

The WEEK'S DOINGS

Celebrate July 4th in Scottsbluff.
Mrs. Charles Owen is quite ill with an attack of la grippe.
The real estate, cattle and insurance firm of Mailey and Jeffers advise that business with them is booming. The sale of a quarter-section of fine Box Butte county land this last week, together with plenty of insurance business, makes them feel optimistic.

M. M. Kelley of Bridgeport, state agent for the Security Fire and stock insurance company, and L. M. McClelland of Lincoln, state agent for the Sick & Accident Insurance company of that city, were in Alliance and surrounding territory last week. They are represented locally by Mailey & Jeffers.

No more than fifty memberships allowed in the "White" Progressive Club.

Walter C. Weiss was first assistant chief clerk of the Nebraska House of Representatives at the 1917 session. He is also a member of the Democratic state central committee. In a letter to The Herald this week he says, "Would like to look over your wonderful western Nebraska, but am more likely to see beautiful France." Which means, of course, that Walter has registered and being without exemptions is liable to be called to the colors. If he makes as good a fighter as he is assistant chief clerk, the Germans had better watch out for him.

H. M. Bushnell, Jr., secretary of the Alliance Commercial Club, came into The Herald office one day this week and asked to see some samples of "invitations." Naturally, we supposed they were wedding invitations, and quizzed him regarding them. He advised us that he had "wedding insurance." In explaining he stated that he had kept all of the invitations sent to him during the past several years and that he intended to send one, when his time came in the distant future, to each and every couple to whom he had been obliged to send a wedding present, with the expectation of having a whole household full of furniture, etc.

Nine bottles of Scotch whiskey were stolen from a box in a Burlington freight car, and seven bottles from another case, probably all the thieves could carry. Special Agent Burke of the Burlington immediately got busy on the case and succeeded in finding a quantity of liquor bearing the same labels and corresponding in other respects.

Frank Neil, employed on the Burlington tip-track force, was arrested Saturday morning and \$10 for being intoxicated. He had a quantity of liquor stored under the rafters at his rooming house.

Twenty-five cents will put a new "White" Rotary Sewing Machine in your home on the easy payment plan.

P. L. Dodd, division agent for the Adams Express company, left Saturday night for Salt Lake City to assist in placing the service of the Adams Express on the line of the Western Pacific railway company, effective July 1. September 1 the Adams Express company will acquire the lines operated by the D. & R. G. railway company, and this will give the Adams people a coast-to-coast service. Agent Tinkcom will look after important matters in the territory during Mr. Dodd's absence.

Mrs. P. L. Dodd and children left Sunday for Lincoln where they will visit relatives during the summer vacation.

FURNISHED ROOM for rent. 315 Niobrara. Mrs. John H. Carroll. 28-1f-8415

Mrs. M. M. Reynolds returned from Casper Thursday.

Mrs. C. A. Newberry and children left Tuesday for Omaha and Chicago.

An Alliance business man who has a new car, one of the finest made, took a number of the boys to Scottsbluff Sunday afternoon to attend the ball game there between the team from Alliance and that of Scottsbluff. On the way home the autos carrying the bunch were unfortunate enough to get mixed down where some energetic Scottsbluff county farmer had "irrigated" the roadway. The Alliance auto owner all but lost his temper and did temporarily lose confidence in his car when it refused to become a German submarine and pull itself out of the mudhole. We understand he is now planning on equipping the car with a periscope and a propeller and rudder so as to be ready in the future to travel land or seas (of mud).

E. J. Straub and wife of Galesburg, Ill., are visiting W. M. Weidenhamer and family.

Mr. and Mrs. H. C. Gantz left Wednesday for Omaha, Kansas City and Denver.

Mrs. Robert Gavin visited in Alliance Wednesday between trains with Dispatcher Gavin and family. Mrs. Gavin and children were on their way to Dalton, where they will make their home.

Mrs. Jerry Madden and daughter returned Wednesday to their home at Sheridan, Wyo.

Jos. Duhon was at the court house Wednesday of last week. He came in to bring in the registration returns from Lawn precinct. After keeping the registration place open until midnight he drove six miles to catch a train to Alliance. He is one of the well-known and prominent farmers of that part of Box Butte. Returning, he reached Marsland and then walked six miles before he went

to bed. When it is considered that all this was done without pay and this added to the fact that he was born in Bohemia, one cannot help but express admiration for a man of this type.

Do you know what 25 cents will do?
Mrs. Robert Holden of Sheridan, Wyo., returned home Tuesday.

Mrs. Dan Fitzpatrick and children were Denver visitors the first of the week.

Do you know what 25 cents will do?

The Haddorf Music House has secured the room in the Alliance hotel used as a private dining room, and will add this to the regular store room. The interior is being remodeled and refurnished and when completed the Haddorf people will have one of the finest display rooms for pianos in the country. The Alliance hotel grill room will be moved into the room until recently occupied by Homer Wilson. The Grill room is being handsomely finished and will be more convenient than the old one.

Twenty-five cents will put a new "White" Rotary Sewing Machine in your home on the easy payment plan.

Mrs. J. S. Adams and daughter returned today to their home at Ellsworth. Mr. Adams, who came up with them Wednesday, left on the afternoon train for Oshkosh, on business.

T. E. Stevens of Omaha, president of the Potash Products Company of Hoffman, was an Alliance visitor, Monday.

Messrs. Becher, Hockenberger and Chambers, of Columbus, Nebr., were in Alliance last week on business connected with their ranch holdings twelve miles north of Alliance. This is the land they purchased last fall

from W. S. Acheson. It was the first time they had viewed the land and were highly pleased with the country and the prospects of another bumper crop this year.

Do you know what 25 cents will do?

Engineer A. P. Gordon went to Denver the first of the week.

Penrose E. Romig returned from Omaha Wednesday on 41.

Robert Hunter of Hemingford, son of James Hunter of Alliance, was operated on Monday at St. Joseph's hospital for appendicitis. He

is getting along nicely and expects to be out in due time.

Mrs. J. A. Johnson left Sunday for Kansas City and points in Illinois. She expects to be away several weeks.

Bert Duncan went to Casper, Wyo., Sunday for a several days' visit.

Mr. and Mrs. Eugene Hall made a trip to Bonner Sunday.

William LaMon spent Sunday in Scottsbluff.

Mrs. J. H. Hull and children left Thursday for Des Moines, Ia.
