

HEMINGFORD DEPT.

Mrs. A. E. Clark of Gordon spent a few days with her mother Mrs. Belle Brown last week. She returned to her home Sunday.

Mrs. Wm. Fosket was called to this place Sunday from Idaho where she has been spending the winter, on account of the serious illness of the infant son of Mr. and Mrs. Wait Weddell.

The year-old baby of Mr. and Mrs. Perry Smith, which has been critically ill for some time, is much improved at this writing.

The excavating of the Rocky & Son garage is progressing rapidly.

LIVE STOCK PRICES AT SOUTH OMAHA

Cattle Market Ten Cents Higher Than Last Week; Fair Run

HOGS ABOUT 10-15c HIGHER

Rather Weak Tone to Lamb Trade—Packers Indifferent Bidders on Earlier Rounds. Sheep Open Out About Steady—Good Many Change Hands at An Early Hour. Ewes Bring \$11.60; Wethers \$12.00—Yearlings, \$12.75—Best Mexican Lambs, \$14.60.

Union Stock Yards, South Omaha, Nebraska, February 27, 1917. The smallest run of cattle for about three weeks put in its appearance here Monday, arrivals counting out about 253 loads.

There were no strictly choice or prime cattle in the yards here Monday, and very few that could be graded as good, the best only bringing \$11.05.

The larger part of the receipts were of the fair to medium grades and the offerings even of such were not very large. Demand was very brisk, however, and fully 10c higher than the close of last week, and everything had changed hands at an early hour.

Offerings of cows and heifers were not very large, but demand was very brisk and buyers cleaned up everything early at fully 10c, and in some cases, higher prices, than last week.

Quotations on cattle: Good to choice heaves, \$10.50@11.50; fair to good heaves, \$9.75@10.25; common to fair heaves, \$8.50@9.50; good to choice heifers, \$8.25@9.50; good to choice cows, \$7.75@9.00; fair to good cows, \$6.75@7.75; canners and cutters, \$5.25@6.50; veal calves, \$9.00@11.50;ologna bulls, \$6.50@7.50; beef bulls, \$7.50@8.75.

Just a fair run of hogs showed up for Monday, only about 127 cars, or 9,200 head. Demand for hogs was very good from all quarters, and with a light supply and bullish reports from outside markets, movement started very early.

Some of the first sales were no more than 5@10c higher, but owing to the keen competition, prices rapidly moved to 10c and then 10@15c higher levels, some sales being as much as 20c higher. Bulk of the hogs sold at \$12.65@12.90, with full leads as high as \$12.95, and half a load of good heaves at \$13.60.

The week opened out with a rather generous supply of sheep and lambs, estimated being for fifty light ewes or 14,000 head. Supplies of lambs were fairly decent at all the markets, an early rounds of the lamb market in a rather weakish tone. Packers seemed to be more or less indifferent towards the good, light lambs, and did not even make bids on some of the heavy weight and heavy lambs.

Quotations on sheep and lambs: Lambs, light and heavy, \$14.00@14.65; lambs, heavy, \$13.50@14.15; lambs, clipped, \$11.50@12.75; lambs, f-ed rs, \$13.00@14.25; yearlings, good to choice, \$12.75@13.5; yearlings, fair to good, \$11.50@12.75; wethers, fair to choice, \$10.50@12.00; ewes, fair to choice, \$11.25@13.50; ewes, plain to good, \$10.00@11.25; ewes, plain to culls, \$7.00@9.50.

How to Prevent Croup When the child is subject to attacks of croup, see to it that he eats a light evening meal, as an overloaded stomach may bring on an attack, also watch for the first symptom—hoarseness, and give Chamberlain's Cough Remedy as soon as the

WOULD REPAIR OLD CAPITOL

(Continued from page 1) House Roll 33, the bill which will compel railroad companies to pay their employees twice each month, has gone through the House and the Senate railroad committee and is now on general file in the Senate. It will undoubtedly be acted upon within a few days and stands in a fair way to become a law. Shannon of Omaha and Thomas of Alliance, the backers of the bill, have gone as far as they can with it and final action is now up to the Senate. Senator Adams has the bill under his wing and will undoubtedly be able to get it through.

