SWEEPING REORGANIZATION IN YELLOWSTONE NAT. PARK

The old slow-going, picturesque horse-drawn stages have been passed forever from the Yellowstone National Park. They will be supplanted next summer by comfortable, ten-passenger automobiles, which will run the visitor rapidly through the long stretches of lodge-pole forest that intervene between the spots of special interest. The hurried visitor may then spend a minimum of time in travel and have more time at the geysers, the lake and the canyon. The leisurely visitor may linger as he pleases at the points which command his special interest. But one may, if he chooses, hire a horse-driven surry.

The passing of the horse is one of the results of an entire reorganization of the living and transportation facilities of Yellowstone. By agreement of the concessioners, three new companies will supplant the half dozen or more which have existed heretofore. With the decision of Mr. F. J. Haynes to retire from active business, a new transportation company has been organized to furnish motor service for the entire park. The hotel company will also reorganize on a broader basis, and the camps will combine on a basis which, with new equipment and increased facilities, will give the public a greatly bettered service.

Secretary Lane also announces that an arrangement in the public service has been effected among the railroads leading to Yellowstone, which will enable the round-trip traveler by any railroad to enter the park by any entrance he chooses and return by either of the others.

The passing of the horse-drawn

stages has enabled the Department to so simplify the schedules that the private motorist will have as much freedom in the park, within reasonable regulations for the public safety, as upon the common highways without.

The Haynes photographic business which has been effectively conducted in the park for thirty-six years, will be continued. With these sweeping constructive changes, and the spirit of hearty cooperation shown by the railroads and concessioners, the Department believes that the Yellowstone National Park will now enter upon a period of extraordinary public usefulness and comfort.

Will Sloan's Liniment Relieve Pain?

Try it and see—one application will prove more than a column of claims. James S. Ferguson, Phila., Pa., writes: "I have had wonderful relief since I used Sloan's Liniment on my knees. To think after all these years of pain one application gave me relief. Many thanks for what your remedy has done for me." Don't keep on suffering, apply Sloan's Liniment where your pain is and notice how quick you get relief. Penetrate without rubbing. Buy it at any drug store. 25c. Adv—3

PROFITABLE USE OF FARM FEED

The average value of all the feed to live stock on 301 farms in the corn belt part of the state for one year was \$1559 per farm according to surveys made by the farm management extension service of the University of Nebraska. This is greater than all other current farm expenses which amounted to \$1032 per farm, not including interest on

capital. There is little opportunity for reducing the current operating expenses of the farm but a big saving can be made in feed, according to the farm management extension service. Of 509 farms in all parts of the state, 37 per cent showed live stock receipts not large enough to pay for the feed consumed by the stock. There is probably no problem of the farm that needs more careful study and will pay so well for the time expended as the problem of properly disposing of the feed to the live stock.

NOTICE

To all automobile owners—You can pay your 1917 license now. Engine number and make of car must accompany application. All licenses delinquent January first, 1917.

KEEPING RECORDS

In one of the near-by states, a farm survey was recently made to determine the profit made per 100 birds on the farm as kept under ordinary conditions. The five best flocks averaged as follows: \$247 for 1000 birds, \$154, \$153, \$107, \$104. The five poorest flocks averaged from 67 down to \$15 profit per 100 birds. From these figures, it is plain that every flock surveyed was kept at a profit. To know exactly what profit your flock is producing, it is necessary to keep records. Blanks for this purpose may be obtained from the poultry department of the University of Nebraska.

INTERNATIONAL SUNDAY SCHOOL LESSON

By E. O. SELLERS, Acting Director of the Sunday School Course in the Moody Bible Institute of Chicago.

LESSON FOR DECEMBER 31

CHRIST'S COMING AND COMING TO CHRIST (REVIEW).

READING LESSON—Rev. 22:3-14; 16:21. GOLDEN TEXT—The spirit and the bride say, come. And he that heareth, let him say, come. And he that is athirst, let him come. He that will, let him take of the water of life freely.—Rev. 22:17.

