### For a Bilious Attack

When you have a severe headache, accompanied by a coated tongue, loathing of food, constipation, torpid liver, vomiting of portly digested food and then bile, you may know that you have a severe bilious attack. While you may be quite sick there is much consolation in knowing that relief may be had by taking three of Chamberlain's Tablets. They are prompt and effectual. Obtainable everywhere.

### ANNULMENT SUIT IS SEQUEL TO ELOPEMENT

Disappearance of Miss Mildred R. Busche, 15, pretty Central high school freshman, daughter of Mr. and Mrs. Frank L. Busche, 957 North Twenty-fifth street, Omaha, was solved Saturday, when Mr. Busche, a prosperous contractor, brought suit in district court to annul her marriage of February 1 to Floyd G. Watkan of Seward.

Mildred lived with Watkan one day. Mr. Busche alleged in his petition. He asked the court to annul the marriage on the ground that she was under the statutory marriageable age of 16.

Mildred has returned from Seward, where the marriage took place, and is living at home.

### NOSE CLOGGED FROM A COLD OR CATARRH

Apply Cream in Nostrils To Open Up Air Passages.

Ab! What relief! Your clogged nostrils open right up, the air passages of your head are clear and you can breathe freely. No more hawking, snuffling, mucous discharge, headache, dryness—no struggling for breath at night, your cold or catarrh is gone.

Don't stay stuffed up! Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, giving you instant relief. Ely's Cream Balm is just what every cold and catarrh sufferer has been seeking. It's just splendid!

### WOMAN REPORTS LOSS OF JEWELS WORTH \$1,500

When Mrs. Ella Reynolds, Harley hotel, Omaha, arrived at her place of employment in the Elks' building in that city, she discovered that jewels valued at more than \$1,500 which she thought had been firmly fastened to her waist in a small satin bag, had disappeared.

Among the valuables was a diamond solitaire ring, a platinum lavalliere with two diamonds set in onyx, and a platinum ring set with diamonds and emeralds.

The lavalliere and one of the rings, she said, were heirlooms which had been in the family for over seventy-five years.

# CLEANED from the EXCHANGES

### HOG TOPPED MARKET AT TWELVE DOLLARS

Morrill Mail:—  
E. C. Brown received a telegram Tuesday telling him that his car of fat hogs which were on the Denver market that day topped the market at the big fat figure of twelve dollars per hundred.

### MRS. COW CHASED MORRILL MERCHANT

Morrill Mail:—  
Some of our well known citizens and business men were pretty "sore" Monday morning, after enjoying a nice sprout of a few hundred yards with an "angry" cow following close at their heels. At the very start of the dash to the fence, a large jack rabbit jumped up and started to go the same way. Bill was heard to make the remark to his rabbitship "get out of the way and let a feller run that can." So the story goes, but the cow was merely a pet and thought that possibly they had some sugar in their pockets for her.

### BIG PRICE FOR LAND NEAR HEMMINGFORD

Hemmingford Journal:—  
John Sauerwein has purchased thru K. L. Pierce, Executor, ten acres adjoining the Bushnell farm, for \$80 per acre. This is a strip quarter of a mile north and south fronting on the main road west from town. He intends building a nice home thereon, and also to build a fine potato cellar.

Col. S. A. Grimes has bought thru K. L. Pierce, Executor, one acre of the Johnson estate 40, just west of the platted portion of town, for \$100. It is situated just west of Mrs. Margaret Curry's residence.

### SIDNEY ITEMS OF INTEREST—IN ALLIANCE

Sidney Telegraph:—  
Judge Chambers went to Alliance Sunday evening to see his daughter Anna who is convalescing in St. Andrew's hospital and to accompany Mrs. Chambers home. Trains dragged so that he had just half an hour in Alliance just about descending the car in time to greet himself climbing aboard.

The Sidney Basket Ball team defeated Alliance here Wednesday by a score of 38 to 24. The first half displayed considerable roughness but the last half was quite human. Sidney boys displayed brilliant team work and the Alliance boys had one peach of a long distance basket shooter.

