

News of Interest to and Pertaining to Railroad Men

In connection with the Red Cross movement which is being carried on with such success among the railroad men of Alliance, Dean Shaw addressed a gathering of about three hundred employees in the Burlington machine shops at one o'clock Tuesday afternoon and explained to them the reasons for soliciting the subscription and the use to which the money is being put. The railroad men are composed of Superintendent Weidenhamer, captain, Trainmaster F. G. Gurley, Chief Dispatcher A. V. Gavin, Master Mechanic J. G. Dole, Roadmaster J. T. Gilmore and Chief Clerk A. V. Arnold, lieutenants. This team is meeting with very good success in the matter of contributions and it is expected that the amount collected will exceed the amount which was allotted to the railroad employees. There is considerable friendly rivalry among the lieutenants, each of whom represent a different department, as to who will be able to turn in the largest amount.

RED CROSS

NEEDS OUR UNITED SUPPORT

The History of the American Red Cross Has Been One of Self Sacrifice

History, ancient or modern does not record the deeds of another organization like the American Red Cross. The work of this charitable organization is just as important as that of the men in the first line of defense, the fatality list of the Red Cross in active operation on the field of battle is just as large as that of the artillery or infantry. But unlike any other branch of the service, the Red Cross must be financed by the free-will offerings of the American people.

**Box Butte County Must Raise \$7,000 This Week.
The Country Will Raise \$100,000,000
What Are YOU Going to Give**

The Boys will soon be marching away, the tramp of the armed forces will soon be followed by the belching of artillery fire; the American troops---many of them from Nebraska and Alliance---will be facing this blast which has claimed countless thousands during the past three years.

Thousands of young men have been saved by the untiring work of the Red Cross in the field and thousands of Nebraska boys will be saved. But to do this work the Red Cross must have funds and the funds must be raised by the people of Box Butte county, of the state of Nebraska and of the nation. As a part of the great force that is to finance the Red Cross work you are asked to contribute, one dollar, two, five ten, a hundred or as much as you can afford. The funds are placed in the hands of the treasury department of the United States—an official receipt is sent you direct from Washington. You can make your donation and play your part in this greatest of all wars right here in Alliance—by donating to the Red Cross.

Do it now, before the reports of the dead and injured are ringing in your ears—then it may be too late to save the young men who are going forth in the faith that they will be cared for by your donation.
