims and the same size tires on both front and rear wheels.

F. O. B. DETROIT

REMEMBER these important features, because they are not to be found on some of the lighter cars. Maxwell cars have 3 1/2 in. tires all around. This is a generous size. The tires are not overtaxed. They last longer and make riding easier. Tires of one size mean that you have to carry only one size casing and one size tube. Demountable rims, of course, are recognized as the best. They are on all good cars. Don't buy any car without demountable rims. If you do, you'll regret it. These two features—along with the other complete and up-to-date equipment; the economy and proved endurance of the Maxwell, make it the greatest automobile value in the world today.

LIVE STOCK PRICES AT SOUTH OMAHA

Cattle Market Steady to Lower; Receipts Heavy

HOGS ABOUT A DIME HIGHER

Lamb Run Largest of Year to Date. Killing Grades Lower. General Break of 15c on Fat Lambs—Best Bring \$10.25. Feeder Supply Heavy, Demand Good Though, and Feeding Sheep Held About Steady—Lambs Weak to Dime Down—Fat Sheep Easier.

Union Stock Yards, South Omaha, Nebr., August 29, 1916.—The week opened with the heaviest cattle receipts so far this year, some 496 loads, about 12,400 head! Despite the fact that receipts were the heaviest of the year, the proportion of corn fed beef was undoubtedly the smallest. The dressed beef men all appeared to want some natives, and it is more than probable that they would have paid better prices than prevailed the latter part of the week for anything that suited them, as eastern markets were meagerly supplied, and reported values sharply higher.

Quotations on cattle: Good to choice beefs, \$9.75@10.50; fair to good beefs, \$8.50@9.50; common to fair beefs, \$6.75@8.25; good to choice heifers, \$6.60@7.25; good to choice cows, \$6.50@7.00; fair to good cows, \$5.75@6.35; canners and cutters, \$4.00@5.50; veal calves, \$8.00@11.50; bologna bulls, \$5.50@8.00; best bulls, \$4.00@7.00.

Hog receipts for Monday were rather light, estimates being 55 cars, or 5,800 head. Early reports from Chicago indicated, if anything, a weak tendency, though prices were quoted about steady. Buyers at this point, however, were unable to hold down prices, the market opening at unevenly higher prices. Most of the packers hogs were bought at a 5@10c advance, while the shipper's hogs were quoted as 10@15c higher in some cases. There were no real good shipping hogs here, and tops failed to go above \$10.70, bulk however, is the highest it has been since 1910, landing at \$10.20@10.50.

There was almost as many sheep and lambs here Monday as at all the other markets combined, the local rug being estimated at 142 cars, or 85,000 head. The best fat lambs here sold largely around \$10.25, being around 15c lower than at the close of last week. There was a good showing of aged sheep here, and prices were a little easier, some sales being around 15@25c lower. Bulk of the decent to pretty good ewes sold at \$6.50@6.70, the best bringing \$6.75. Best feeding ewes made \$2.00@2.25, with a fair kind on down.

Quotations on sheep and lambs: Lambs, good to choice, \$10.36@10.50; lambs, fair to good, \$10.00@10.25; lambs, feeders, \$9.75@10.50; yearlings, good to choice, \$7.00@7.50; yearlings, fair to good, \$6.50@7.00; yearlings, feeders, \$6.50@7.25; wethers, fair to choice, \$6.25@7.25; ewes, good to choice, \$6.50@7.00; ewes, fair to good, \$5.75@6.50; ewes, plain to culls, \$4.00@5.75; ewes, feeding, \$5.00@6.25; ewes, breeders, all ages, \$6.25@9.00.

MAKING bread in a Bedouin tent on the deserts of Arabia is quite a different proposition from baking bread in our modern establishment—a difference the people of this community appreciate.

Our Bread

has that delicious flavor that gives it a place distinctively its own in homes where "good eating" is appreciated. The same thing is true of our pies, cakes, doughnuts and all other forms of pastry.

Quality and cleanliness are the twin mottoes of this bakery at all times.

RHEUMATISM ARRESTED

Many people suffer the tortures of lame muscles and stiffened joints because of impurities in the blood, and each succeeding attack seems more acute until rheumatism has invaded the whole system. To arrest rheumatism it is quite as important to improve your general health as to purify your blood, and the cod liver oil in Scott's Emulsion is nature's great blood-maker, while its medicinal nourishment strengthens the organs to expel the impurities and rebuild your strength. Scott's Emulsion is helping thousands every day who could not find other relief. Refuse the alcoholic substitutes.