It is possible in lessons one to nine to review the past quarter's work, in a logical, chronological manner, but lessons seven and nine are not in their proper chronological setting. These lessons extend over five years of Paul's life from about 58 A. D. to 63 A. D. They are five wonderful years, and the last of the authentic years we have of the life of this wonderful man. The review should of course center in Paul, his conduct, character and teachings.

The first twelve chapters of the Book of Acts, in which we have chiefly been studying, cover a period of about sixteen years, A. D. 30-46, with Jerusalem as the center. The rest of the Book of Acts cover another period of approximately 16 years from 46 to 62, and is the record of the foreign missionary work of Paul and his companions, Paul being of course the central character.

The series for this quarter close with the vision of the final triumph of Christianity as seen by John in the Revelation. Maps should be employed if possible to show the journeys of Paul. The risen Christ and the endowment of the power which wrote this first Church History, and which have been writing Church History ever since. The home church (Chs. 2-7) began with about 120 praying men and women. Peter's first sermon brought into "the way" 3,000 more. From time to time others were added. Persecution and deliverances, the first martyr, Stephen, and the dissatisfaction which led to the choice of the deacons, are the outstanding events of this period. The home mission period, with Jerusalem as the center and Palestine as the field (Chapters 8-12) covers a period of about ten years. Persecution scattered the disciples throughout the country. Paul was converted on the road to Damascus, Philip goes to Samaria, and Peter carries on the work throughout Lydda, Joppa and Caesarea. In this section we have the story of Philip and the Ethiopian, of Peter curing the palsied man at Lydda, the raising of Dorcas and Paul and Barnabas returning to Jerusalem with help to those at that city who were suffering from famine. Then begins the period of foreign missions, covering about sixteen years, from about A. D. 47 to 62. The principal characters begin of course with Paul and Barnabas, though Paul soon takes his place of leadership. Paul's first missionary journey lasted for about two years, from say A. D. 47 to 49, Barnabas being his principal companion. Returning to Antioch from Jerusalem, Paul soon began his second journey, this time taking with him Silas. Again there is a period of about two years, from A. D. 50 to 52. Paul had his Macedonian vision during this time, and the gospel first entered Europe, beginning with the conversion of the Philippian jailer. Paul's preaching at Athens and his service at Corinth are perhaps the most outstanding features of this journey. Paul's third journey lasted nearly three years, A. D. 53 to 56 or 57. He re-visits the Asia Minor churches to strengthen them, spends nearly three years at Ephesus, and has some outstanding adventures as, for instance, the riot at Ephesus about the shrines of Diana. Returning to Jerusalem to take part in the feast, he is told of the ultimate persecutions which he must endure. For a long time he has desired to preach the gospel in Rome. Everyone of the trials, hindrances, oppositions and attacks proved to be the means by which he gained that desired end.

In this particular quarter, in lesson one, we see Paul's calmness in persecution, his prudence under danger. In lesson two, his delicate courtesy and shrewdness in seizing every opportunity that he might witness for his Lord. In lesson three is manifested his unshaken belief in everything found in the Scriptures, and his wise use thereof in leading men to Christ. In lesson five, his fearlessness amidst danger and his absolute confidence in God. In lesson six, his humility. In lesson seven, his well balanced common sense and his love of peace among his brethren. In lesson eight, we see him longing for human companionship and sympathy, and have an evidence of his love for his own countrymen, and yet his faithfulness declaring the word of God to them as well as to the Gentiles. Last Sunday we stood with Isaiah, looking down through the centuries to the man of Galilee 700 years hence. Today, as we review this quarter and the lessons of the past year, we are looking back nearly two thousand years to the one who wrought out our salvation on Calvary, but we may also turn our faces the other way, and look for him whose returning will bring peace to the earth, and at whose coming the brightness of his glory shall cover the earth even as the waters cover the sea.