### SEVERAL INJURED IN AUTOMOBILE ACCIDENT

Scottsbluff Star-Herald:—  
Thomas J. Tiller, the well-known sheep feeder, who resides north of Covert, had a narrow escape from being killed, when a freight train struck the auto which he was driving across the tracks near Covert. The machine, a new Dodge car, is a total wreck, and Mr. Tiller is under the care of a physician suffering from severe cuts and bruises about his body and a wrenched back. His physician suffering from severe cuts and bruises about his body and a wrenched back. His physicians believe that he will be able to be up and around in a week or two. Mr. Tiller was alone in his car at the time and he evidently did not see the freight until it struck him. He was thrown to one side of the track and his car was smashed beyond repair. The injured man was hurried to Mitchell and medical relief administered. Mr. Tiller is a man past middle age and is a bachelor, residing on his farm northwest of Scottsbluff, where he is engaged in sheep feeding on a large scale.

### OLD TIMER NOW CRAZY WRITES Custer County Republican

Old settlers here will remember Edwin F. DeMeritt who in December, 1887, was sent to the penitentiary convicted of manslaughter. He shot Ed King with a shotgun from ambush during the early part of that year. He served about twenty-four months of his term and was released and came up here, but went on to Hooker county, where he took up a homestead. He homesteaded for several years and then in 1891 was elected county clerk of Hooker county. Later he became insane and was sent to Hastings where he has remained until this day.

We are in receipt of a story written by him and mailed by registered letter from the Hastings home which he desires published. It contains all the rambling ideas, interspersed with bits of cowboy songs which might be expected from a man in the author's condition.

Everything is marked with the information that the author was born in Maine in 1849 and is four feet six and one-half inches tall and weighs only eighty pounds.

### PAYS SUM OF \$700 FOR YEARLING COLT

Scottsbluff Republican:—  
When William Marlin and the boys were at the stock show at Denver a couple of weeks ago they purchased a yearling colt for which they paid the neat little sum of \$700. This colt is from the best strain of stock in the United States, its mother taking the prize at New York, Chicago, and Denver for the last year. They also paid \$200 for an Aberdeen-Angus yearling bull, which is from the best stock in this country. Mr. Marlin has been making a fad of

the black cattle business for the last few years, and last week sold a car of feeders (cows) on the Omaha market for \$8.50, which is considered extremely good for cows which were fed on beet tops.

### DAWES COUNTY HAS NEW COUNTY AGENT

Chadron Chronicle:—  
The Dawes County Farm Management Association has secured the services of Harry M. Thomas, of Gage county, as county agent for Dawes. Mr. Thomas comes to us an experienced man. At the present time he is teaching agriculture in the schools of Beatrice, and is assistant county agent for Gage county. This work has been very strong in Gage county under the leadership of Mr. Liebers, so Mr. Thomas comes to us as a really experienced person. He and his brother worked their way through the agricultural college by buying a few cows and running a dairy. The profit from their labors secured for them their education. His work since graduation has been such as to put him in line for this work. Over twenty ranchers were present at the meeting last Saturday, and they are very much pleased with the apparent qualifications of this young man.

He will sever his connections in Gage county, and expects to be on the field here by the middle of the month.

### SHOCK FROM LIVE WIRE CAUSES DEATH

Custer County Chief:—  
Reese Hall, who was at one time sentenced to the penitentiary from this county for the larceny of a team, and whose term recently expired, was killed this week at Scottsbluff by coming in contact with a live electric light wire. It seems that Hall was working for the light company when the accident occurred. He was not killed instantly, but lived several hours. Attorney Johnson of this city was apprised of the young man's fate by wire. Hall's home was in the South, and after his getaway was brought from there by Sheriff Wilson to stand trial.

### SHERIDAN COUNTY FAIR ASSOCIATION MEETS

Sheridan County Democrat:—  
The thirty-second annual business meeting of the Sheridan county agricultural society was held at the office of J. M. McGraw Tuesday afternoon of this week, about twenty-five business men and farmers being in attendance. President Letson in the chair.

The business started with the reading of the report of the secretary, after which a committee, consisting of W. L. Mills, J. W. Leedom and Allen Strong, was appointed to audit the report of both the secretary and treasurer and have same published.

The next business in order was the election of officers, which resulted as follows:

F. C. Duerfeldt, president; John H. Jones, vice president; Ray O. Lyons, secretary; Gene Brown, treasurer; C. M. Rebbeck, general superintendent; J. M. McGraw, superintendent of concessions.