The Nebraska senate upheld the hands of Lieutenant Governor Edgar Howard, when a test vote came Friday morning—the burst of flame after a smoldering sentiment had prevailed for some time in certain quarters that the lieutenant governor, as presiding officer of the senate, had been too arbitrary in his holdings.

The vote stood 13 to 12 against an appeal from the decision of the chair, who held that no members could under the rules designate who should preside over committees of the whole, except the president of the senate.

Eleven thousand acres of sale springs land in Lancaster county, worth probably \$2,000,000 on the market, should revert back to the state, according to a report of the committee on school lands and funds made to the Nebraska senate.

This land from ten townships surrounding Lincoln has been sold in the course of the last three decades for approximately \$195,000—and sold illegally, the committee says.

"It is our conviction that these lands are the property of the state," the committee concludes, "and that immediate action should be taken to retain and retain possession of the same."

The report was in compliance with a special communication from Land Commissioner G. L. Shumway to the senate and the house of representatives, requesting that these branches investigate and give him an opinion as to whether the lands sold should be still considered as belonging to the state.

The senate message was referred to the committee on school lands and funds, of which Senator John A. Robertson of Holt is chairman. Other members are William Soost of Cedar, W. L. McAllister of Antelope, Charles W. Beal of Custer and Willis Wilson of Frontier.

The committee found that saline lands, selected and confirmed under the constitution of Nebraska, totaled originally 45,594 acres. About 17,500 acres were sold by Governor Butler without legislative action.

The Bates bill to legalize boxing in Nebraska, House Roll 22, was killed Thursday morning for the want of only one vote. It was killed in committee of the whole in the House by a vote of 48 to 47. Five members were absent when the vote was taken. They were Auten, Beal, Cronin, Harris of Buffalo, and Todd.

In the defeat of the Andersen bill, H. R. No. 9, which failed of passage in the house Thursday afternoon, the proposition to sell off the state's school lands, met the same fate that has always befallen it at previous sessions of the legislature. This time, however, it came nearer going through than ever before.

Had it not been that the house, just previously to voting on the Andersen bill, had passed the Bates measure providing for a redistribution of 10 per cent of each semi-annual state school apportionment, giving to each county an amount proportionate to the acreage and value of its school lands, the sale proposal would undoubtedly have carried. As it was, H. R. No. 9 lost with 48 votes for it and 49 against.

The Bates bill, H. R. 297, passed by the vote of 58 to 33. Many of the votes for the Bates measure, fearing to antagonize it lest in doing so they might arouse more antagonism to their own plan.

It seemed to be the majority sentiment of the house that the passage of the Bates bill takes care of the western and northern counties where there is a large acreage of school

lands, by assuring to them an income equal to what the taxes would be on those lands if they were privately owned.

PERU STATE NORMAL NOTES

Several faculty members are in Kansas City this week attending meetings of various departments of the National Educational Association.

On the evening of February 22 the girls of Mount Vernon Hall gave their annual reception to all friends. The halls were beautifully decorated with the national colors and many of the girls wore colonial costumes.

The basketball team returned Sunday from a week's trip. The boys did good work this season, winning eight out of twelve intercollegiate games and maintaining a reputation for fast and clean work.

Mrs. H. W. Calvin of the Department of Home Economics at Wash-

ington, D. C., lectured Tuesday evening before the Science Association. At chapel Wednesday she gave one of the most interesting talks we have heard this year.

The class in parliamentary law, under the direction of Professor Gregg, gave us last week a very interesting dramatization of our own state legislature. On Monday the class assembled on the chapel platform under the guise of the house of representatives, and we witnessed the introduction and passage of a bill. On Friday we had the pleasure of seeing the same bill pass the senate. Both programs were very instructive as well as highly entertaining.