We have seen the breaking down of "armed peace."

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Theo," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 25-cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin. Nothing else stops lumbago, sciatica and lame back misery so promptly!

TO MAKE SURVEY NEAR BRIDGEPORT

According to reports from Washington the reclamation service is to make a survey next summer for the proposed construction of a ditch that will supply water users in and around Bridgeport. This is the outcome of a hearing held before the director which Governor-elect Keith Neville, Senators Norris and Hitchcock, Representative Kinkaid and Fay Williams, representing Bridgeport would-be water users, attended. Partial survey of the proposed project has already been made. The survey to be is to secure the estimated cost of constructing a ditch about twenty-five miles long that will irrigate in the neighborhood of 20,000 acres.

Director Davis thinks that if this ditch were constructed it might necessitate the construction of the proposed dam at Guernsey, a bill for which Senator Hitchcock is to introduce.

RESOLUTIONS OF CONDOLENCE

Whereas, sorrow has entered into the home of our brother, C. M. Looney, God having seen fit to take from the family circle the son Ivon, and while we dare not question why the summons should come to one so young;

Be it resolved, that we as members of Post M. T. P. A., express to Mr. Looney and to his family our sincerest heartfelt sympathy in this terrible hour of trouble.

And be it further resolved, that a copy of these resolutions be sent to the family, a copy be spread upon the minutes of this meeting and copies be sent to local and official papers.

ROY C. STRONG,
Committee.

BE OPTIMISTIC

Here's Good News for Alliance Residents

Have you a pain in the small of the back? Headaches, dizziness, nervous spells?

Are you languid, irritable and weak?

Annoyed by urinary disorders? Don't despair—profit by Alliance experiences.

Alliance people know Doan's Kidney Pills—have used them—recommend them.

Here's an Alliance resident's statement:

Mrs. J. M. Scott, 714 Missouri ave., Alliance, says: "Though it has been sometime since I have used Doan's Kidney Pills, I don't hesitate to recommend them. I have known of many people who, like myself, have found them good. I suffered from kidney disorders for quite awhile. I had backache, felt tired and languid, and at times was very nervous. Then, too, my kidneys acted irregularly. Doan's Kidney Pills gave me relief from these ailments."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Scott had. Foster-Milburn Co., Props., Buffalo, N. Y. Adv—Dec

"MONEY IS HERE; GO GET IT"—ADVICE

"There are more and better business prospects in Nebraska now than there are in other states in the union," Mr. Short of the Federal Advertising Agency told the salesmen of the M. E. Smith company, in convention at Omaha. "The financial yield from crops in Iowa and Nebraska this year was \$2,000,000 more than last year. Does not that suggest possibilities to you? The money is there. All you have to do is to put a worthy article on the market and then garner in your dollars."

One hundred thousand dollars (\$100,000.00) to loan at 6 per cent interest on Box Butte county land and sand hill ranches. We charge a small commission. We examine our own loans and pass on them and furnish money at once.

Clear, Peachy Skin Awaits Anyone Who Drinks Hot Water

Says an inside bath, before breakfast helps us look and feel clean, sweet, fresh.

Sparkling and vivacious—merry, bright, alert—a good, clear skin and a natural, rosy, healthy complexion are assured only by pure blood. If only every man and woman could be induced to adopt the morning inside bath, what a gratifying change would take place. Instead of the thousands of sickly, anaemic-looking men, women and girls, with pasty or muddy complexions; instead of the multitudes of "nerve wrecks," "rundowns," "brain fags" and pessimists we should see a virile, optimistic throng of rosy-cheeked people everywhere.

An inside bath is had by drinking each morning, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten days of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening, and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headaches, biliousness, nasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle, but is sufficient to demonstrate the quick and remarkable change in both health and appearance, awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood while the pores in the thirty feet of bowels do.