By a unanimous vote of the meeting the same board of directors were elected for another year.

The by-laws of the society were amended by a clause authorizing the president to appoint an auditing committee thirty days before the annual meeting, to audit the books of the secretary and treasurer and report at the regular annual meeting.

The dates of the 1917 fair was then brought up for discussion and it was voted to hold same on the 11th, 12th, 13th and 14th of September, or a week later than the 1916 fair. It was also voted to have all amusements and attractions on the fair grounds, it having been found to be the popular move.

### BAYARD SUGAR MILL GOING UP RAPIDLY

Bridgeport News-Blade:—  
The buildings for the use of the Bayard sugar factory are being pushed along rapidly these days. The large building in which the machinery will be installed has not as yet been started, but the other necessary buildings such as warehouse, seed house, etc., are being erected. The ware house and seed house are built of brick with a structural steel framework, and this framework is about completed. The club house for the use of the managers and clerical force is now enclosed, as is also the building in which the offices are to be situated. Acres of pipings, fittings, machinery and material are in evidence, these things being enclosed with only a heavy woven wire fence. Several railroad tracks are being built about the works and the railroad company has started the spur which will run seven miles north of Bayard into the beet country. The factory proper, which will contain the machinery, is to be built of concrete, so the work on that will be delayed until warmer weather. The management states that there is no doubt but that everything will be ready on time for handling the 1917 crop of beets.

### ALLIANCE RECRUITING OFFICER AT GERING

Gering Courier:—  
Corporal O. R. Lewis of the U. S. army, stationed as recruiting officer

at Alliance, was in this city Wednesday, giving instructions to Postmaster Laum, who under the present regulations is entitled to receive enlistments. Corporal Lewis states that the recruits are coming in during the recent period at a rate more than triple what they were a year ago. A young man who enlists now can leave the service at any time after one year, if he desires, but remains on the army reserve for a period of six years thereafter. Also one who has a fair education may get an appointment to West Point and after a year or so matter of training become a lieutenant.

### KIMBALL WAS WITHOUT LIGHT, WATER OR COAL

Western Nebraska Observer:—  
Monday and Tuesday nights Kimball was in darkness on account of a coal famine. For several months the light company has had orders placed ahead for coal and have been unable to receive it. By buying locally, managing every way possible, they have been able to give light until 12 o'clock at night until last Monday when they were compelled to shut down for want of coal in town. Wednesday afternoon the situation was relieved when a load of coal belonging to the Union Pacific arrived in town and was turned over to the plant.

Monday morning the Kimball people found themselves without water. The light company has been doing the pumping for the city and when they were unable to run the water supply also stopped. As the town has a gasoline engine at the pump house, this situation was relieved within a short time. The local coal dealers say there are a number of families in Kimball and vicinity seriously in need of coal. The tie-up of the trains in Wyoming is largely responsible for the condition.

### BURLINGTON AGENT AT BAYARD TAKES LAYOFF

Bayard Transcript:—  
Agent R. H. Pinkerton has resigned his position with the Burlington and will take a much deserved layoff for a time. Mr. Pinkerton has been for the past year literally "worked to death" with the ever-increasing business at the depot. The "powers to be" refused to give him help or do anything to lighten his labors and he feels that he owes it to himself to take a rest. As to whether he will go back and work for the Burlington again he is undecided but one thing is sure that Mr. Pinkerton is too good a man to remain idle long if he cares to work. We are glad to state that he does not at all contemplate leaving Bayard. His place is taken by R. H. Givin, who comes to Bayard highly recommended as a first-class agent.

### INSTALLED NEW CITY PUMPS AT ALLIANCE

Minature Free-Press:—  
Frank Beeson returned from Alliance Saturday, where he supervised the installation of a compound Merkle Hines pump of a million and a half gallons capacity per day. Although a homesteader, Mr. Beeson is one of the best mechanics to be found.

### DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburger Hot Tea, or as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

### RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 25 cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly! Mr. Business Man, on your next trip take along some artistically printed business cards. The expense is light and they are business getters. The Herald's job printing department will turn them out promptly. Phone 346 and we will call.
