Why People Buy from the Stores that Advertise

You have often heard people ask this question: "Why is it I never strike a bargain like you do?" That person is not a wide-awake nor careful buyer and does not read the advertisements.

When a Business Man pays money to make a public announcement, he usually has something worth while to offer—something that is to your advantage to know. He has a money-saving sale, a new assortment of styles or extraordinary values of some kind to tell you about.
